HOW TO CONTROL PESTS IN ORCHARD

Under this head Professor Lawrence will publish spray calendars and other matters of timely information for orchardists during the summer.

1. Pests controlled by methods other than spraying:

Crown Gall or Hairy Root. Do not plant trees infested with this disease. You will not make a success of the orchard business if you do.

Fire Blight. Prune out all hold-over cankers. Cut several inches below each canker. Keep the pruning tools wet with corrosive sublimate. Dip in 1000 parts of water, also saturate every cut. Burn all pruning cut on.

2. Pests controlled by spraying. Use a sprayer giving a pressure of 150 to 200 pounds. Splash the spray beneath every flake of dead bark, behind every bud and in the angles of every branch. Use an extension rod eight to nine feet long provided with a 45 per cent angle crook equipped with a Bordeaux nozzle. Do not use a nozzle throwing a mist spray. Take plenty of time to do thorough work. Thorough work gives the results.

San Jose Scale. Spray infested trees with winter strength lime-sulphur before the buds open. Coat every portion of the tree. Remember to spray the upper side of each branch. Drive the spray around the scales so that they are thoroughly saturated.

Red Spider. Scrape the trunks of the trees to remove the scales of bark beneath which the spiders hibernate. Remove the dirt around the crown of each tree to a depth of four or five inches. Spray the crown and trunk thoroughly with lime-sulphur. Also be careful to fill the angles between the large branches with spray. Red spiders are only killed when thoroughly soaked with the spray.

Green and Brown Aphids. Coat the eggs thoroughly with lime-sulphur spray. Spraying while the buds are swelling gives the best results.

Anthracnose. Thorough spraying with 6-4-50 Bordeaux mixture is advised in orchards where the injury from this disease is serious. Experiments have shown that enough of the Bordeaux sticks to the tree to be effective the following autumn. This spraying is only recommended in

BOYS WIN; GIRLS LOSE IN STEVENSON GAMES

The High School basketball team won from Stevenson in the game played at the latter place Friday evening. The score was 27 to 19. The local girls' team played the girls' team at Stevenson and was vanquished by the score of 19 to 2. An excursion was run to Stevenson for the game and about fifty went.

Two games will be played at the rink here this evening. The local High School team will play the White Salmon High School team and the Hood River Collegiates will meet the team representing the Odell Athletic Club. The game will start at 7:35 o'clock.

cases where fall spraying is impossible. The above recommendations are only applicable until the buds open. Other timely hints will appear later.

A SACKFUL OF SATISFACTION

can be had at our establishment for a little outlay for cash. But we do not want to lay so much stress on the quantity as on the quality you get for your money. In these days of pure food agitations we make it a point to be very particular in our purchases, ensuring to our customers only the purest and healthiest of provisions.

MERCHANTS GIVING PRIZES FOR FAIR

Local merchants have responded generously to the request that they furnish premiums of either cash or merchandise to serve as prizes at the county fair for children which is to be given in September under the direction of the extension department of the O. A. C. It is now assured that an attractive supply of premiums will be available. These premiums will be given for the best sweet corn, onions, tomatoes, and sweet peas, asters, jellies, canned fruit, poultry, sewing, mechanical invention and the best packed box of apples.

The first prize will be either \$5 in cash or else merchandise worth that amount. The second prize will be \$3 and the third \$2. There will be two classes, one for children over twelve years of age and one for children under that age. The committee in charge includes C. D. Thompson, G. R. Castner and Joe D. Thomson.

The original plans have been changed to the extent that one central fair will be held rather than five district fairs throughout the county.

ANNOUNCEMENTS OF CANDIDATES MADE

For State Senator

To the Republican voters of Wasco and Hood River counties:

I hereby announce myself as a candidate for state senator for the sixteenth senatorial district of Oregon, subject to the will of the Republican voters of said district to be expressed at the primary election to be held on the 19th day of April 1912.

I am a progressive Republican, and believe firmly in the Oregon system, the primary law, including statement number one, the initiative and referendum and recall, and firmly believe in the extension of the powers of the people, and if nominated and elected I will use my best efforts to promote the interests of the people of my district and the state of Oregon, and favor all laws to further restrain and control the operations of the big corporations.

D. J. COOPER, adv.

Candidate for District Attorney

To the Republican voters of Wasco Crook and Hood River counties: I hereby announce my candidacy for the Republican nomination for district attorney for the Seventh Judicial District, comprised of Wasco, Crook and Hood River counties, at the coming primaries to be held April 19, 1912. If nominated and elected, the duties of the district attorney's office will always have first consideration. I shall strive fully to enforce all laws, and protect, to the utmost of my ability, the interests of the whole people of my district. I pledge myself to give my personal attention to the needs of each of the counties comprising the Seventh Judicial District.

CARLTON L. PEPPER, adv.

