

OLIVER
 GAVE TO THE WORLD THE
CHILLED
PLOW

Oliver Chilled Plows

will do more work, with the same amount of draft, and do it better, than any other plows made. They are more strongly built, they wear longer, and scour perfectly.

OLIVER'S CHILLED METAL is the best material that enters into the construction of a plow and stands alone, in a class by itself, entirely above successful competition.

OLIVER CHILLED PLOWS

keep their old friends as well as win new ones because they are built right, they run right, and because they are the

Lightest Draft Plows Known

WE HAVE THEM. LET'S GET TOGETHER. YOU NEED THEM.
