

**O**WING to our increased Implement business, we have been unable so far this year to solicit your wants in the Automobile line. We are still in the business, however, with the two best medium priced cars made,---

*The Chalmers  
And the Cadillac*

If you are interested in either of them, we will be glad to show you their many points of superiority. Both cars have been tried out thoroughly in Hood River, and when you buy one of them you are getting a known quantity, not an experiment. We do a safe business, selling for cash only.

Demonstration by Appointment

**Gilbert-Vaughan Implement Co.**
