FRANZ TO OPERATE UNDERWOOD STORE

A business change of considerable importance occurred Thursday when E. A. Franz bought the general merchandise business of Myron S. Smith at Underwood and will conduct it as a branch establishment of his large Hood River store.

An addition 40x100 feet will be built on the Underwood store immediately and the line of goods already carried there will be greatly enlarged and, in addition, a full line of hardware, farm implements and building material added. It has not been decided as yet by Mr. Franz who will manage the new branch house, but his oldest son, Earl, will take charge, temporarily, in the near future.

The mercantile business at Underwood has greatly increased during the past year and it is becoming an important point as an outlet to the big country back of it. Mr. Smith, who has owned the business for five years, will remain at Underwood, retiring to a fine fruit ranch he has near town.

Mr. Franz will take charge of his new establishment March 15th and will direct its buying and operation from his place of business at Hood River.

All of the above mentioned prizes will be given by the Piano Manufacturers for the nearest correct answer to the following:

In this picture are four faces. Can you find three of them? Trace out and number 1, 2, 3, and mail to us at your earliest possible moment. It is not necessary to use this sheet of paper. Contest closes March 14th, 1911, at 6 p. m. All answers must be received by us or bear the postmark of that date

Prizes must be called for within 15 Days from Closing of Contest

In Addition to the Above Rewards

Every prize winner will receive, according to the merit of the solution, a cash value reward for an amount from \$25.00 to \$140.00. These rewards will be accepted at their full face value to apply on the purchase of any one of the new pianos that we are introducing to the piano-loving public through this mammoth advertising plan. These pianos will be placed on sale with a reliable firm of this city at a special introductory price. The above mentioned rewards will be given in denominations as follows: Three at \$140.00, three at \$135.00, three at \$130.00, three at \$125.00, three at \$120.00, three at \$110.00, three at \$100.00, ten at \$75.00, ten at \$50.00, and all correct solutions will receive a reward for \$25.00.

This contest is being conducted by manufacturers for whom we have a contract for advertising their pianos throughout the United States. These manufacturers believe that the best way to introduce and market their pianos is in making special efforts to the people. In order to do this they have inaugurated this great contest, in which each contestant has an equal chance to win one of these valuable prizes.

The piano manufacturers and dealers have for many years tried to reduce the selling expense of musical instruments. The old way of selling pianos, pulling door bells, canvassing, paying music teachers commissions, etc., have all been eliminated and it is now a question of the best advertised piano. The maker's name being familiar to the piano purchaser, and the piano purchaser knowing the true value of the piano, makes it possible to sell a certain number.

These manufacturers for whom we are conducting this contest want you to know that all answers will be considered first, as to the correct answers; second, as to the neatness of the answer; that only one answer will be considered from one family, and that in the event of a tie identical award will be made. We want to especially assure you that you should not lose a moment in mailing or bringing your answer to our office. Try for one of these valuable prizes, which will be given free to successful contestants.

Contest closes March 14th, 1911
