

COUNTRY CORRESPONDENCE

UPPER VALLEY NEWS

Chas. Isham Moody, who wears the smile that never wears off, has just finished clearing sixteen acres adjoining his already large tract and contemplates setting it to apples and strawberries next spring.

The ladies' auxiliary of the United church of the Upper Valley extends a cordial invitation to the people of the valley to attend a social to be held at McIsaac's hall Friday evening, November 10th. Music and refreshments will be features of the evening.

The wisecracks that infest this region could not surmise for what purpose a crane, with a lifting capacity of thirty tons, was to serve at Parkdale. One volunteered the information that it was to lift the actor who is to play the heavy part at the coming show of the Progressive Association, from the car, but such was not the case, however, for a six-horse dray was seen coming down the valley road which contained something that resembled a cross between a torpedo boat and an airship, but which proved to be a gigantic parsnip that was to be transferred to the Mount Hood railroad. It was labeled, "Grown at Fairview farm by Chas. Steinhauer."

Prof. Walton, assisted by Dr. Cook of Portland, performed an operation here recently that if successful would

have proved very valuable to the profession at this time. The case they diagnosed as one of appendicitis and required an immediate operation. Dr. Cook, who disclaims any connection with the name of Artie fame, administered the ether. The first incision severed the windpipe which, naturally, caused instant death. The doctors claim the operation was a success as death was caused from shortness of breath and not appendicitis. Barney Cooper, chief of police, who witnessed the operation, thought it a case for Coroner Johansen and notified him. After reviewing the remains the coroner ordered Dr. Cornell of the U. C. M. (United Chicken Manufacturers) to perform an autopsy. The deceased was a valuable pullet of the Tobey-Stelney strain.

PARKDALE

John Gordon is busy slashing a new piece of land.

Mr. and Mrs. Palmer have gone to Portland for the winter.

Mr. Gregory is again at his old stand in the Parkdale store.

There was a large attendance at Valley Crest services Sunday.

Mr. Rhodenheiser made a business trip to Hood River last week.

Mr. Twelves of Valley Crest is a most successful trout catcher.

J. W. Elton of The Dalles came up from Hood River last Wednesday.

Mrs. C. E. McIntosh has been visiting her mother, Mrs. Waters, in The Dalles.

Mr. Candee of Valley Crest has been hauling hay from Parkdale for Mr. Rawson.

Ed McConn has been helping shingle Mr. Rawson's new barn on Firdale homestead.

Messrs. Davies and Dresser were in Pine Grove last week, and finished picking apples for Mr. Mohr.

The beautiful Brookes comet is still seen in the east. It appears about 4:30 a. m. north of the morning star.

B. O. Kelly returned to his homestead Thursday after picking apples in the lower valley for several weeks.

October 31st was an evening of events for the young men in Upper Hood River Valley and many farm gates disappeared.

NOW IS THE TIME TO BOOST THE LIBRARY

"Now is the time—this week," says a good friend of the library movement, to bring to a practical focus our influence for a new county public library. The petitions will be presented to the property owners at once. If any are in doubt, it is suggested that they make careful inquiries from those who present the petitions.

Publicity in this, as in other matters, will be beneficial to all.

Those who understand the project realize how little the library committee is asking and how much it hopes to accomplish. We wish to bring Hood River up to the intellectual status of the progressive western cities. The value of a public library is well stated in these words by F. A. Hutchins:

"Libraries are needed to furnish the pupils of our schools the incentive and the opportunity for wider study; to teach them the art and science of reading for a purpose; to give the boys and girls with a hidden talent the chance to develop it; to give to mechanics and artisans a chance to know what their ambitious fellows are doing; to give to men and women, weary and worn from treading a narrow round, excursions in fresh and delightful fields; to give to clubs for study and recreation, material for better work, and, last but not least, to give wholesome employments to all classes for those idle hours that wreck more lives than any other cause."

Congregational Church Notes

The Sunday school reached the high water mark in attendance last Sunday, 143 being present.

The Riverside church will entertain the state conference of Congregational churches next October.

The work of plastering the new church has been authorized by the trustees and will be pushed as rapidly as possible.

Pastor Harris was elected one of the examiners of Pacific University for the ensuing year by the state conference which just convened in Portland.

The annual banquet and business meeting of the church will be due the first week in December and it is planned to make it the greatest thing ever given by the church.

The pastor preaches next Sunday as usual. "The Art of Arts" will be the morning theme. In the evening the subject will be "The Kind of Religion We Want and the Kind We Need." Good music, as usual.

Wednesday evening at 7:30 Miss Howard will talk to all interested in Sunday school work on "The Preparation and Teaching of a Sunday School Lesson," at the home of Mr. and Mrs. Ingals at the head of the stairs on Ninth street. All are invited.

CANDIDATES NAMED FOR CITY OFFICES

So far no candidates for city offices at the coming election have been definitely announced, although a number have been suggested by the citizens of the heights. The latest ticket named is J. H. Gill, A. C. Staten, James Stranahan and J. E. Robertson for councilmen, Geo. Dimmick for recorder, and E. O. Blanchard for treasurer. It is not known as yet whether these gentlemen will accept the nominations, although the suggestion of their candidacy is being favorably received.

Mr. Dimmick, it is said, will accept the nomination for recorder, and it is believed that he would fill the office very acceptably. He has been deputy assessor for Hood River county for several years and is competent to fill the position. The abilities of the other men are well known to Hood River citizens, Mr. Robertson having been on the council for some time and Mr. Blanchard having served in the capacity of treasurer for several terms. Mr. Gill has always been in close touch with city affairs and has taken a warm interest in their administration, as has also Mr. Staten. Mr. Stranahan was a candidate for councilman at the last election, having been defeated by a small majority.

FOOTBALL GAMES RESULT IN 0 TO 0

Scoreless games seem to be the rule in local football contests this year. The Hood River Boosters, Junior, who played the Prineville High School team Friday, failed to score, as did also the visitors. The game was a hard-fought contest, with the local boys putting up the best of it. Although the Prineville team averaged ten pounds more than the Hood River team, the Crook county aggregation could not down their lighter, aggressive and active rivals.

Sunday the Wabash Athletic Club team, of Portland, played the big Hood River Booster team. Neither side scored, the game resulting in a goose egg all round. The sport was good, however, and was witnessed by a fair sized attendance.
