

# DISTRICT FAIR ON OCTOBER 30 TO 6TH

The directors of The Dalles Driving Park Association and the officers of the Second Eastern Oregon Agricultural Society met at the rooms of The Dalles Business Men's association Saturday evening to formulate plans for the annual district fair which will be held at the Dalles Tuesday, Wednesday, Thursday and Friday, October 3, 4, 5, and 6. The officers of the agricultural society are C. L. Phillips, president and commissioner from county; J. B. Castner, commissioner from Hood River county; Judd S. Fish, secretary.

Plans are submitted, in the rough, for the new building to be erected at the driving park, and these plans are now in the hands of an architect for completion. It was decided to build a main exhibit building 45 by 120 feet, extending at right angles with the southern boundary of the park. A wing, 20 by 24 feet, will extend from the south side of the building to the fence, and at the end of this will be one of the entrances to the grounds. The association contemplates building a balcony in this building, to be used for art and fancy work displays and for the use of the band. The displays will be arranged on the main floor of the structure, around the walls and in the center. The aisles will be 10 feet wide. A grandstand addition and stables will also be constructed.

A racing program is being drafted that will, no doubt, attract good outside racing stock. Large purses will be offered. J. D. Hiddell has been employed by the association to canvass the county, to interest the farmers in making larger exhibits of

# MAN COMMITTING ASSAULT PLEADS GUILTY BY PHONE

A Green Point man, who committed an assault on another employee at the mill of the Stanley-Smith Lumber Company there, may be said to be a model offender. Having broken the law he telephoned to Judge Buck telling him of the episode and pleaded guilty over the phone. The judge imposed a fine and while not known to be so it is supposed that the money was sent in by wire. Judge Buck, however, was so pleased with this rapidity in dealing out justice that he refused to give the man's name.

# M'KENZIE COMPANY HAS BIG AUDIENCES

McKenzie's Merry Makers opened their week's engagement here Sunday evening in the "Lion and the Mouse" to a crowded house, and Monday had a still larger audience.

The play on Monday evening was "A Life for a Life," and long before the doors opened the street was crowded with people waiting to secure tickets. The popularity of this company of players seems to be greater than that of any other aggregation that comes to Hood River.

The company is playing at summer prices of 10, 20 and 30 cents, and its large audiences attest the quality of its performances. In addition to the show there is a good orchestra with the company.

**MARRIED**

**LAFFERTY—YOUNG**  
(From Our Odell Correspondent.)

On Tuesday, June 28, one of the most beautiful wedding ceremonies of the season was solemnized at the home of Mr. and Mrs. G. W. Lafferty at Odell, the event being the marriage of their daughter, Bertha Mae, to Wallace F. Young.

The entire plan of the ceremony was ideal in its sweet sacred simplicity. The very atmosphere seemed laden with the happiness of the young couple and the sincere wishes of their friends, and every one present imbued with the solemn spirit of the occasion. The wedding march was played by a sister of the bride, Mrs. Edwin Anders, and Miss Radford, violinist. While the sweet strains of music were heard the bridal party came down the walk prepared for them. The bride made a very

sweet and charming picture in her veil of tulle. The bride's dress was a beautiful silk over white taffeta, sent by her brother from the Philippine Islands. She carried a bouquet of mountain lilies.

The ceremony was performed by the Rev. T. S. Handsaker of the First Christian Church, of whose church the young couple are members. Mr. Glenn Young, brother of the groom, was best man; Miss Blanche Lafferty, niece of the bride, bridesmaid, and little Ruth Young, sister of the groom, flower girl.

After the ceremony delicious refreshments were served with many lovely cakes. A piece of the wedding cake has been sent to the Philippine Islands. The gifts, evidencing the love and esteem in which the couple are held, were numerous and the array of silverware was costly and beautiful. Relatives and friends, numbering fifty or more, witnessed the ceremony.

Wallace Young is a young man who has always been upright and honest and his bride has won for herself a high place in musical circles and by her sweet, loving disposition has won all who know her.

To these young people we offer our sincerest congratulations. Mr. and Mrs. Wallace F. Young have gone to their summer home at Carson, Wash.

# CIRCUIT COURT JURY FINDS SPEEDERS GUILTY

(Continued From Page 1)

ished address in which he said that, in his opinion, the case should have been tried in the justice court, instead of putting the county to the big expense incident to handling it by judge and jury in the higher court.

Judge Bradshaw who was also of this opinion, made a short charge and the jury retired about 5 o'clock. The jurors were: R. B. Thompson, S. W. Arnold, J. O. Eastman, Albert Rand, H. C. Deltz, C. S. True, J. P. Hansen, Frank Parker, S. J. Frank, W. H. Root, C. A. Bell and J. M. Taylor.

