

# IT IS NOT ALWAYS PURE LUCK

that tells where to make a good investment. Good luck may be a factor in making a wise decision, but by comparison it is not weighed in the balance with good judgment.

## Good Judgment Is Not Hindsight; It's Foresight

Perhaps you did not get in on some of the following investments by reason of an over-abundance of hindsight.

\$100 invested in stock of Munsey's Magazine **at the right time** would now pay you a **monthly** income of \$100 and have a cash value of \$12,000. \$1000 in this stock would have made you independently rich.

\$100 invested in Bell Telephone stock **at the right time** would be worth over \$200,000.

These are only two instances of where some one must have used foresight, and yet we can name dozens of propositions that have paid as well as these or better. We are proving each day that the old saying, that "a prophet is not without honor save in his own country" does not apply to THE OREGON APPLE COMPANY OF HOOD RIVER, for the sale of its preferred stock is meeting with instant success and that too with OREGON PEOPLE.

THEY KNOW WHERE THE BEST APPLES IN THE WORLD ARE GROWN

THEY KNOW WHERE GRADES AND PACK ARE SAFEGUARDED

THEY KNOW WHERE THE MOST CARE IS GIVEN TO APPLE CULTURE

THEY KNOW WHERE BUYERS PAY THE HIGHEST PRICE

If you cannot call at our office, phone 51-M or drop us a card and we will supply you with detailed information how you can own some of this stock on small monthly payments.

# The Oregon Apple Company of Hood River

21-22 Heilbronner Building

Hood River, Oregon

## J. H. Heilbronner & Co.

Are now ready for business in their new offices in.....

Preferred Stock, Heinz's 57 varieties Pickles, Krout, Mince Meat, Catsup, Apple Butter, Etc. Splendid line of canned Tomatoes and Corn at 10 cents

SOLE AGENTS FOR PURE WHITE FLOUR

...Your orders will receive our best attention...

## EFFORT TO PRESERVE PRONGHORNED DEER

Game Warden Rush of the Wichita Game Refuge in the state of Oklahoma, has informed the department of agriculture of the receipt in good condition of eight head of antelope, which came from the national herd in the Yellowstone Park. Through the generosity of members of the Boone and Crockett Club of New York funds were furnished for capturing and transporting these animals from Wyoming to Oklahoma. The news of the arrival of the antelope at their destination has been received with satisfaction by the department officials, who are much interested in the attempt to preserve this interesting game animal.

The pronghorned antelope is unlike any other antelope on the face of the earth and has so many peculiarities that naturalists class it in a family by itself. Formerly existing by thousands on our western plains it has now been so reduced in numbers that its absolute extinction is certain in the very near future unless protection is given to the few remaining. It does not do well east of the Mississippi river and cannot be successfully bred in captivity; but it thrives if allowed to roam practically free within large enclosures and under conditions closely approaching the natural ones.

In 1908 the biological survey estimated that the total number of antelope in the United States had been reduced to 17,000. Of these about 10,000 were in Montana, Wyoming and the Yellowstone National Park and the remaining 7,000 were distributed in 12 other states.

On the Wichita game refuge it is hoped that the antelope will find themselves in surroundings suited to their increase. The Wichita is really a national forest and Game Warden Rush acts as its supervisor and attends to all the business involved in its administration. But on the Wichita, which was set aside by act of congress as a national game refuge because of its especial suitability to act as a breeding place for the wild creatures of the plains and lower Rocky mountain regions, the importance of the game work has overshadowed the ordinary uses of a national forest. There are over 150 national forests but only two national game refuges.

## MAX VOGT LEAVES \$325,000 ESTATE

The contents of the will of the late Maximilian Vogt, uncle of Jos. Vogt of this city, were made public last week. The instrument was drawn on January 10, 1911, and was witnessed by J. C. Hostetler and Paul M. French. Mr. Vogt named as his executors to administer upon his estate District Attorney Fred W. Wilson and Hugh Glenn and it is provided that in the event of the death of either of the men named, the other shall act as sole executor.

Mr. Vogt left the sum of \$5000 to be devoted to the erection of a fountain for the use of the public at the intersection of Third and Washington streets in The Dalles, and names W. H. Wilson, A. E. Lake and W. L. Bradshaw as trustees to carry out the purposes of this bequest.

For the purpose of erecting a boys' school at The Dalles he left the sum of \$10,000. The school is to be under the authority of the Catholic church and to be of that denomination, and it is intended that it shall be managed in connection with the Sisters' school for girls which has long been established there.

In addition to the bequests named Mr. Vogt left to Hugh Glenn, a life long friend, the sum of \$5000 and to Rev. Father Alphonse Bronsgeest \$5000. The remainder of his estate goes to his legal heirs, consisting of Frank Vogt, father of Jos. Vogt, and the children of his lately deceased brother, Bernard Vogt of Arnberg, Westphalia, Prussia. The heirs will receive about \$200,000, one-half of which will go to Mr. Vogt's father.

As soon as the county court appoints the requisite appraisers the inventory of the property belonging to the estate will be taken.

**K. of P.s. Install Officers**  
Waucoma Lodge K. of P. held its installation of officers Tuesday evening and the occasion was made an enjoyable affair. The new officers are Arthur Clarke, C. C.; S. W. Stark, V. C.; V. C.
