

GEO RAE ARRIVES TO ESTIMATE CROP

George Rae, of Rae & Hatfield, the New York apple man was here Thursday and Friday on his annual summer visit. Mr. Rae as usual was looking the ground over in advance to determine the size of the apple crop in the various districts and spent some time going over the valley.

He believes that Hood River will have to adopt new methods of handling its fruit this and subsequent years on account of the increasing crop. It is his opinion that the valley should select two or more big firms in the centers of distribution to handle the Hood River product and that it should aim for a much wider distribution. He is satisfied that if the product is properly marketed that it will always bring good prices and as an argument says that the population of the United States is increasing at the rate of 150,000 per month making a marked increase in the consumption. Another argument Mr. Rae puts forth is that people are becoming eaters of less meat and consuming a greater quantity of fruit and vegetables.

In addition to the crop of Sears & Porter and August Paasch, Rae & Hatfield last year handled the crops from several other orchards.

Roy C. Brock has been appointed the Northwest representative of Rae & Hatfield for the apple season and left Friday for the Payette Valley, Idaho to look over the field there.

TOM LAWSON IN EASTERN OREGON

Thomas W. Lawson, famous financier of the Massachusetts city, corner of the phrase "frenzied finance", erstwhile author, reformer and trust buster, and now Oregon enthusiast, says a dispatch to the Journal, is on his way to the interior of the state, bent upon personal investigation of its much heralded resources and possibilities. Arriving at Opal City Thursday night, Mr. Lawson, accompanied by his daughter Bunny of Boston, horse show fame, will be the guests at the Crooked river home of Tom Sharp, well known rancher and sheep raiser of Prineville. It is understood that Mr. Sharp will accompany his distinguished guest on an auto inspection tour of the Deschutes valley, en route visiting Prineville, Bend and the other towns of the interior.

GOLD QUARTZ FOUND NEAR LOST LAKE

There are indications of gold in the vicinity of Lost Lake and gold quartz has been found there recently. Some good quartz has been found in this locality. It is float rock, but where it came from is the puzzle; possibly carried in during the glacial period and left here by some stranded iceberg to puzzle the mining expert for centuries.

In perfect health there is always a fine feeling of buoyancy and exhilaration, of strength and conscious power. The reverse is the case when the Liver is Torpid. It is a dead weight that hampers every organ in the body and fills the system with impurities that undermine the constitutional strength.

In All Such Cases the Remedy is

HERBINE

THE GREAT TONIC AND INVIGORANT For Torpid Liver and Constipated Bowels.

When the Liver gets Torpid, it brings with it a long train of symptoms. The most prominent are: bad digestion, dizziness, constipation, vertigo—which means spells of blindness on stooping or rising suddenly, sallow complexion, flatulence or wind in the bowels, intolerable lassitude which the victim is ashamed of but cannot overcome. Great discouragement, a feeling that everything and everybody is against him. The fine cleansing and rejuvenating influence of Herbine is just the thing needed in this condition. It acts at once on the Liver, Stomach and Bowels. The Liver responds promptly to its stimulating effect. The Bowels are emptied and purified through its excellent cathartic properties. The digestion is strengthened and the whole system renovated. As a result the patient feels better. He begins to improve with the first dose and a few days use puts him in fine vigorous condition. Try it.

 DAVIDSON FRUIT CO.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by J. F. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to one teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address: F. J.
