### PERSONAL MENTION OF PROMINENT PEOPLE

Fears are entertained that Joaquin Miller, the "Poet of the Sierras," who is ill at his home in Fruitvale, Calif., will not recover. Miller is nearly 80. He broke down following his exertions as a Fourth of July orator and a motion picture actor.

State Senator Isaac E. Huffman, convicted in the Ohio legislative bribery scandals, was sentenced Friday to serve three years in the state penitentiary.

President Taft has signed the resolution conveying the thanks of Congress to Captain Rostron and the crew of the steamer Carpathia for their work in rescuing Titanic survivors.

C. R. Drummond, of tobacco fame, and who was recently found guilty of bigamy in St. Louis and sentenced to six months in jail, is living in San Diego with Mrs. Drummond No. 2.

William McMurray, general passenger agent of the O.W. R. & N. Company, left his parents in Ireland 30 years ago. He has not seen them since. Next Sunday morning he will leave Portland for a visit among boyhood scenes until nearly the middle of September. He will be accompanied by Mrs. McMurray.

### POLITICAL NEWS OF ALL SORTS

Eugene W. Chaffin of Arizona, was nominated for president on the first ballot by the national Prohibition convention at Atlantic City, N. J. White ribbons of the nation wanted Judge Ben Lindsey as the Prohibition party's candidate for the presidency. A telegram from Judge Lindsey read: "I have made promises to the Progressive party which makes acceptance impossible."

Announcement has been made by Governor Woodrow Wilson that he has arrived at a decision regarding the new chairman of the Democratic national committee. Until the decision is communicated to the committee, which was to meet yesterday, he said he would not make his selection known.

Senator Robert M. La Follette went on record Friday as opposed to the third party movement fathered by Colonel Roosevelt. In an editorial in La Follette's Weekly, he not only declares against the Roosevelt move, but scathingly attacks the colonel's motives in organizing the new party. La Follette's editorial is headed "The Case of Mr. Roosevelt," and he sums up his conclusions as follows: "Mr. Roosevelt appeals to progressives to join his party. Roosevelt's whole record demonstrates that he has no constructive power; that he is progressive only in words; that he is ever ready to compromise in order to win, regardless of platform promises or progressive principles."

In a strong editorial in the Outlook Theodore Roosevelt makes another attack on Taft. The editorial is written under the caption, "Thou Shalt Not Steal."

Every man elected at the city election in Atlantic City Wednesday was a member of the Elks.

In his famous Ryan-Belmont-Morgan resolution at the Baltimore convention, William J. Bryan states that he omitted all reference to the criticism of President Taft out of consideration for the feelings of Mrs. Taft, who was in the audience.

Governor Hadley states that he will not support Roosevelt electors in Missouri. He reiterates the assertion that he is opposed to and will take no part in the organization of a third party.

At a recent meeting of the Prohibition party held at Milton, Oregon, sentiment ran high and a full county ticket was placed in the field.

Local Democrats have asked William J. Bryan to come to Tacoma at any time soon convenient for him to address a great state ratification meeting in the Tacoma stadium. A crowd of 50,000 is pledged him for the occasion.

### BOY SCOUTS OF AMERICA WILL TRAMP

About 15 members of the local camp of the Boy Scouts of America will leave this morning for their hike to Lost Lake where they expect to remain for about two weeks. The boys will make the trip afoot and carry blankets, cooking utensils, grub, etc. to last them during their outing. It is expected that the trip to the lake will be made in three days. The boys will stop and camp at the best fishing places enroute. Rev. E. T. Simpson will be in charge. Messrs. Crocker, Almslee and Dr. Kanaga, instructors of the Boy Scouts, will also accompany the boys to the lake. W. W. Schultz, who has been a Scout master in Philadelphia, will accompany the locals on their outing.

Regular Sunday excursion to Parkdale. Pleasant trip for yourself and friends.\*

### PROCEEDINGS OF THE CITY COUNCIL

Humane society recommended the paving of the business section with oiled macadam. The recommendation was referred to the street committee.

Outside contractors complained at the shortness of time between the advertising of the bids and the opening thereof for the laying of the city water mains. Time was extended until July 29.

The Decarie Incinerator, proposed for Hood River, was recommended by Portland and discounted by Spokane, by official letters from experts. Time was given for further consideration.

Improvement of 9th street was referred to street committee with power to act.

Crosswalks were ordered laid on Columbia street.

The matter of the care of the city park was referred to the street committee.

Matter of cutting the limbs from trees overhanging the sidewalks and poking pedestrians in the eyes was referred to the street committee.

The moral crusade to trap the drug stores in selling "booze" that cost the sheriff and marshal \$275 was discussed for a refund, but there was nothing doing.

Mayor Blanchard suggested that the city ordinances be recodified and reprinted. The matter was referred to the street committee.

### Detroit Fire Department Buys Twelve Carter Cars

Again the Detroit Fire Department has placed a repeat order with the Cartecar Company for more cars to be used by the Battalion Chief in responding to fires throughout the entire city. This time the order is larger and better than ever as twelve Model R Roadsters are to be delivered as soon as possible.

