# DR. MADISON'S STAY IN TACOMA IS PROVING A BOON TO AFFLICTED HUMANITY

**The Mason Hotel at Tenth and "A" Streets Is the Scene of Miraculous Cures--Given Up to Live as Cripples or Die--All These Have Been Restored to Health and Happiness by Dr. Madison's Pure "Essence of the Green Plant" and His Bloodless Surgery.**

Every day adds to the long list of permanent cures that Dr. Madison is accomplishing in his marvelous way at the Mason hotel at 10th and A streets. Rheumatic cases of long standing seem to instantly vanish before his scientific treatments. Many despondent sufferers of chronic afflictions are willing and anxious to testify to the great things he has done for them. This is truly the age of wonders. Discoverers and inventors are radiating from all quarters of the globe. The modern philanthropists have also come in for their share of prominence, but few have won the gratitude of suffering humanity as has Dr. Madison since discovering his phenomenal system of permanent cures, after years of service in some of the world's best medical institutions. His lecture at the Tacoma theatre Tuesday night, June 6, was not only most interesting and instructive, but a revelation as well. It is the talk of the town. The patients to whom he gave instant relief before the eyes of his audience have experienced no return symptoms and cannot say enough in praise of what the doctor has done for them.

Dr. Madison's system of treatment was made possible by his discovery of the great virtue that lies hidden in the juices of various plants from Mother Earth. Though serving as a practitioner for years under the old school Dr. Madison has abandoned the old orthodox methods in his present system of cures. He is opposed to poisoning the system with too many drugs. Nature seems to accomplish unaccountable cures through herbs, on human beings, as for ages they have in their silent way upon the natives of forests, foothills, mountains and plains where nature furnishes them.

In certain complicated cases and in abnormal anatomy Dr. Madison associates bloodless surgery with the "juice of the green plant." There are but few specialists in the world today who have won the title of "bloodless surgeons." Dr. Madison is one of them. It is hoped for the sake of suffering humanity that many more will acquire his ability to accomplish cures.

Dr. Madison has scores of convincing testimonials at his office. They tell stories of human suffering relieved which have rarely been equalled in the annals of medical and surgical history. Almost everyone was at one time given up by the doctors either to die or spend the remainder of their life in bed or on crutches. Some of these cures were wrought here in Tacoma at the offices in the Hotel Mason, where he is now giving treatment daily. Some are our Tacoma citizens, known and respected here. Some live in various parts of the state and some from other states. Here are a few of hundreds--what the eyes see the heart must believe:

## Read What the Patients Say:

Tacoma, Wash., June 15, 1911.  
Dr. Madison treated me for deafness June 6, 1911, at the Tacoma Theater. He told me to come to his office at the Mason Hotel the next day, which I did. He removed a growth from my ear and now I hear as good as ever. I take great pleasure in recommending Dr. Madison.

Tacoma, Wash., June 16, 1911.  
I commenced treatment eight days ago with Dr. Madison for liver and stomach trouble. I had almost become a nervous wreck and had tried many doctors, but could get no relief. Dr. Madison's treatment gave me almost instant relief and I feel like a new woman. I take great pleasure in recommending Dr. Madison.  
(Signed) MRS. L. RITSON.

Tacoma, Wash., June 14, 1911.  
Dr. Madison treated me eight days ago at the Tacoma Theater, and I am improved and hear as well as ever.  
(Signed) WM. LYON.

I employ this means to signify the gratitude I feel toward Dr. Madison and his successful methods of treating disease. I have long been a sufferer from Chronic Rheumatism, and my suffering for the past three years has been beyond endurance. I consulted many physicians and spent large sums of money in my efforts to get relief, but instead of finding it I had to resort to crutches to enable me to move about. I am still wondering over what Dr. Madison has done for me. It seems beyond human conception, but, nevertheless, the fact remains that since Dr. Madison treated me in public at Beck's Theater last Thursday night, my Rheumatism is past history. Instead of hobbling about in pain, I visit his office unassisted and enjoy all the pleasures and happiness of health. I cannot say too much in praise of what Dr. Madison has done for me.  
(Signed) MRS. L. J. WRIGHT, 708 Knox St., Bellingham, Wash.

I was helpless from that giant disease, Rheumatism. I managed to make my way on crutches to the Everett Theater. When Dr. Madison called for crutches, I went to the platform and he treated me for 30 minutes, after which I walked off the stage and went home without crutches. I went to work for B. H. Vollans on March 1, and feel fine. I was treated Feb. 15, 1909.  
(Signed) C. E. SMITH, Everett, Wash.

I was on crutches for four and a half years. Dr. Madison treated me at the Everett Theater, Thursday night, Feb. 26, 1909, and he broke my crutches and I walked out of the theater. I continue to walk without the aid of the crutches and am feeling fine.  
(Signed) MRS. E. C. DEAN, 2635 Wetmore, Everett.

Dr. Madison treated me for deafness seven years ago. I am improved and hear as good as ever.  
(Signed) GEORGE WADDELL, Everett, Wash.

## Are These Cures Permanent?--Read and Be Convinced

This is to certify that I have been a helpless cripple for two and one-half years from that giant disease Rheumatism and was in bed part of the time. For two years was compelled to walk with crutches. Dr. Madison treated me at the opera house August 6, 1905, and broke my crutches on the stage. I walked out of the opera house without them; and I continue to walk and am feeling fine--have no more use for my crutches. I take pleasure in recommending Dr. Madison to the public.  
(Signed) M. T. CHARLTON, Boise, Idaho, August 6, 1908.

