

SHERIFF SURPRISES POKER PLAYERS

Sheriff Warner, Deputy Smith and Wm. Darch, prosecuting attorney, sprung a surprise on a bunch of the boys by raiding Geo. Brantner's joint at Bligen in the early hours of last Sunday morning. At the tables were men playing poker, the rattle of the chips and money intermingling with the clink of glasses and the pop of bottles. The boys were non-plussed, the jackpot withered, and they even ceased discussion of the White Salmon-Bligen controversy over the naming of the station. They held the cards, but the sheriff and his party had the lead. While the sheriff kept Brantner interested, Smith and Darch took their bunch up the hill and to Justice A. B. Groshong's residence, where they routed him out of bed, and at 3 o'clock in the morning the court went into session. The seven men answered the charge of gambling by pleading guilty. While the fine in superior court would have probably not been less than \$250, the justice gave them \$10 each, for some of them were men of family in White Salmon. Brantner was then brought up and he plead guilty to the two charges of running a gambling house and selling liquor contrary to law, for Kliek-tat is a dry county. He was fined

\$100 for each violation. Had his case gone into superior court the fine would not have been less than \$1,000 or a jail sentence of a year. The school fund is richer by \$270, and a notorious joint broken up by the successful raid of the county officers.—White Salmon Enterprise.

Did Not Give Commission Hearing
C. B. Aitchison and Thos. K. Campbell, members of the State Railroad Commission, came here Saturday and went to Parkdale to hear the complaint of the Upper Valley Progressive League against the Mt. Hood Railroad, which was filed some time ago. The league had been notified several days ago that the commission would be here, but it failed to appear against the railroad, saying that it was not ready. On this account the hearing was carried over to December 5th, the railroad commissioners stating that that date was the earliest that it could be heard. The commissioners were a little annoyed at the members of the league for not accordng them an opportunity to get the information they wanted, after they had taken the trouble to come here.

The complaint was filed by the league in objection to the service furnished by the railroad company. It is understood that since the company has improved the service the complaint will be withdrawn.

WHY NOT WOMAN'S SUFFRAGE IN OREGON

(An address given recently at the Y. M. C. A. hall in Portland by Clarence True Wilson, D. D.)

When two armies face each other in battle the army of aggression, before it can engage the main body, must drive in the skirmish lines of the enemy. The woman's suffrage propaganda has thrown out certain skirmish lines in the public thought and these must be driven in before we can come to the main argument. First, then, those who claim that the ballot is woman's right quote from the declaration of Independence that "Taxation without representation is tyranny." But the quotation is not in point, for that sentiment was uttered with no possible reference to individual voters, male or female. It was a declaration of the representatives of the thirteen colonies that unless these colonies could have a representative in the parliament and in the cabinet to protect their interests, King George should not ask us to pay duty. It has no reference to the casting of ballots, for men voted in every colony, but it was a declaration that one government ought not to tax another without due representation.

PROTECTION FOR WOMEN.
In order to make it refer to woman's suffrage it would have to be proven that women are not now properly represented by their husbands, fathers or brothers; that the government does not protect them in their property interests, and that they do not get value received for their money.

The question of voting has no reference to the paying of taxes. We pay our taxes in return for the protection to life and property, by the laws of a civilized nation. Some men who have no property vote and many who have no vote pay large taxes. Numerous young men and women, heirs to large estates, pay immense sums in taxes, but have no vote. Persons residing in foreign lands or who have lived in this country only a few years pay taxes, but have no vote. In fact, voting has no reference whatever to taxes.

VOTE FOR CHAPMAN FOR COMMISSIONER

Statement regarding the improvements he will work for if elected:

I will favor putting iron railing on grade on the east side from the city limits to the top of grade wherever there is danger of loss of life or property.

I am in favor of continuing the macadamized roads on both sides of the river so far as the road funds will permit.

I am in favor of commencing last- ing road improvements in the upper Mount Hood settlement.

I am in favor of appointing road supervisors over the several districts that understand road building, (who will work as well as boss), regardless of their politics.

I am in favor of road supervisors signing their resignation to the county board when they enter upon their duties, so in case their work is not acceptable their resignation can be accepted without complaint.

I am in favor of paying good wages to county laborers, but will discharge the road boss who will permit his men to kill time because it's a county job.

If this is to the interest of the county put an X at No. 65.

—adv. N. T. CHAPMAN.

DALLES MAN KILLED IN AUTO ACCIDENT

Henry Meyer, a rancher who resides just south of the city limits, was killed as the result of an automobile accident Wednesday. His brother, Julius Meyer, was badly, though not dangerously, hurt. Julius, accompanied by his brother, was driving his own car on Ninth street, when the machine began swerving from side to side. The man at the wheel became excited and cramped the wheels suddenly, overturning the auto, which turned over three times, landing on top of Henry Meyer, who was injured internally and died at the hospital a few hours later.

Car of Wheat in River

The crew of freight train extra number 343, west bound, Thursday night had an experience one mile east of Briggs, which is so much out of the ordinary that it has been the principal talk of railroad men since. When the train reached the place mentioned, a car of wheat, which was the first car behind the engine, suddenly left the track, cut itself entirely from the train and plunged down the embankment into the river. All the work necessary for the trainmen to do was to again connect up the train and resume their run, after a delay of only forty minutes. No passenger trains were delayed.
