Pete Shiveley is spending the day in Portland.

Leslie Butler spent Monday at The Dalles, on business.

Bruce L. Hesse, with Ladd & Tilton's bank in Portland, spent Sunday with J. W. Pifer.

Randall & Dukes are moving the old Congregational church building to make room for the new.

F. P. Kimball is reported as a recent purchaser of an automobile from the Gilbert-Vaughan Implement Company.

Arthur Clark, the jeweler, has had the furniture in his store polished and the walls tinted, which adds much beauty to the store.

A. B. Cash, a prominent man of the Underwood side of the Columbia river, was a business visitor in Hood River Monday.

E. A. Sherman, of Sioux Falls, S. D., accompanied by his son's wife and her mother, enjoyed sight seeing in the valley during the past week.

Jack Morrison contemplates the erection of a new house on Cascade, near 13th, on the site of his former home, which recently burned to the ground.

C. A. Schuknecht, of Cagnave, Iowa, accompanied by Mrs. Schuknecht and their daughter, have arrived at this place and will make their home on their ranch, formerly the Tripollin ranch.

The electrical firm of Dean & Shaw are busily engaged in wiring the new Van Horn hotel, now nearing completion, at Van Horn station on the Mt. Hood railroad. The new hotel is being built for R. L. Bowles.

We are informed that H. M. Wood, who has again gone to California, has been put in charge of a lumber mill in that state and that it is not improbable that the Wood family will eventually make their home there.

B. E. Duncan, accompanied by A. J. Derby was among the autoists to the Punch Bowl Sunday. These two gentlemen are reported to have caught three big steel head salmon, one measured 37 inches in length, which is considered a good catch.

The result of the game of base ball between Hood River and Stevenson, on the local grounds, Sunday, was 15 to nothing, in favor of the local club. Myers struck out seventeen men, allowing no hits and no runs. Hood River was at its best, and, presumably, Stevenson was at its worst.

The 5c-10c-15c Store, located in the Heilbronner building, is having the corner storeroom of the same building remodeled and will move to that place on Friday of this week. This store opened for business several months ago, and by catering to the public with a class of goods the value of which does not exceed 15c for the article, they have built up a business which demands larger quarters. By moving into the corner storeroom of the Heilbronner building, at Third and Cascade, they feel that they are fortunate in procuring what they think will soon become one of the best locations in the city.

The banks were closed yesterday—Memorial Day.

Mr. and Mrs. J. H. Heilbronner are spending a few days visiting friends in Portland.

Mace Baldwin is having his motor boat iron lined and will soon place it on the river.

The boys are still talking of the enjoyable time the Elks had in the rooms of the Commercial Club last Thursday night.

Hai Dabney has successfully passed examination and left Monday for West Point, where he will enter with the rank of officer.

A freight train, wrecked near Cascade Locks, was the cause of the delay to regular traffic on the O. W. R. & N. road last Friday.

Mr. and Mrs. S. S. Pratt have returned to Tacoma, Wash., after a pleasant visit at the home of Mr. Pratt's brother, C. G. Pratt.

Miss Ruby Slusher, of Dufur, who has been here for a week on a visit with her sister, Mrs. Chas. N. Clarke, returned Saturday to her home.

H. E. Johnson, who succeeded H. M. Wood with a carpenter shop at Second and Oak, reports business good, with the outlook for making window, door and porch screens, and general carpenter work, even more encouraging.

A number of the business men are of the opinion that it is possible to hold a rousing Fourth of July celebration here this year. They believe that Hood River should get the eagle by the tail and make the bird scream, and more particularly this year, they think, in view of the fact that few of the surrounding towns have announced that they would hold celebrations on this day. There is ample time to get together for a celebration if a celebration is what the majority want.

Clay Brock came down from Mosier for a visit with his parents.

The postoffice was open yesterday from 12 to 1 o'clock, to accommodate patrons.

Fred Larwood is having a new house built on Cascade avenue, near Thirteenth.

Carl Terry, of Cresco, Iowa, has arrived here and moved onto his ranch in the valley.

Mr. and Mrs. R. R. Adams, of Portland, are visitors at the home of Mr. and Mrs. Arthur Clark.

Mrs. E. J. Myers, of Barrett district, went to Portland Monday for a few days' stay with friends.

Work is progressing rapidly on Hood River's new brick and pebble dash \$40,000 railroad depot. Those who have seen the plans state that it will be a beauty.

Senator E. A. Sherman, of Sioux Falls, S. D., spent several days in Hood River and the valley the past week. Mr. Sherman is a retired banker and a friend of R. W. Pratt, of the Hood River Banking & Trust Co., and the two men were together much of the time while the former was here. Mr. Sherman has been here before, but declared on this trip that next time he came it would be to stay. He owns 7,000 acres of land on the Washington side.

Prospects are good for a large berry crop in the Mt. Hood district. Last year the growers were unable to get their berries to town on the day of shipment, being delayed overnight in transit in the hottest time of the year. This of course was bad for the berries, and the shippers became aware of it, so this year arrangements have been made, in numerous instances, whereby shipments will be made with the A. O. Hershey auto truck, which will make the long hauls in a day.

Mrs. Chas. N. Clarke went to Shepard's Springs yesterday and will return tomorrow with her mother, Mrs. H. H. Staats.

Miss Ada M. Schmeltzer, of Portland, who has been visiting with her brother, J. M. Schmeltzer, for several days, returned to her home Sunday.

At the Unitarian church next Sunday morning the subject will be, "The Son of Man Hath Not Where to Lay His Head." The sermon will include a poem, a parable and a fable.

The foundation work for the new Sprout building which will be erected on Oak street, is about completed. The building is to adjoin the Elliot building, and will be of similar architecture. When finished, it will be occupied by the Franz Hardware Company with a stock of furniture and carpets.

Mr. and Mrs. L. A. McCarthy have returned from St. Joe, Mo., where they had been to bury their little boy, who, it will be remembered, was burned to death by having his clothing catch on fire while playing with matches. They were accompanied by Mrs. McCarthy's mother, who will make her home here.

Mayor Joseph Simon, of Portland, in behalf of the people of his city, extends greetings and requests the honor of the presence of Hood Riverites during the Rose Festival season, June 5th to 19th, and it is expected that nearly all, if not all, of the people of this city may be found at the festival on one of those days.

Barrett Simpson is having the tin work of a Forbes electric sign made by C. F. Sumner, the plumber. This is so constructed that two or four lights placed on the inside will produce the same amount of light as can be had from a larger number in the old form of electric light sign, and it is therefore a money saver to the user.

The Hood River base ball club is to be commended for the good work they are doing this season. The boys are working hard, and it is not all fun to play ball, so the encouragement of a word or two will not be received amiss by the boys.

Next Sunday morning, June 4th, an Old Folks service will be held, to which all persons fifty years of age, or over, are especially invited. Several committees have been appointed to make the day a success, and a delightful service is anticipated.

TO-DAY

To-day and every day, let us fill your PRESCRIPTIONS. With the correct DRUGS of greatest power, a moderate equipment, and long training we surely can and do give the best results in Prescription Compounding always.
