FIGHTING FROSTS IN ROGUE RIVER VALLEY

An elaborate series of experiments in the fighting of frosts in the Rogue River Valley is being conducted by the department of horticulture of the Oregon Agricultural College. F. R. Brown, special field assistant, is in charge of the work, assisted by students in horticulture at the college, including Leslie Beatty of Ballston, Polk county, and C. C. Held of Fairfield, Ill.

Two of the leading manufacturers of oil pots in Colorado and California are running a competitive test as to the relative merits of their various oil pots in frost protection. These companies are paying all expenses of the demonstrations and each has a representative on the ground. The work is being done through the

agency of the college department of horticulture and is being conducted in the orchard of Mr. G. E. Marshall of Medford. The judges are Mr. Marshall, F. R. Brown of the college, and Mr. C. E. Whistler.

Each company is furnishing materials for a five acre test, making a ten acre experiment. The orchard has been surveyed into blocks of 21 foot areas, in each of which are three thermometers. Close studies are to be made of atmospheric conditions during the blooming season. Frequent demonstrations will be made as to the amount of oil the different types of pots burn through a given length of time.

HOOD RIVER WINS FROM STEVENSON

The Hood River team in the Mid-Columbia League maintained its good start for the pennant Sunday by defeating Stevenson at the latter place by a score of 4 to 2. The locals went to Stevenson on the steamer Tahoma. A goodly crowd of rooters accompanied them and enjoyed the game which was closely contested.

At Columbia Park the Heights team met defeat at the hands of Meir & Franks counter jumpers. The score was 6 to 5. Owing to errors the visiting team secured a lead of five runs in the fourth inning. A feature of the game was the sensational catch in deep right field by Hawley, one of the visiting players.

HOOD RIVER WAITER CHARGED WITH THEFT

Geo. Brown, a constable from Oregon City came here Friday and arrested Karl Klutz, a waiter, charging him with the theft of \$50. Klutz is alleged to have stolen the money while working in Oregon City.

A companion who was charged with being implicated in the crime was placed under arrest in the latter city before Brown left for Hood River. Klutz was taken back to Oregon City to answer the charge.

It is stated that while Klutz was working in one of the hotels there \$25 was missed by one of the waiters who had left it in his clothing while at work.

NEW SCHEDULE IN EFFECT ON MT. HOOD RAILROAD

The Mt. Hood Railroad has put a new schedule into effect, which shortens up the time. Leaving Hood River the train departs at 8:05, reaching Parkdale at 10:50. The leaving time at Parkdale has been changed to 1:00 p. m., the train reaching here at 3:10 and making connections with the local for Portland. On Sundays the train will leave Parkdale at 3:00 p. m., or two hours later, giving visitors several hours in the Upper Valley between trains.

Every family that has children is liable to have cramp; invariably at night. If Ballard's Horehound Syrup is kept in the house, it saves going after the medicine at an inconvenient time and checks the attack promptly. Price 25c, 50c and \$1.00 per bottle. Sold by Chas. N. Clarke.*

HUSUM HAS INFLUX OF PROSPECTIVE LAND BUYERS

Husum, Wash., April 17.—The influx of prospective land buyers during the last week of the colonist's rates to the red and yellow apple lands of the White Salmon valley, has reached the limit of all expectations and predictions, and activity in land sales is more perceptible every day.

The class of homeseekers making this particular section of Washington their point of investigation is not composed of farmers from the east who are seeking cheap lands and homesteads. On the contrary it is a class of well-to-do farmers or business men with abundant capital to invest in improved and unimproved fruit tracts, the profession of an orchardist appealing to their desires in preference to cultivating grains and grasses in more remote regions.

Will S. Ingham, a prospective land buyer from Minneapolis is only a sample enthusiast, proclaiming the sentiment of hundreds who have visited the White Salmon valley this year. In conversation with him today he said: "On my tours of investigation in the west I have visited this section during three different seasons and I am firmly convinced that this is an ideal country to bring my family. Your climatic conditions are above the average and the fact that the leading varieties of apples are raised here successfully insures a lasting market."

