# Maxwell "Mascotte" A Twenty-five Horsepower Roadster, \$950.00

THE Maxwell "Mascotte" fulfills your wish. It is the car you have waited for, at the price you can afford. No car within \$200 above its price compares with the "Mascotte." In every way it is a car you will be proud to own and can afford to maintain. Ownership of the "Mascotte" fosters pride. While low-priced, yet it is first-class in construction and stylish in appearance, and makes you feel at ease in the most select company.

### QUANTITY MAKES PRICES POSSIBLE

No company can afford to put the quality of material and skilful workmanship into a car of the "Mascotte" type, lacking the unlimited purchasing and unequalled manufacturing facilities afforded through the United States Motor Company. Unquestionably this first real roadster is without a rival. We urge comparison with other cars before seeing the "Mascotte." It is only by careful comparison that the real merit of the "Mascotte" is appreciated.

Ask any Maxwell owner what he thinks of Model "I" of which the "Mascotte" is the offspring. His answer will be the best proof why you should give the 1912 "Mascotte" your consideration and choice. The same unfailing reliability, the same durability and every-day-in-the-year service for which the Maxwells are famous is found in the "Mascotte."

The "Mascotte" Roadster is the newest thing in automobile construction. Its stylish body, with graceful lines, elegantly finished in Mascotte gray with black striping, anticipates and is equal in design and color of this year's European leaders of fashion. If ever a motor car is purchased for its style and aristocratic appearance, the "Mascotte" will be that car.

The upholstery and trimming of the "Mascotte" Roadster are unequalled in any car costing \$2,000. Only fine quality leather and curled hair are used. It takes 35 pounds of hair to upholster the "Mascotte." The seats are 7 1/2 inches high in front and tapered to give easy riding position. The seat backs are large and soft and shaped to fit the position of the back. Add to this 44 inches leg room and you have a reclining position that makes fatigue impossible.

At \$950.00, including gas lamps, magneto and generator, the "Mascotte" Roadster offers wonderful value. Unquestionably it has no equal for style, speed and durability.
