Most of the pickers and a number of the packers who came in for the apple crop have taken their departure. Pine Grovelites are beginning to take time to draw deep breaths once more.

CENTRAL VALE

The Halloween entertainment at the Central Vale schoolhouse was a great success. The house was crowded and the demand for caps was much greater than the supply. We hope the supply next time will be larger. The only thing to mar the occasion was the crowd of ruffians outside, whose perverted sense of humor exercised itself by the theft of some of the boxes of lunch prepared by the ladies, besides various other lawless acts.

After the Doctor-- THE DRUGGIST

The doctor's work is only half what has to be done for the patient. And if the druggist be lacking in ability and care the prescription might as well have never been written. But we make a special study of each case and our own medical knowledge is thorough enough to be of great use to us in those sometimes occurring cases when the doctor, in his haste, makes a slight error.
