A Strong Navy Ever Imperative

Future of Nation Lies on the Seas

By CLAUDE A. SWANSON,
Senator From Virginia

THERE is no question of more vital importance, of more far-reaching consequence, to this nation than that of the INCREASE IN OUR NAVY. A mistake made in this matter now would be most difficult to correct in the future and would be fraught with great danger and might in the coming years culminate in national disaster.

In modern commerce the nation that is helpless on the seas is the prey of all marauders and has its future destiny directed by others.

NAVAL SUPREMACY ULTIMATELY MEANS NATIONAL PROMINENCE AND TRIUMPH. MORE THAN EVER BEFORE SEA POWER IS THE BEST AND STRONGEST POWER.

Are we foolish enough to believe that this great nation, the envy and jealousy of other nations, can be safe if we permit ourselves to become a FOURTH OR FIFTH RATE NAVAL POWER? Could this restrain them when the destruction of our navy would mean the overthrow of the Monroe doctrine and the opening up to them of Central and South America for exploitation and spoliation?

The Panama canal could only remain in our possession as long as the navy can insure it and our foreign commerce could only be sustained by a sufficient navy.

THE FUTURE OF THIS MIGHTY REPUBLIC LIES ON THE SEAS. FAILURE THERE MEANS NATIONAL DECADENCE AND DECAY. WE SHOULD ESTABLISH A RIGID POLICY THAT NO OTHER NATION THAN GREAT BRITAIN SHALL POSSESS NAVAL STRENGTH SUPERIOR TO OURS.
