## BOWERMAN TELLS WHAT HE WILL DO

Republican Nominee for Gov-  
ernor Pledged to Needed  
Reforms.

On the morning following his nom-  
ination, Acting Governor Jay Bower-  
man, Republican nominee for Gov-  
ernor, gave out an interview in which  
he defined his position with regard  
to important questions with his cus-  
tomary positiveness. Aside from declar-  
ing for an economical and business-  
like administration of state affairs,  
Mr. Bowerman promises the people  
of the state other necessary reforms.  
He agrees to use his best efforts  
towards securing to the people the  
full and immediate benefit of the  
state's resources. His statement fol-  
lows:

"I wish first to express my sincere  
gratitude to the many friends who have  
given me such loyal support through-  
out the state. I feel that this nomina-  
tion is an expression of confidence  
in me—a confidence which I shall  
earnestly endeavor fully to justify  
after my election in November.

"The contest which has just closed  
has been devoid of unpleasant fea-  
tures and my relations with the other  
candidates and their supporters have  
been at all times entirely friendly.  
Each of my opponents conducted an  
honorable and vigorous campaign. I  
hope that I shall not only receive the  
support of my opponents, but of a  
united Republican party.

"In the primary campaign just  
closed, I publicly declared that if elect-  
ed, I would give to the people the  
most efficient economical and busi-  
ness-like administration within my  
power. To be more specific, I refer  
to the administration of the state in-  
stitutions in which about \$800,000 of  
the taxpayers' money is expended an-  
nually; the management and control  
of those most valuable rights pertain-

JAY BOWERMAN.

ing to the tide lands, shore lands and  
other state lands, the lending with  
proper security of the irreducible edu-  
cational funds which now amount to  
more than \$6,000,000, and the use of  
due care in the selection of the large  
army of state employees.

"Pull" Will Win No Job.  
"I wish to reiterate my previous  
statements relative to the changes I  
contemplate in the method of purchas-  
ing state supplies, the adoption of  
which will result in the saving of a  
large amount of money. While filling  
the office of Governor of this state I  
have indicated to many of the state's  
appointees and officers, who hold by  
appointment, that their time belongs  
during the business hours, entirely to  
the state and that they have no right  
to devote it to political activity in the  
interest of anyone. I shall not re-  
tain an incompetent officer or em-  
ployee on account of any political  
"pull" he may have, nor dispense with  
efficient service for the lack of it.

"As a member of the State Senate I  
used every effort to assist in drafting  
and passage of our present railroad  
commission statute. There are in the  
state other large concerns of a public  
nature that are under no state regula-  
tion. I refer to the electric light,  
power, railway and gas companies. I  
shall favor, and, if possible, secure the  
adoption of a statute that will give to  
the public the same redress and pro-  
tection now enjoyed under the railroad  
commission law, and I shall make it  
my particular business to see that  
these statutes are rigidly enforced.

"I shall oppose the creation of any  
unnecessary board or commission, but  
I consider it highly important that  
these public utility corporations be  
regulated by a comprehensive statute  
to be enforced, either by a special  
commission created for that purpose  
or by the railroad commission after  
its powers have been sufficiently en-  
larged.

"I shall favor, and, if possible, se-  
cure the enactment of a statute that  
will prevent the 'watering' of corpo-  
rate stocks.

## State Should Control Resources.

"I most emphatically favor the  
regulation and the control of the  
natural resources of the state in the  
interest of the people of Oregon. It is  
not in the interest of the people of  
the state to continue a policy which  
has already resulted in the destruction  
of millions of dollars worth of our  
timber; which has prevented the set-  
tlement of large untimbered areas  
within the forest reserve; which has  
driven large numbers of settlers from  
our state; increased the burden of  
taxation and retarded development.  
The actual regulation of these matters  
should be vested in local authority un-  
der suitable restrictions prescribed by  
the Federal government.

"I am in favor of the direct primary  
law and will veto any bill which at-  
tempts to repeal or emasculate it.  
Concerning other matters of public  
importance, I shall have more to say  
during the progress of the campaign."

## ICED PICK HANDLES NEW COMMODITY

New York came near being treated  
to an innovation in that plebian  
commodity, pick handles, last week  
when a car of these useful but unre-  
sponsive articles were put under lee  
at the Apple Growers' Union.