The Detroit Fire Department was one of the first in the country to adopt motor cars for general use in the department. Eight years ago they purchased a Cartecar. A year later they bought another. Last year they ordered five more and now they are buying twelve in one lot. While this is the case, even the cars purchased seven and eight years ago are in daily use.

An order like this coming from the Detroit Department on top of the one secured a few weeks ago from the Fire Department of Milwaukee for seven cars, gives a pretty good idea of what the mechanical and maintenance divisions of this branch of the city service thinks of the Cartecar. The unusual simplicity of the friction transmission and the absence of complicated parts makes the Cartecar especially desirable for work where reliability plays so important a part.

When all of this new equipment of Cartecars has been delivered, the Detroit department will undoubtedly be the best equipped and most up-to-date of any in the country. The cars will be regular Model R Roadsters in every respect except that they will be finished in the bright red used by all fire departments.

### MAZAMAS WILL CLIMB MOUNT HOOD

About 60 mountain climbers, members of the Mazamas, arrived in Hood River Monday from Portland and took a special over the Mt. Hood Railroad to Parkdale from where they march to Mt. Hood and pitch camp. The party is in charge of Francis Benefiel, of Portland, chairman of the Mazamas. It is expected to make the ascent of the mountain on next Monday. The climb will be made from the north side where long cables have been lowered from the summit of the mountain to aid the climbers.

This year's climb will mark the 19th annual outing of the Mazamas who organized on the mountain that they are now to climb. Preparations are being made to burn several hundred pounds of red fire on the evening of the 19th.

The climbers will visit Elliot Glacier, Ladd Glacier, Newton Clark Glacier, Zigzag Glacier, White River Glacier and Coe Glacier before their return.

Those arriving for the trip are: Miss Marie Rustin, Miss Mary Ten-thorne, Miss Beatrice Young, R. S. Carroll, Miss Elsie Silver, E. R. Hulbert, Miss Anna Dillinger, Miss Elizabeth Yost, George Riddell, Miss Martha Nilsson, Miss Edith Ellis, Miss Ella Ehmson, Miss Alice Banfield, Miss Gertrude Bide, Miss Blanche Hart, Miss F. G. ### NATURAL FRUIT JAMS SUPERIOR

That natural fruit jams are far superior to cooked jams is the opinion of Professor C. L. Lewis of the O.A.C. department of horticulture. He describes his method of preparing them as follows:

"Such fruits as red and black raspberries and strawberries make the most delicious uncooked jam, and one can enjoy a very palatable short cake in the middle of the winter at very small expense. To prepare this jam, be sure first that your berries are sound. Throw out all soft, mouldy, or in any way decayed fruit. This is imperative. Then mix equal amounts of sugar and fruit, and crush the whole mixture carefully. Be sure that no berries are left whole."

"Before putting into the jars, some people stir the fruit occasionally for several days to be sure that the sugar and fruit become thoroughly mixed. After the fruit and sugar are so mixed, put them into fruit jars but do not seal them. The only covering that should be given them is a little paper to keep out dust. If the jars are sealed, the chances are that the fruit will spoil, but if left unsealed, it can be kept for some time. I have kept it for two years."

"Red and white currants treated this way make a delicious jam. This is somewhat different from that known as sun-dried jam. The sun-dried jam is cooked somewhat. In the natural jam the flavor of the fruit is preserved."

### Hurry, Fret and Worry Curse of Every American

By the Rev. A. EUGENE BARTLETT of Chicago

AMERICANS ARE GOOD WORKERS, BUT VERY POOR WAITERS. They cleared the forests in a quick, wasteful way for their first planting. They did not stop for a careful survey before they laid out the streets in many an eastern city. They simply LET THE COWS LAY OUT THE PATHS and hastily made them afterward into streets.

Because Americans are unwilling to wait for a properly finished product we have many things manufactured with little reference to quality. So many are asking HOW CHEAP RATHER THAN HOW GOOD, that there is always a market for the inferior goods sold at bargain prices.

EVERYWHERE THROUGHOUT AMERICA WE SEE THE EVIDENCES OF HURRY, FEVER, FRET, MEN ARE IGNORING NATURAL PROCESSES. THEY ARE TEARING OPEN BUDS TO SEE WHY THE BLOSSOMS ARE SO SLOW IN COMING OUT.

### AVIATION MEET LARGELY ATTENDED

The Hood River Heights baseball team and the Portland Brooklyn team had honors about equally divided last Sunday in their aviation flights. Hood River coped one run in the first, two in the sixth and two in the eighth. Brooklyn got three in the fifth and two in the eighth and after playing with a tie score for 11 innings the game was called in order to let the Portlanders catch the 5:45 train.

Hart had 20 strikeouts to his credit that breaks the record on the Hood River diamond.

Powers, the one-armed player from Portland, was the sensation of the game. He played in left field and made several catches that were sensational. He coped two hits off Hart swinging the bat with one arm.

The Portland Weonas are scheduled to play the Heights' team next Sunday and a close game is expected.
