CANDIDATES AND COIN

Roosevelt Campaign will be hampered by no Lack of Funds.

There is one advantage which is generally conceded to Colonel Roosevelt, and that is that his campaign will be hampered by no lack of funds, says a Washington correspondent.

Not only have his managers at their disposal the very liberal contributions collected to promote his boom by the committee headed by George W. Perkins and Frank Munsey, but the members of the Roosevelt executive committee are all "malefactors"—beg pardon—men of great wealth. Alexander H. Revell is a millionaire furniture dealer; Truman H. Newberry is a millionaire manufacturer; Gifford Pinchot and his brother, Amos Pinchot, each inherited a million dollars; State Senator Fling, of Pittsburg, is a wealthy man; Walter Brown, of Ohio, has made a comfortable fortune as the attorney for Dan Hanna, and Mr. Hanna himself can contribute any amount of cash and not feel it; Cecil Lyon, of Texas, is the owner of large ranching properties, several banks and abundant capital, and the "old guard" committee man from New York, William L. Ward, is understood to be fairly well off.

All of which seems to warrant the assertion of one of the Roosevelt supporters, who said: "This is no piker's game. We've got the chips and the players."

The Winning of the Glidden Tour by the Maxwell Cars---

\$980 f. o. b. Factory (Top Extra)

and what it means to automobile purchasers

Maxwell Mascotte
--the Great American Family Car.

THE Maxwell team was the only one in the tour to finish the 1454-mile contest with a perfect score. This team and one other Maxwell Car won all trophies offered as well as all prize money in their class.

The road conditions were admittedly the worst ever experienced by Glidden tourists, but the Maxwell beat out 63 other cars, some of them costing as much as \$6,000.

Maxwell's big victory must demonstrate to automobile purchasers the dependability of Maxwell cars—must solve the problem of what car to buy. The car illustrated here is the

Maxwell Mascotte \$980

Truly termed the ideal American Family Car. No car of equal class and equal capacity is offered within \$200 of the price.

Great purchasing power, unequalled manufacturing facilities and quantity production, make it possible.

The Mascotte is built entirely by the U. S. Motor Co., and into it has been put every fine point of Maxwell construction which made easily possible the great triumph of Maxwell cars in the Glidden Tour. It is a

car for the particular man of limited income who has waited for a high grade car of suitable size for less than \$1000. It has individuality and an atmosphere of its own. It can be shown to advantage with the most expensive cars. It lacks nothing of their high grade, despite its low cost.

Bring your family and have a ride in the Mascotte—or we can run the car to you. Be sure to obtain "The story of the Glidden Tour" and "How to Judge an Auto." Write, if you cannot come in today.

Powder Users

On Friday of this week there will be two demonstrations of a new stumping powder, manufactured by the American Safety Powder Company of Portland. This powder does twice the amount of work that the dynamite charge will do. It cuts your powder expense in half. It will leave no headaches.

The first demonstration will be at ten o'clock Friday morning at Babsons' ranch near Parkdale. The second will be at the Oak Grove store at three o'clock Friday afternoon.

Come and see for yourself
