## STATES LAVA BED WATER IS AVAILABLE

Editor Hood River News: In a recent issue of the Glacier I notice that Mayor D. McDonald states in a reply to Secretary White, of the state board of health, that the lava bed springs are not available for domestic purposes by the citizens of the city of Hood River and the citizens of the valley.

I desire to state that this water is available for the city of Hood River as a municipal water supply, notwithstanding Mayor McDonald's statements to the contrary, and I agree fully with the secretary of the state board of health, Calvin S. White, who recently made a full survey of the Tucker spring water and the lava bed water, that the Tucker spring is liable to contamination as Mr. White states, by virtue of the large water shed lying above it and the clay soil through which it drains, and that this condition is impossible in the lava bed water. The fact that the Tucker spring is insufficient as a supply for the growing city, as stated by Mr. White in his report, and that the city would hardly be justified in spending from \$125,000 to \$150,000 in piping into the city, is becoming more and more apparent. I am not suggesting the disposition of the lava bed water to the city but desire to state again that it is available. G. D. WOODWORTH.

### PINE GROVE

Will there be a Christmas program at the church? We hope so.

Mrs. G. H. Riddell is visiting her daughter, Mrs. Edward E. Lage.

Mrs. Emma Brosi and daughter, Helen, were Pine Grove visitors Sunday.

Miss Peck was recently called east on account of the serious illness of her brother.

Mrs. Sweetland is spending the Thanksgiving vacation with relatives in Salem.

A large crowd attended the Thanksgiving ball at Grange hall. All report a good time.

Mr. and Mrs. Chester Sears spent Thanksgiving with Mrs. Sears' sister, Mrs. Ed Hawkes.

Mr. and Mrs. Joe Jarvis and Miss Luella Hunt visited in Portland and Washougal the past week.

The teachers all left for their homes last Wednesday evening to spend their well-earned Thanksgiving vacation.

Although the weather was bad, the majority of Pine Grovelites attended the fruit fair the latter part of the week.

Frank Deem and wife, also G. M. Smith and wife, are spending the winter at their old homes in Missouri and Iowa.

B. H. Lage, wife, and daughter, spent the past week in Portland, returning by way of Blingen, where they visited Mr. Lage's sister, Mrs. Henderson.

Among those spending their Thanksgiving vacations at home are Bliss Clark, Willie Clark, Arline and Edith Minchell, Ned and Marlon Van Horn and Harriet Allen.

Harry Jarvis, tired of Oregon mud, started south, headed for Mexico. We know not where he will land, but know that wherever it may be he will be glad to get back to Hood River.

The second entertainment of the Lyceum course, under the auspices of the Grange, given by Miss Bess Morrison, was much enjoyed by those attending. Those not present surely missed a treat.

Pine Grove is proud to know that the two cartloads of apples, Spitzenbergs from C. H. Spront's and Newtowns from the Avery orchard, the prize winners at the National Apple Show at Spokane, were grown in our part of the valley.

The Thanksgiving exercises given by the pupils of Pine Grove school were largely attended and very much enjoyed by those present. The program plainly showed the careful training by our proficient corps of teachers. Our school is doing better than for some time past. Perfect harmony seems to reign supreme. Confidence in a successful year of school is felt by the patrons, with Mrs. McLaughlin at the head and her able assistants, Mr. Long and Misses Bailey and Broadhead, keeping in close touch with their work. We hope to enjoy other programs this year.

M. with six members, and the promise of more members soon. Mrs. Benton organized a Y. P. S. C. E. She is a very active worker and was a great help to the young people, starting the new society with 14 active members. The first rally held in Mosier was voted a success.

Wednesday afternoon the school of district No. 52 had Thanksgiving exercises. The school assembled in Mrs. Gove's room at 2 p. m. A large number of parents and patrons were present. After the entertainment, all were invited to the lunch room, where light refreshments were served and where the exhibit work of the pupils was on display, our school taking third prize in exhibit work at The Dalles fair. Speeches were made by teachers and patrons, and all left feeling proud of their school.

## HOOD RIVER WON THANKSGIVING GAME

The football game Thanksgiving day between the Hood River Athletic Club and Stevens Athletic Club of Portland was won by the Hood River aggregation, the score being 11 to 0. The game, which was intensely interesting, was held at Chapman's park, the new athletic grounds in the grove north of the O. R. & N. tracks, and was attended by scores of enthusiasts. It was a hard fought game from start to finish. Hood River's back field, consisting of Garrabrant, Coshaw and St. Clair, was very fast and lost no opportunity for good work. The work of Kent, Sexton, Grant and Hartley was exceptionally good. In fact, the entire team was in good

trim and was as a solid wall against the Stevens attack, and at all critical points there was no sign of swerving. It was far and away the best game of the season so far. The Athletic Club is feeling elated over the football conquests made thus far and is looking forward to the coming games.

In an interview with the Portland Journal members of the Stevens team say that "the bunch from the apple orchards is one of the best minor teams in the state. They will give any of the Portland teams a tussle." A novelty was exhibited at the Spokane Apple Show by the Vineland Nurseries Co., of Clarkston, Wash., in four boxes of Red Gravensteins raised on Orcas Island. They were true Gravensteins in every way except color, and were in fair condition considering the altitude at which they were raised.

## HOOD RIVER APPLES NEAR PERFECTION

The apple show just pulled off in Hood River transcends all displays held in the past and demonstrates that perfection, that elusive thing said never to be attained, is about to abdicate her throne and lay the diadem on Hood River's brow, admitting that natural advantages, brains and a specialized industry have fairly won. There has never been an apple fair held under the light of the living sun that can approach it and it is safe to say there never will be on this round globe outside of Hood River.

The National Apple Show held at Spokane was much larger and with few exceptions, unworthy of competition with our present display, which clearly demonstrates and emphasizes the fact that we never have and never will follow a winner home.