"I hardly believe your people appreciate the beauties of nature surrounding you, and the short distance to Portland, to be reached by modern trains or Columbia River boats, are certainly advantages not to be overlooked."

"I am about to close a deal for an orchard tract with five acres of bearing Spitzenberg trees. After I have built a comfortable residence for my family I expect to make this section of the valley my permanent home."

Knights of Pythias, Attention
White Salmon, Wash., will organize a K. of P. lodge at that place on Saturday evening, April 22, 1911. All Knights are invited to attend. Transportation has been arranged for. Inquire at Clarke's jewelry store.*

EASTER SERVICES AT THE VALLEY CHRISTIAN CHURCH

The innovation here of having a sunrise prayer-meeting, took well. The meeting, as should be, was led by a woman, Mrs. E. E. Cautler. Only a dozen and a half were present, but everyone seemed filled with the Easter spirit and made it the most helpful and interesting meeting of that character ever held in this church.

When Sunday school time came around, one would have thought it

AGED PIONEER RESIDENT FALLS DEAD ON HIGHWAY

Wm. Overbaugh, 87 years old and a Columbia River pioneer resident for over thirty years, died suddenly Monday on the roadside near his home. Mr. Overbaugh, who resides on the hillside just across the river from Hood River, after eating a hearty breakfast, started to take a short walk and later was found dead about 300 feet from his home. The cause of death was heart failure. Funeral services will be held today in the Masonic hall at White Salmon.

FRED DIETZ AWARDED BOOK IN ESSAY CONTEST

The book offered by the News to the pupil in the eighth grade for the best-written composition on Theodore Roosevelt, has been awarded to Fred Dietz. Second honors are given to George Bragg, and third to Roger Simpson. For general literary excellence young Dietz's paper was the best, although not as original in subject as that of Master Bragg. The volume which will be given to the winner is Theodore Roosevelt's "African Game Trails."

FOR HUMAN OR ANIMAL FLESH

BALLARD'S SNOW LINIMENT

A remedy that is equally efficacious in healing the wounds, sores, sprains or other ailments of the flesh of man or beast.

A healing remedy to effectively meet the needs of animal flesh need not be a harsh, strong mixture, too drastic for the human body; Ballard's Snow Liniment is proof of this. It ranks with the best of the best healing remedies designed for man; and it is equally as prompt in curing the wounds and flesh diseases common among animals. Owners of blooded horses prefer it to any other liniment because it leaves no disagreeing scars in any of the minor accidents or ailments. It heals by a mild power to which the flesh of horses responds readily.

It is of great value in healing harness galls, barbed wire cuts, wounds, festering sores and many other ailments to which horses are subject. In the relief of human suffering, it has done a world of good, particularly in easing the pains of rheumatism, neuralgia, sciatica and lumbago. When gently rubbed in where the pain exists, it gives a most gratifying relief to the afflicted. As a household remedy for cuts, burns, bruises, sprains, contracted muscles, stiff neck, frost bites, swellings, chilblains, ivy poisoning, there is nothing better on earth.

Put Up in Three Sizes, 25c, 50c and \$1.00 per Bottle.

ASKS FOR RECEIVER FOR EAST HOOD RIVER FRUIT CO

A. P. Bateham filed a suit Wednesday in the federal court in Portland against the East Hood River Fruit Company and some of the directors of the company, asking for a receiver on the grounds that he has not been paid \$453.94 due him for salary as general manager to April 1, of this year. Bateham set forth in his complaint that he owns nearly half of the stock in the company, but that it is not in financial condition to meet its obligations, amounting to a total of about \$25,000.

Girls Average Highest

A study of the grades made by the students of the University of Oregon for the last semester reveals the fact that the girls made a higher average than the boys. The girls averaged 89.1 for the semester's work, and the boys 83.3. The Women's Dormitory made the highest average of any of the women's clubs, 92. The lowest average of any of the women's organizations was 86. The Masonic fraternity, the Aenaeas, made the highest average of any of the men's clubs, 89. The lowest men's club average was 79. The members of the football team averaged 84, which is higher than the total average of all the men.
