The Paris Fair, The Store That Saves You Money

CURRENT DOINGS IN CHURCH AFFAIRS

Valley Christian Church Notes

The congregation met on Thursday evening to consider a pastor for another year. The meeting was largely attended and harmonious. Some excellent speeches were made and Mr. Peart, the present minister, was kindly asked to return for another year.

Things are moving along in the church and the prospects for substantial work are bright. All departments of work are being organized, which puts the church in better shape for aggressive work.

The Live Wire bible class met at the home of Mr. and Mrs. Boyce for its third social event. Twenty-nine persons were present. It seems that no kind of bad weather can keep the

people away. A flash light picture was taken of the class by Ray Kinley. Games and music were in evidence during the evening, so there were no dull moments. The lunch was excellent, and Mr. and Mrs. Boyce showed the people a very fine time. The class is growing and doing excellent work. On Wednesday evening it will be entertained at Dr. and Mrs. E. B. Wright's and on the evening of St. Valentine's day at the home of Mr. and Mrs. W. E. Cauler. There will be a big time at each place.

The Ladies' Aid Society met at the home of Dr. and Mrs. E. B. Wright on Thursday afternoon. The day was ideal and brought out a very large attendance, there being thirty-five ladies and five gentlemen present. A man does not realize what a small, little, insignificant creature he is till he finds himself surrounded by thirty-five women. Say, if the good Lord was to put woman into a deep sleep and take out her tongue and make man out of it, why he would be a steam callopie. Don't tell them that I said this, or I may see stars before I am ready. At 4:15 the lunch appeared and said: "A little while and ye shall see me, and a little while and ye shall not see me." And the people said: "Never mind; we would rather have you where we can't see you." And, behold, it was so. The afternoon was pleasantly spent and all had a fine time and left with a good word for the hostess. The society will meet at the home of Prof. and Mrs. Wm. Ahlgen on Feb. 16th.

WHITE SALMON

(From the Enterprise)

Because of a disagreement in wages, a force of seventeen Japs left the Glavis ranch on Friday, and the small army of little fellows went over to Hood River to work at \$2.25 per day. Mr. Richardson, the efficient foreman of the ranch, still has a force of about twenty men at work.

On Feb. 11th the quarterly meeting of the Mid-Columbia Odd Fellows will be held at the local hall in White Salmon. Four degrees will be worked, followed by a big supper. This association is composed of the Odd Fellows lodges of Hood River, The Dalles, Stevenson, Goldendale, Garson, Cascade Locks and this place.

One of the horses of Chas. Spencer's \$700 team got out of the barn Sunday night and wandered into the yard back of the Neal house where it fell into the cess pool, the planks giving way. The animal was pulled out and was apparently all right, but an hour or so later dropped dead, presumably from a ruptured blood vessel. This was considered the best team in the valley and was used on the Spencer ranch.

The Grange of this place has passed a resolution favoring the proposed eight-hour law for women. In other fruit districts we have noticed that the Grange has been opposed to the bill on the ground that it would be a disadvantage in the picking seasons when labor is scarce. As we have not seen the bill comment as to the justice of the same cannot be made. It may affect only those in factories and stores, and in that case is all right.

By a unanimous vote on Saturday the White Salmon Irrigation District decided to indefinitely postpone the selling of bonds for their Buck Creek project. Engineer Stannard outlined the system of pipe lines, two reservoirs, and pumping plant to raise to Babelger hill. He pronounced the Buck Creek supply adequate, as it had a fall of over 6,000,000 gallons every 24 hours. The system, he said, could be put in for \$80,000.

Ever since the middle of last week W. C. Hunter, the merchant, has been in a precarious condition from blood poison, due to the prick of a silver in one of his fingers. Over a dozen incisions were made in his arm all the way from the wrist to the shoulder, to counteract the infection. His condition was so serious that Miss Edith Gill, a trained nurse, was brought from Hood River. At this writing the gentleman is improving slightly.

The Fruit Growers' Union is endeavoring to secure a spur track from the S. P. & S., in which event an apple house will be erected down the dock. Mr. Ziegler says they have a good site there and an abundance of water could be furnished by gravity. If unsuccessful, the Union may try to make arrangements with the Hood River Union for the handling of apples to be held in storage, shipping the apples for immediate sale through the White Salmon station.

