Men's Clothes Cleaned and Pressed

The work we do upon Men's clothes is very much better than that you obtain at every average pressing shop.

We really clean your clothes—not merely sponge them over and remove, for a time, spots by local treatment.

And we press your garments as would a tailor. Make them fit right, hang right and hold their shape.

Our service may cost you a little more, but it's cheaper in the end, for its not required as often.
