

YOU CAN'T KEEP YOUR MONEY AND SPEND IT, BUT YOU CAN SAVE YOUR MONEY BY SPENDING IT FOR GOODRICH TIRES

VEHICLES

We have the most complete and up-to-date line of Buggies and Spring Wagons to be found in the city. You can't go wrong if you invest in one of our vehicles. They are guaranteed, not only by their manufacturers, but by us as well. If the factories won't make right any defect, we will. This has always been our policy, and we solicit your trade on this basis.

Our goods are all made by reputable firms---all our vehicles bear the name of Studebaker or John Deere or Velie or Henney. If you know vehicles at all, you will recognize the value of these names on the vehicles you buy.

WAGONS

Our basement is filled full of Wagons---all sizes. If you have never visited our store and looked into the basement, you can't appreciate what we are talking about. We have a full assortment of Mandt, Studebaker and Milburn wagons, in a variety of sizes; we also have a large stock of repairs for any wagon we sell. You don't have to wait for us to send for new parts. We can deliver the goods on the spot.

For your orchard work we have the metal wheel orchard trucks; wide or narrow track, four or five inch tires, with or without brakes---all carried in stock.

SPRAYERS

It is about time you began to figure on that Power Sprayer. Fall is coming on fast, and work will soon be crowding. With a Hardie Power Sprayer you can do *more work, better work* and *with less expense* than you ever imagined. They are not on an experiment. They are a success. Your neighbor has one---ask him about it. Ask him what he'd buy if he had to buy another.

Any man who once owned a Hardie will always buy a Hardie again when necessity demands. Then, too, our service is a big consideration---*we care for your machine for you.*

AUTOMOBILES

This limited space does not permit us to give you a description of our cars. We have a supply of literature which is yours for the asking---*write, phone or call for it.*

Our Chalmers "30", 1912 Model, *will be here this week.* Chalmers "36" to arrive about September 1st. We have our Herreshoff demonstrator and *will be delighted to show you the little wonder.* We have already sold several of the 1912 Models and it *looks now like a shortage of cars* for next year. Don't put off seeing these Models.

Ask for a demonstration of the Herreshoff TODAY. Phone us and we will call and tell you all about it.

YOU BUY GOOD SHOES BECAUSE THEY ARE EASY ON YOUR FEET.

Why Not Buy Good Tires Because They Are Easy on Your Car?

GOODRICH TIRES ARE GOOD TIRES
