

The Improved Bean Power Sprayer

Light Durable Economical

The latest improved model "BEAN SPRAYER" is exceptionally light in weight, but still is plenty heavy and strong to stand the severest tests. The efficiency and economical operation of the Bean Sprayers are the results of many years experimentation by men who have a practical knowledge of what are the important factors needful in a good spraying machine. Users of the Bean Sprayers for years past all attest to this fact.

The capacity of each machine is thoroughly tested before it leaves the factory and every pump is guaranteed to carry over two hundred and fifty pounds pressure with a capacity of supplying six of the very largest nozzles or twelve to sixteen of the ordinary type.

With ordinary care, our pumps will last for years. The upright cylinders are porcelain lined, which reduces the friction to a minimum. The

spray has no corrosive action whatever as is the case in brass lined cylinders.

The bell metal ball valves work on reversible seats machined on each side so that when one side wears they can be turned over, thus doubling their length of service.

The engine we use is the well-known Hooper-cooled Sprayer Engine. They are the best obtainable for the purpose, compact, easily handled, with a cooling system not subject to disorders nor danger from freezing. It can easily be removed for other work, by taking out four bolts.

Among the Many Points of Superiority of Our Pumps We Mention the Following

1. The all steel platform instead of the cumbersome and heavy wood beams and platform.

2. The compactness of our engine and pump. The pump is connected to our engine with a machine cut gear instead of the old-fashioned and long ago discarded belt.

3. The tanks are made of the best grade of red wood with an iron well for underneath suction, preventing air-lock, increasing the efficiency of the pump fully thirty per cent. It is so constructed that it cannot fall down when dried out.

4. The improved rotary agitator, direct driven by the engine.

5. Ball relief valve keeping pressure safe and uniform.

6. Low-down construction, making it easy to handle in any orchard.

Many other important and exclusive features of our pump that cannot be appreciated until you see our outfit, which will be on display at the corner of Third and State street in the warehouse of the Hood River Spray Manufacturing Company.

We are here to stay and have a large and complete list of repairs coming with our car that will be shipped on March first.

Every Outfit Fully Guaranteed. Do not Buy until You See Us

PLAINTIFFS STOP INJUNCTION SUIT

The hearing on the injunction suit against the city brought by Frank Parker, Dr. M. H. Sharp and H. C. Dietz to restrain it from levying a supplemental assessment for the State street improvement which was set for Saturday, was discontinued by the plaintiffs having filed notice of withdrawal. The plaintiffs were represented by Attorney S. W. Stark and the city by A. J. Derby.

Valley Christian Church Notes

A portion of the Loyal Sons met after church Sunday morning in an endeavor to organize an orchestra for the Sunday school. Quite a few of the boys play various instruments and it is expected to be a success.

The Ladies' Aid Society met at the home of Mrs. Shoemaker, twenty-five being present. The day was ideal and the ladies had a lovely afternoon. This is the most delightful Aid the writer had ever seen, no gossip, just heavenly, that's the way to put it.

The choir is putting up an excellent article of song. The anthems are of a higher order, there is some class to them. The personnel of the choir is as follows: W. E. Caulier and wife, Prof. Murphy, Mrs. Peart, Miss E. Thomas, J. E. Boyce, Miss M. Hasbrouck and Mr. Kludy. Mr. Caulier is the acting leader.

Miss Maude Hasbrouck organized her class of girls last week. The name of the class is the "Cheerful Workers" and the name is very apt. This is an important class of young girls and very promising. The president is Josephine Dart; vice-pres., Edna Thornbury; secretary, Erma Boyce and treasurer, Beatrice Boyce.

Some of the staid church goers were astonished Sunday evening to hear a loud war whoop from the back part of the church. The yell

Who are we?
Who are we?
Loyal Sons
Of the V. C. C.

issuing lustily from some of the leather-lunged members of the class.

A party of eleven young ladies met at the church Sunday afternoon for the purpose of organizing their Sunday school class. They selected "C. I. C." for their name, which designates "Class in the Corner;" their aim, "get the girl who's in a corner out of her corner into our corner."

Class colors, red and green. The officers, president, Miss Elizabeth Thomas; vice-pres., Della Smith; sec. treas., Grace Sherrill. E. W. Sweeney is to be the teacher.

The members of the "Live Wire" class are much alive. On Wednesday evening they assembled at the home of Mr. and Mrs. Zeek, forty strong and had a rousing time. Games, discussions music, tales, true and not true, were fully told in abundance. Here is our yell:

Who are, who are, who are we?
Live wires, live wires, don't you see.
We are in the King's business, watch us grow.

We'll have a hundred first you know.
On Sunday morning we had eight new members, which gives us now an enrollment of fifty-five. This is a great class and we say this without boasting, the personnel of the class is all that we could expect.

Methodist Church News

Friday afternoon of this week (Circle No. 2 of the Ladies' Aid will meet at the home of Mrs. A. W. Kauffman, 8th and May streets.

Last Thursday evening a large crowd gathered at the parsonage and spent a very pleasant evening with the Ladies' Aid. Music, games and social fellowship, followed by refreshments, afforded an enjoyable evening.

Last Sunday evening Rev. McOmber gave an interesting sermon on "The Ideal Man," to an appreciative audience. Next Sunday evening he will speak on, "Ambition." These Sunday evening sermons are devoted especially to young men and are worth hearing. The men's choir will have special music each evening.

Monday night, March 13th, the Epworth League will hold their regular monthly business meeting and social at the home of Miss Hazel Smith. A cordial invitation is extended to all young folks to attend this social, and a jolly time for all is promised.

Mrs. Early Entertains

Mrs. Chas. T. Early entertained very enjoyably at whilst at her residence on State street Saturday afternoon. The guests were woman friends and six tables were put in play. The decorations, which were pretty and artistically arranged, were Oregon grape and daffodils. During the afternoon elaborate refreshments were served. The prizes were won by Mrs. Etta Bancroft and Mrs. J. D. McCully, the former taking first honors and the latter second.

160 Acres Winter Apples In Klickitat County Wash.
