## NEW MUSIC STORE OPEN FOR BUSINESS

To every citizen of Hood River and vicinity: Have you a talking machine or phonograph? If you have one you should be interested in knowing that we have opened a store in the Helbronner building on 3rd street, where we will carry as complete a line of both disc and cylinder records as any distributor on the coast can furnish us. These records, of course, will fit and can be used on any make of disc or cylinder machine, and are the best records made of their respective kind—Victor and Edison.

If you have no machine you will undoubtedly want one sooner or later, and will be interested in knowing that we also have a complete line of the Victor and Edison machines, where you can see and hear what you are getting, and can get it at the same price you would have to pay at the factory or any other large city. Isn't it an advantage to you to be able to buy at home, saving time and additional expense in getting them? We think it is. And then—we want your trade, and must have it, to put the business on a living or paying basis here. We know the business is here and we want it. We have had faith enough in it to fit up as up to date a place as you will find anywhere, demonstration rooms, etc., and it is now up to you to make it a success. ## DIED

**MISS GENEVA CARLISLE**  
At the home of her sister, Mrs. M. H. Lamond of Portland, Miss Geneva Carlisle, daughter of Mrs. S. B. Carlisle and sister of Mrs. Franklyn Smith and Miss Maude Carlisle of this city departed this life Sunday, Nov. 19th. The funeral service was read by Rev. E. T. Simpson at St. Mark's Episcopal church, Hood River, Monday at 2 o'clock p. m. and interment followed at Idlewild cemetery.

Miss Carlisle's death is mourned by a host of friends. Just blooming into womanhood, her illness began a year ago as she was entering her senior year at St. Helen's Hall, Portland, where she had been a much loved and popular student for the two previous years. A requiem mass was sung for her at St. Helen's Hall Tuesday morning. Her beautiful character and loving disposition will always be remembered by those who knew her.

## Has Hand Injured

M. M. Hill sustained a serious injury to his hand Saturday while getting his auto in shape to run to town. Having trouble in getting it warmed up, he reached into the gearing of the pump shaft, which caught his glove and drew his hand into the machinery. The glove was torn to shreds and Mr. Hill's hand so badly bruised and lacerated that he had to summon a physician. Until the swelling goes down it will not be known whether any of the bones are broken.