I was treated by Dr. Madison at the opera house August 6, 1905, for deafness. Have been improving ever since. I now hear as well as I ever did and shall ever be grateful to Dr. Madison for curing me.  
(Signed) M. H. COLLINS, Boise, Idaho, August 6, 1908.

The voice of the skeptic is now hushed, for they must now believe this man is a wonder, for they can now see what he really can do, and what the eyes see the heart must believe.

## Office at Hotel Oregon

The Treatment is Medicine and Bloodless Surgery.  
Dr. Madison will be in Hood River until Tuesday, September 19, closing at 5 P. M.

## FINE LYCEUM COURSE TO APPEAR HERE

Amusement-loving patrons of clean and refined entertainment will be pleased to know that the Ladies' Aid Society of the United Brethren Church has arranged for a fine lyceum course at Hood River during the coming fall and winter months. The course, which is recommended by the press and distinguished people throughout the United States, will be put on at Hellbronner hall and will open Thursday evening, September 21, when Victor Murdock, the well-known Kansas congressman and leader of the progressive wing in the Republican party, will speak on public questions of interest to every American citizen. Mr. Murdock's address is proclaimed as being not only highly valuable in an educational way, but entertaining as well, and throws the spot light on many phases of life at the national capital.

Following Mr. Murdock will come Bruce Ambury, the noted lecturer and poet humorist. Mr. Ambury's program is one of deep interest and entertainment. He will appear here October 6th.

On Thursday, November 30th, the celebrated Joseffy will present an evening of music, magic and mystery. In addition to presenting some of the most baffling tricks of the latter day magician, Mr. Joseffy will entertain his audience with violin music, at which he is said to be a past master.

The other features of the course will be presented after the first of the year, and consist of the Apollo Concert Company, an aggregation unsurpassed in the realms of instrumental music and who are admitted to compose the finest saxophone quartette now before an American audience. The performers carry with them \$3,000 worth of musical instruments. The Robbey Male Quartette will present the next entertainment, which will be given in February, and are said to be the acme of excellence in vocal music. In March Mr. Horner Barnhart will complete the course with something new in recital work, inasmuch as he appears in costume with piano accompaniment. The course includes six attractions, and a large number of subscribers have already been secured toward making it a success.

## WANT INDIANS TO DISCARD CLOTHES

An account of the attempt of the Duncans, who have been spending the summer at the big Indian camp at Trout Lake to interest the Indians to return to their primitive costume is told by a visitor to the camp recently. The writer says:

"In the trees near the race track meadow we found a circular tent which was clearly the abode of whites. On a platform above the ground was located an outdoor sleeping chamber. A hand-made loom with partly woven fabric was set up, an indication of the presence of a craftsman, and especially curious for being so far from nowhere. As we were about to help ourselves to a skillet and Bill to weave a change of socks, a man with black braided hair, bare legs and arms, and the rest of his body clad in a thin, yellowish shirt, came up the trail from the camp of a band of Yakimas. He was followed by his Greek wife attired in a robe which was not cut hobbly and legs and feet bare. A little boy of six years, naked but for a little thin shirt, followed. We modestly hid behind the skillet and Bill took to the woods until they had 'finished dressing.' It was the Duncan family, accompanied by a Greek actor. Duncan is a revolutionist in his ideas, and fanatical. He has been in most of the cities and arrested for his scanty attire. They are at the Race Track, he says, to spend the summer in the open, study the Indian, learn his music and get him interested in weaving. He wants the Indian to get back to primitive dress, tells him the white man has wrongfully taken his lands. He thinks it a mistake to try to make an agriculturist of him, and thinks he should be taught the lost art of weaving. Some of the Indians have become interested in his loom and he is going to have three or four made in Portland and sent to them. Mrs. Duncan is very clever at weaving and needlework. For food they subsist on the camas root, and berries, no meat, and drink coffee sparingly.

## HIGH TEMPERATURES JULY AND AUGUST

W. L. Powers, the weather expert at O. A. C., reports the highest average temperature the last two months of any year since 1906. In July the maximum was 100, and in August 92. This is only the fourth time in a dozen years it has been so hot.

In August the highest temperature was 92, August 27, while the lowest was 45, August 18, giving a mean temperature of 65, which is 2 above normal for this month. The greatest range in one day was 40 degrees. A change of 51 degrees in twenty-four hours was noted in July, on the 23rd. July 8 it was down to 39, and a week later, July 16, it was up to 100. The mean for the month was 69.2, or 3.9 above normal.

The large amount of hot, dry weather in July, and strong breezes, caused rapid loss of soil moisture, so that the moisture content in meadows soil had reached the drought point, and sod was badly fired by the middle of the month, while cultivated crops began to suffer severely before the end of the month. The August rainfall was below normal, being but .02 of an inch. One year in five, however, Prof. Powers says, there is no rain in August, so the precipitation is not exceptional.

## APPLES MUST HAVE WEIGHT STAMPED ON

According to an order of the Commissioner of Weights and Measures of New York, boxes of apples shipped to that city this year must have the net weight of the contents marked on the outside.

The commissioner states that after November 1st he will prosecute for sales of apples, pears or quinces in boxes, crates or containers, which does not contain exact half bushel or multiple thereof, or even divisions thereof by two, unless the package is plainly marked or labeled on the outside with the net weight or measure of the contents.

In reply to a letter addressed to him by W. N. White & Co., the New York apple men, stating that receptacles for shipping apples have already been purchased this year, the commissioner states that he will enforce the law without fear or favor, regardless of individuals, but adds:

"It is not my desire to cause any hardship to grower or dealer, and if they have a supply of boxes on hand for the present season, I would advise that they mark or label on the
