The vesper service at four o'clock each Sunday is at each meeting increasing in interest and importance. It is the ushering in of a new era and introduction of the new church and return toward restoration of primitive christianity. The round table talk of the pastor last Sunday on the possibility of restoring the submerged classes to their rights, to the resources of nature and a respectable subsistence was very interesting and instructive.

the necessary building ordinance recently passed by the Mount Hood town council and has placed fire escapes on his new building. He has the stage equipped with an asbestos curtain and several sets of scenes are being painted by an eminent artist.

Burpee and Summers, two recent arrivals in the valley, are emulating the wise virgins and have trimmed enough cordwood during the winter to provide fuel enough for several seasons to come.

A program of modern songs and character acting was presented to the music lovers of the Upper Valley by the Robley Male Quartet on last Monday evening. This was the best attraction presented by the entertainment committee of the Progressive Association so far in the lyceum course, and those who attended were amply repaid. To please a Parkdale audience, which generally is composed of talented people, is a stout task indeed, and not only pleased but delighted them.

A special meeting of the Progressive Association will be held Saturday, February 10, at 2 p. m. in McIsaac's hall, Parkdale, to reconsider the vote on the report of the road committee. The report recommended the construction of the Nell Creek road, to the base line, then a spur on the base line to Parkdale, thence from the base line and Rodenhiser's east corner south to Valley Crest. All citizens, irrespective of membership in the association, are earnestly requested to attend this meeting and voice their sentiments on this important matter.

Prof. W. H. Lawrence, the valley horticulturist, visited the Upper Valley Thursday afternoon and gave a practical demonstration in first aid to the injured fruit trees. He selected the Babson Bros.' orchard as a good

subject and performed several operations for the edification of the orchardists. On Friday morning he imparted valuable information at McIsaac's hall on the proper treatment of injured trees and mapped out the prospective course of his activities for the coming season. He recommended, and everyone should avail themselves of the opportunity, purchasing a high grade thermometer for taking the minimum and maximum temperature. If you desire one of these instruments, the cost of which is \$3, notify Professor Lawrence.

WHITE SALMON

(From the Enterprise)

With an eight-inch pipe the crew under Engineer Walsh is cutting down the hillside on the Erik place overlooking the Narrows of the White Salmon. The water is sluiced through and cuts down great chunks of earth. This work is preparatory to the laying of the concrete for the wings of the big dam. Mr. Walsh says the power house will be located in the Narrows.

FOR HUMAN OR ANIMAL FLESH

A remedy that is equally efficacious in healing the wounds, sores, sprains or other ailments of the flesh of man or beast.

BALLARD'S SNOW LINIMENT

A healing remedy to effectively meet the needs of animal flesh need not be a harsh, strong mixture, too drastic for the human body; Ballard's Snow Liniment is proof of this. It ranks with the best of the fresh healing remedies designed for man; and it is equally as prompt in curing the wounds and flesh diseases common among animals. Owners of blooded horses prefer it to any other liniment because it leaves no disfiguring scars in any of the minor accidents or ailments. It heals by a mild power to which the flesh of horses responds readily.

It is of great value in healing harness galls, barbed wire cuts, wounds, festering sores and many other ailments to which horses are subject. In the relief of human suffering, it has done a world of good, particularly in easing the pains of rheumatism, neuralgia, sciatica and lumbago. When gently rubbed in where the pain exists, it gives a most gratifying relief to the afflicted. As a household remedy for cuts, burns, bruises, sprains, contracted muscles, stiff neck, frost bites, swellings, chilblains, ivy poisoning, there is nothing better on earth.

Put Up in Three Sizes, 25c, 50c and \$1.00 per Bottle.

Even if your cough grows no worse, unless you get rid of it right away it will become firmly settled and stay with you for months, seriously weakening your lungs from the continual strain.

Buy some good cough medicine to-day and stop it now. We have several excellent cough remedies that will give you relief. We can heartily endorse **Rexall Cherry Bark Cough Syrup** for coughs, hoarseness and sore throat. One dose of this new preparation is guaranteed to relieve any cough, and one bottle to cure it.