Announcement by W. A. Bell

To the Republican Electors of Crook, Hood River and Wasco Counties:

I hereby announce myself as a candidate for the Republican nomination for District Attorney at the coming primaries, April 19; that I have resided in the district 25 years, at Prineville and The Dalles, Oregon, and have been in the active practice of law for the past 18 years; that, if nominated and elected, I will, during my term of office, devote my entire time to the duties of the office to the exclusion of other law business, and give my personal attention and first consideration to the business of the office, and will personally assist the officers in each county in the enforcement of the criminal law, and especially will I exert myself to enforce the law against vice, immoral acts and the traffic in white slavery.

W. A. BELL, adv.

For District Attorney

I hereby announce my candidacy for the Republican nomination for district attorney for the seventh judicial district, at the primaries, April 19th. I will personally prosecute violations of the law and assist officers in conducting the business of Crook, Hood River and Wasco counties in a vigorous, prompt and businesslike manner. If nominated and elected.

ERNEST C. SMITH, *

Christian Science Services

THE MAXWELL

Maxwell proved decisively in the Glidden Tour its pre-eminence as *the reliable touring automobile*. Four cars proved 100 per cent efficiency at all times throughout the 1454-mile run over the *hardest roads in the United States*, winning all trophies offered. *Maxwell* was the only *perfect score* team—the easiest car on tires, the *victor* among 64 of America's best known cars.

The Car for the Family Man

Maxwell Mascotte \$980
 F. O. B. Factory (Top Extra)

Here is the *Maxwell* for the family man, for the particular man of limited income—a car in which the *Maxwell* characteristics of *reliability* combined with *high grade appearance* are fully developed. The aristocrat of moderate-priced cars is the well deserved name given to the *Maxwells* because even at the comparatively low prices they wear longest, are easy to operate and maintain, and have given universal satisfaction to 51,000 owners. Many makers have tried to produce a car of *equal character* at this price, but they lack the great purchasing power, unequalled manufacturing facilities and quantity production of the United States Motor Company. The *Maxwell Mascotte* is the best real family car to be offered for less than \$1,000. It is unmatched within \$200 of its price. Write for literature.

SPECIFICATIONS

- MOTOR**—Four vertical cylinders, 4x4 inches, cast in pairs, rated 25 horse-power, developing 30 horse-power actual. Inlet and exhaust valves mechanically operated and inter changeable, located on opposite sides. Motor thoroughly protected by sheet metal pan. All engine parts free from dirt and contact with road obstacles.
- CARBURETER**—*Maxwell* design, improved type, single adjustment, most economical.
- IGNITION**—Dual, magneto and battery, insuring steady spark. Easy accessible. No hidden wires.
- COOLING**—Columbia type radiator, thermo-syphon system, no pump. Positive, never leaks, absolutely automatic and reliable at all temperatures.
- OILING**—Force-feed, single delivery, splash system, single sight feed located on dash in view of operator; automatically oils motor and clutch. Positive action.
- TRANSMISSION**—Sliding gear type, three sparks forward and reverse. Simple to learn, easy to operate.
- CLUTCH**—Metal, multiple disc. Made of first quality saw steel.
- DRIVE**—Shaft with bevel gear, two universal joints. No friction, no lost power, dust proof and noiseless.
- BODY**—Ventilated foredoor, vestibuled smooth flush sides with inside control. Made of pressed steel with stamped mouldings. Ample upholstered in high grade leather and hair. Steering wheel 17-inches in diameter with Stoddard-Dayton type of spark and throttle control levers.
- CHASSIS**—Frame, first quality pressed steel, hot riveted.
- AXLES**—Rear, semi-floating; front, tubular type, latest design, extra heavy drawn steel tubing.
- WHEELS**—Artillery pattern, 32-inches, first quality hickory, twelve spokes, both front and rear wheels.
- TIRES**—32x3 1/2 inches, large enough for comfortable riding, small enough for economical operation. Rims quick-detachable, easily removed.
- WHEEL BASE**—104 inches. Tread 56 inches, 60 inches for Southern trade. Long wheel-base insures easy riding comfort over roughest roads.
- SPRINGS**—Half elliptic front, three-quarter elliptic scroel rear, made of imported English steel, strongest and most expensive. Easy on tires.
- BRAKES**—Two sets, double acting on rear hubs, internal expanding, external contracting. Large braking surface. Asbestos and copper wire woven lining.
- FUEL CAPACITY**—Gasoline 12-5 gallons; oil 5 pints; water 5 gallons.
- COLOR**—Blue-black with battleship gray wheels, white striping.
- PRICE**—\$980.00, f. o. b. factory. Includes magneto, generator, two gas lamps, two oil side lamps, one oil tail lamp, horn, tool-kit, jack, pump, tire repair kit, tool box. Has foot and robe rails, carpet and mat on tonneau floor.