It was thought that a verdict would be quickly reached but a number were against convicting Mr. Epping and the jury stayed out all night. Judge Bradshaw waited at the court house until after 12 o'clock for a verdict and then retired to his hotel.

At 7 the next morning no verdict had been reached and the jurors went to breakfast. On returning they again went to work and a few minutes before 9 o'clock rendered a decision of guilty, after having been out 15 hours on a case, in which the fine could not have exceeded \$25.

After the finding of the jury, Judge Bradshaw adjourned court to allow the prosecuting attorney and the attorney for the defense to come to an understanding before taking up the other cases and it was finally decided to allow the other defendants to plead guilty and they were fined \$15 each, with the exception of Chas. Evans, who, it was proved, could not run an automobile at the time the indictment charged him with exceeding the speed limit.

# GOVERNMENT TO MINE FIRST ALASKAN COAL

Probably the first coal to be mined in the much disputed Alaskan areas will be taken out by the government. The latest project is to establish a Naval Coal Reserve. From this fuel will be produced for naval operations in the Pacific Ocean. Although this will be a step forward, it will not relieve the situation with regard to the people of Alaska who need coal, as well as those of the Pacific states. As an indication of what may be expected if the Northern fields are opened, the Copper River & Northwestern Railway has already declared that it will build one hundred miles additional trackage as soon as the government says "go ahead". And now all are waiting on Uncle Sam.

**Seattle Wants Mint**

The Northwest needs a mint and Seattle has set out to get one. The banks of Washington, Oregon and Idaho have asked for more coin and the Government says it has no money to pay shipping charges, an appropriation of \$300,000 for that purpose having been exhausted. As precious metals are found in abundance in this part of the country, it is urged that they should be mined here, thereby effecting an economy. This issue has been brought to the front as the result of a resolution in the Assay Office charges which threaten to militate against the Seattle Branch.

# GOOD ROADS MEETING COMES TO NAUGHT

The joint good roads meeting of the Commercial Club, Grange and Auto Club, held at the Commercial Club rooms Monday night, resulted in accomplishing nothing, except possibly to make a wider split between the forces who really want good roads and those who want an endless discussion over technicalities.

The meeting was attended by about 30 people representing the varied interests. A. I. Mason, who was instrumental in having the meeting called, was the chief spokesman of the evening. Mr. Mason was, as usual, aggressive in his attitude on the good roads question and delivered a long harangue, attempting to defend his action at the last session of the legislature. He spoke of his altercation with Senator Joseph and said he would do the same thing again under similar circumstances.

His talk did not meet the views of the majority of those present, and it was necessary for President Smith of the Commercial Club, who presided, to call the doctory East Side Granger to order. Mr. Smith stated that the meeting was not called for the purpose of hearing past history, but for taking action on securing good roads, and a delegation to represent the county at the coming good roads convention to be held in Portland.

Mr. Mason then attacked the Commercial Club saying, among other things, that it would not spend two bits for a telegram to assist the good roads cause, while he and John Mohr dug up seventy-five cents a piece for that purpose.

Mr. LeRoy Armstrong objected to Mason's remarks against the club in a sharp talk.

The propositions Mason wants put before the people are limitless but the ones he was particularly anxious to get an expression on are as follows—

Shall we see good roads through the initiative or the next legislature?

Do we want a highway commission or commissioner? Shall the commission be state officers?

Shall the commission be a dictator to the county court or an advisor and educator?

Shall the people name the amount of bonds to be voted, the maximum rate of interest and length of time the bonds should run?

Shall the people name the time the serial issues shall be paid?

Shall they locate the roads to be improved and name the amount to be spent upon each? Shall they locate the roads to be improved and

Neglected wounds produce old sores and these in time develop ulcers which eat away the vitality.

## Ballard's Snow Liniment

is a Healing Remedy for All Ailments of the Flesh of Man and Beast.

The speed with which this splendid liniment heals up a bad wound or sore has surprised and pleased those who were accustomed to the slower and uncertain effect of less powerful remedies. It mends the lacerated flesh so quickly that there is but little time lost from work. In relieving rheumatic pains, neuralgia, sciatica, it has done and is doing a wonderful work. Many chronic victims of these diseases have found to their great satisfaction that it cures an attack in a fraction of the time required by the ordinary treatment.

It is equally effective in the flesh ailments of animals. Owners of blooded stock value it highly for two reasons: It heals sores and wounds quickly, and leaves no disagreeable scars.

This remedy is needed in every home. If its great power and efficacy was generally known, no family would be without it.

Are serial bonds preferable to long time bonds with sinking fund to meet the payments? Would county warrants be preferable to long time bonds?

No action was taken on any of these questions. The debates finally

became so acrimonious that President Smith declared the meeting adjourned.