The car, which was a refrigerator,  
had been loaded with pick handles in  
Portland for a Hood River dealer  
and in some unexplainable way got  
mixed with the empties being led for  
the apple shipments of the union.  
The first consignment of pick handles  
placed under lee to keep them is ac-  
credited to J. E. Clark, floor boss for  
the union, and Mr. Clark was asked  
some soul trying questions by his  
fellow employees as to the cause of  
his slip of memory.

Just how leed pick handles would  
be taken in the big metropolis at  
this season of the year is not, of  
course, known, but it is rather opted  
that they wouldn't be appreciated.  
With the weather in the 90s during  
the month of August it is thought  
that the laboring element would  
have unconditionally approved of an  
ice-cold pick handle being handed out  
to them. At this season of the year,  
however, it is commencing to get  
pretty frosty in Gotham and it is  
believed that they would have proved  
unwelcome.

## A PUZZLING PINE.

Peculiar Tree That Is Something of a  
Mystery to Botanists.

Upper California is the home of a  
tree that has puzzled botanists. It is  
a pine which will grow only near the  
seacoast. Its growth is slow, and it  
does not attain to great size.

The strange thing about it is that  
there are, to all appearances, insur-  
mountable difficulties in the way of  
the perpetuation of the species. Some  
specimens of it exist in Kew gardens.  
In London. They have been carefully  
examined by competent authorities,  
and all admit that the tree presents a  
problem unlike anything elsewhere  
met with.

This pine produces at regular inter-  
vals the usual cones containing seeds;  
but, strange to say, the cones are so  
thoroughly protected that the seeds  
cannot be released. The cones are  
hard and tightly closed and have  
strong overlapping scales.

More extraordinary still is the fact  
that the pine, after producing its al-  
most invulnerable cones, keeps them  
hanging on its branches year after  
year. Unless through some peculiar  
accident the seeds would apparently  
remain attached to the parent tree for-  
ever. Many of the cones on the trees  
in Kew gardens have been there for  
years, as is shown by the size of the  
branches and the formation of the bark.

It has been found that the seed ves-  
sels which this tree so powerfully re-  
tain are so well protected that it re-  
quires a strong knife with the assist-  
ance of a heavy hammer to cut the  
cone into sections. No ordinary con-  
ditions of temperature can make a  
cone open.

The following is the only explana-  
tion yet offered that seems to have any  
degree of plausibility: The species  
may be perpetuated by fire. One who  
has studied the tree asserts that noth-  
ing but the intense heat of a forest  
fire could compel the cones to release  
their seeds. It has been found that  
under the influence of intense heat  
they crack open and the seeds fall  
out uninjured.—Harper's Weekly.

## MARRIED

A quiet but interesting wedding  
took place at the home of S. L. True  
near town Wednesday evening, when  
his daughter, Miss Hazel, was mar-  
ried to Jesse Dunn. The ceremony,  
which took place at 8 o'clock, was  
performed by Rev. J. H. Hargreaves.  
The wedding was attended by the  
relatives of the bride and groom  
only. Mr. and Mrs. Dunn are living  
on the heights, where they are keep-  
ing house.

For Sale—Brand new visible type-  
writer, \$85. Try it a week. A. Wil-  
son, Mount Hood depot.

## WEST GREET'S VOTERS ON STREET CORNER

Oswald West, Democratic candi-  
date for governor, spoke to a small  
but enthusiastic audience at the cor-  
ner of Second and Oak streets Fri-  
day evening. Mr. West came here  
Friday from Condon where he had  
held a meeting, and expected to ad-  
dress his audience in the Commercial  
Club assembly room.

Owing to the fact, however, that  
so few showed up it was thought  
that he would do more effective work  
by speaking on the street. He se-  
cured an automobile and drove to the  
street corner where he was intro-  
duced by A. J. Dorby, Democratic  
state central committeeman.

Mr. West confined his arguments  
to attacking the corporations which  
he stated his opponent, Jay Bower-  
man, represented in his candidacy  
for governor and promised if elected  
to use his powers as governor in the  
interests of the people and against  
the trusts and machine politics.

As he wanted to take a belated  
train for Portland his talk was a  
short one and he left for the train  
after shaking hands with a number  
who had gathered to hear him.