Petitions are out for a division of Klickitat county and a small part of Skamania county. The portion as to territory reads as follows: All that portion of the present county of Klickitat lying west of the range line between ranges 13 and 14, east, and that part of Skamania county lying east of range line between ranges 9 and 10. This would start at the east line of the new county a

short distance beyond Grand Dalles and thence straight north to Yakima county. That portion of Skamania county to be taken in is the small jog that laps into Klickitat and generally known as the Underwood country. A number of the Underwood people have expressed a desire to come into a new county as it would be convenient for them, and at the same time they would be a part of a county that would become famous for its fruit.

T. Wyers has made a contract with the Klickitat Development Co., of which W. R. King of Portland is manager, to do its staging and freighting between White Salmon station and its camp eight miles north of Glenwood. Already fifty men have been taken through and the camp may employ 150 men during the summer, in which event the stage line will run two stages daily. This is an important contract for it means a lot of business going through the place. Heretofore it has gone through Lytle, where a stage line was put on just on the strength of this business. Camp Mystery is the name given to the camp on the head waters of the Klickitat river, where men have been making ditches, digging holes, grading, etc., for the past year, but no one knows for whom or for what purpose. It is surmised that it is for power purposes as it is backing the Horse Heaven Company in the same district.

Transfer Honor to Dufur

The Pendleton East Oregonian remarks: "Representative Gill, of Hood River, has a plan to have the speaker of the house of representatives chosen from outside the house, but by members of that body. He thinks this plan would do away with trading. But would it do so? Might it not be a jump from the frying pan into the fire?"

[We are compelled to call the attention of the East Oregonian to the fact that Hood River has troubles enough without fathering the author of the above bill and that we transfer this unexpected honor to Dufur, where it belongs.—Ed.]

Christian Church Revival Meeting

The revival at the Christian church continues with growing interest. The large chorus choir leads the congregation in a rousing service of song each evening. The special solos, duets and quartets bear a message to the hearts of the hearers. A special service has been announced for Thursday evening. The subject will be "Mother and Home." Miss Tidd will sing "The Old Fashioned Mother."

Sunday afternoon a meeting for women only will be held at 3 o'clock. The revival will continue all of next week.

January Weather in Upper Valley

The weather record for January in the Upper Valley at the Mount Hood station showed that the coldest day was Jan. 23d, when it was 12° above zero. The warmest day was Jan. 7th, 55° above. Total precipitation during the month was 3.80 inches. Total fall of snow 26 inches; amount on ground Jan. 15th 8 inches amount on ground at end of month 11 inches. There were 7 clear days, 7 partly cloudy and 17 cloudy.—S. C. Babson, Government weather observer.

?

THE BEST POWER PUMP EVER.

This is what you are looking for isn't it: one that does the work with the troubles left out? You will have an opportunity to see just such a pump next Friday and Saturday from 9 a. m. to 5 p. m. at the Davidson Fruit Co's warehouse in Hood River. You'll regret it if you don't see the famous BEAN GIANT POWER SPRAYER No. 125 in action. Whether you want a power sprayer or not, it will pay you to investigate.

CUSTOM SPRAYING

If you can't buy a pump come and give us your order to do your spraying for you with this wonderful pump. We will contract to attend to your spraying at reasonable prices consistent with a first class job and you to be the judge.

NIAGARA LIME-SULPHUR
NIAGARA ARSENATE OF LEAD
BEAN POWER SPRAYING MACHINERY.

These are specialties and represent goods of unequal merit. Our selling agents for NIAGARA SPRAY and NIAGARA ARSENATE OF LEAD are:

Bridal Veil Lumber Co., Hood River.
Johnson & Hale, Van Horn Station.
Connaway Mercantile Co., Odell.

Send your order to the nearest dealer, but order a Bean sprayer from us next Friday or Saturday. With these three pest destroyers you can assure yourself a perfect fruit crop.

A request from you will bring our book, "Successful Spraying." It tells the WHY, HOW and WHEN of spraying.

Hood River Spray Mfg. Co.

HOOD RIVER or PORTLAND.
