WAU-GWIN-GWIN ON COLUMBIA'S BLUFF

Wau-Gwin-Gwin, one of the most delightful summer resorts of the valley, is situated on the edge of the cliff, on the bank of the Columbia river, two miles directly west of the city. The locality is an ideal one for rest and recreation, shaded by beautiful oak, pine and fir trees. The grounds are picturesque, with their piles of rock, shady nooks, little pond

alive with trout, and the little stream of Phelps Creek meandering placidly through the premises. The museum, filled with hundreds of Indian and natural curiosities is, alone worth the trip out to see, and the views of the grand old Columbia, the winding stretch of O-W. R. & N. railroad to be obtained from the hotel, the grounds and other scenery are not excelled for beauty anywhere along that historic stream. He who falls to visit this popular resort does not see the valley.

R. Rand and son, E. C. Rand, are joint owners of this beautiful tract of land, the hotel, however, being personally owned by the latter.

CLOUD CAP INN OPENS FOR SEASON

Beginning July 1st and continuing until September 5th, Cloud Cap Inn, famous summer resort at snow line on Mount Hood, will be open for guests.

Mount Hood, and is annually visited by many tourists.

The Inn will be under the same efficient management as last year—Miss Addison C. Jewell, of Portland, who will spare no expense to provide every possible comfort for the guests this summer. The snow line days are warm and pleasant, the nights cool and refreshing, and the air, which is somewhat drier than that nearer the Columbia River, has been found especially beneficial to those suffering from pulmonary troubles. The scenic grandeur is not surpassed by any section on the coast.

tire plant will be modern and one of the finest in the Northwest.

Particular attention will be given to the landscape features. A crew of four surveyors spent a week on the ground making a complete contour map of the place in order that beautiful effects in landscape gardening may be secured.

Tents are being erected in the beautiful timbered canyon running through the 40-acre tract, to accommodate those who desire to camp out during the summer.

Concrete Company Fails

The city of Medford is very anxious to know the whereabouts of a certain concrete paving company that has been laying pavements in that city—a concrete company that is going about the country claiming to be able to lay concrete pavements cheaper than the standard pavements. The rumor that this company has parted from Medford never to return has been confirmed and none of the partners can be located. It is reported that the firm owes in the neighborhood of \$2000 to local people for supplies such as hardware, cement and gravel.*

FRANZ CORNER ENDS ANOTHER RUNAWAY

A runaway team came tearing down Oak street Sunday, pulling a buggy containing the driver and a man stationed behind the seat. As usual, the horses bolted for the Franz Hardware Co.'s commodious building, where they endeavored to plunge down into the basement, but skidded on the cement walk, only the pole entering the window. The buggy was smashed to some extent, but no injuries were received by the men or horses. It is said that the driver showed an unusual state of coolness. He held to the reins until the team fell, then jumped upon them, got a better hold and mastered the situation.

P. M. ISENBERG SUDDENLY PASSES AWAY IN PORTLAND

manifest. Always a republican, always an optimist, active and fearless in politics, he commanded the respect of all who knew him and won a state wide reputation as a thorough politician. Deceased was a member of Canby Post, G. A. R., of this city, of which he was commander several years ago. He took an active part in its many gatherings and was ever ready with a witty and logical address on the impromptu order.

Mr. Isenberg was the seventh son of a family of sixteen children, but two of whom are now living. Monday a letter came addressed to Mr. Isenberg from his niece in Pennsylvania, which was opened by his daughter. Among other things the letter stated that "out of the fifty-nine who enlisted from the little town of Alexander, there are but ten living." The same day kindly Nature reached out her loving arms and welcomed another old soldier of the remaining ten home to eternal rest and glory.

Decedent is survived by a wife and ten children, all, with the exception of Mrs. H. M. Saling, of Forest Grove, and Miss Bess Isenberg, of Portland, residing in Hood River, respectively, Mrs. W. S. Arnold, Will A. Howard, Marsh. Walter, Elmer, and Misses Pearl and Lena Isenberg. There are also nine grandchildren in this city.

BANKERS IN SESSION DECLARE CONDITIONS GOOD

Bankers of the state have been in session in Portland the past week, and they say never before has banking been in such a satisfactory condition in Oregon. With the big crops now in sight, a prosperous year is certain.

POSTMASTERS ADVOCATE POSTAL SAVINGS PLAN

Postmasters of the state, who were in convention at Portland during the past week, endorsed the postal savings bank system and urged its extension throughout Oregon. Postmasters where these institutions have been tried were earnest advocates for them elsewhere. Next June postmasters of Oregon and Washington will meet in Portland.

ALL WAITING FOR PREACHER'S VISIT

A Nebraska reporter has the western "hot air artist" going sideways, as the following story sent from some point in Nebraska to the Chicago Inter-Ocean is a good sample:

"Rev. Will Tate, who preached in the Congregational church at O'Neal ten years ago, went west to grow up with the country, and settled near the village of White Salmon, where he went into the orchard and fat cattle business, at which he became rich. At the invitation of his friends, accompanied by \$200, he is now on his way back to the old home, where, in anticipation of his visit, 25 babies are waiting to be christened, and several of the young people to be married. The W. C. T. U. and the Y. M. C. A. buildings are to be dedicated by him. Not only this, but the Reverend Tate will deposit \$25,000 in the local bank for the erection of a new church."

20,000 HOMELESS IN CHICAGO WAYS

Premature summer in Chicago has found 20,000 homeless men, most of them young men from the country who have failed to find a "city job," in the cheap lodging houses which the recent investigations have shown to be firetraps and penitentiaries, many being damp cellars where the "sleeping accommodations" are bare boards between which the water rises when stepped upon.

Whooping cough is not dangerous when the cough is kept loose and expectation easy by giving Chamberlain's Cough Remedy. It has been used in many epidemics of this disease with perfect success. For sale by all dealers.*

HERBINE

For the Bowels

A Cure for Chronic Constipation, Torpid Liver and Irregular Bowel Movements.

Constipation is the most common disorder of the bowels. It affects both sexes and all ages but is more prevalent among women because their duties in the household require less physical exercise than the occupations of men; therefore women suffer most from its baneful effect.

A constipated person is an easy victim when exposed to any serious disease—Pneumonia, Typhoid Fever, Malaria, Rheumatism, Small Pox, Yellow Fever and Bright's Disease gather their annual harvest of death among those who are habitually constipated. Even though they escape these diseases, such persons are always ailing more or less. They have headaches, bad digestion, dizziness, vertigo (blind staggers), sallow complexion, flatulence, loss of strength; and no energy at all. Herbine has a most admirable effect in the bowels; it is cooling, purifying and regulating. It puts a prompt check on biliousness, wind in the bowels, nervousness, heartburn, bad breath, low spirits, drowsiness in the daytime and nervous wakefulness at night.

Price 50c per Bottle.

JAMES F. BALLARD PROPRIETOR ST. LOUIS, MO.
