SWAP APPLES FOR TRIP AROUND WORLD

Trade apples for trips abroad. This proposition is being put up to the wealthy apple ranchers of the Yakima valley by the steamship companies.

The plan was worked out by Leslie W. Hayes, local agent for the Hamburg-American company and was taken up by H. M. Gilbert, owner of a fruit ranch on Nob Hill, and a member of the commission firm of Richey & Gilbert of Toppenish.

The steamer line has agreed to buy a carload of assorted apples for the voyage around the world of its steamer Cleveland, and in return will credit the price of the car, something like \$1800, on passage for Mr. Gilbert and family for the Mediterranean cruise.

Mr. Gilbert's family consists of his wife and seven children, two less than 10 years old, but he declares that he would not go abroad without all.

His seven full passages and two half passages will cost \$6000 from New York City. In addition he will have the eight round trip fares from North Yakima to New York and back of \$140 each. He intends to go in February, and a number of other wealthy fruitgrowers are planning to get in touch, through Mr. Hayes, with the purchasing agents of the steamer lines for various trips across the ocean.

WILL STUDY LOCAL STRAWBERRY PACK

The Seattle Post Intelligencer says: J. B. Powles left last night for the Hood River strawberry country, where he will study in detail the methods used in packing the fruit for distant trade.

The growers of Vashon Island have just completed an organization for placing next year's crop, through concessions secured by Manager Powles, in Alberta, Saskatchewan and other Canadian provinces by means of a shipment-in-transit privilege, and the crop is already practically sold. Manager Powles estimates that the Vashon Island growers will receive \$160,000 net for the berries of 1913. There will be no surplus crop, and Mr. Powles will insist that extreme care be used in order that the Vashon berry may find and maintain a market on the basis of quality and appearance.

HORSES WINTERED

DON'T send your team to eastern Oregon to winter and get a skeleton back that isn't fit to handle your spring work. Keep it here in the valley where you can see it at any time and see what good shape it is in. It will not cost you much more.

We have just put up some of the finest grain, timothy and alfalfa hay in the Upper Valley. We have a big stock barn and are prepared to care for a number of teams during the winter. We are making up our list now. If you want your team well cared for this winter, you had better write or phone for terms at once
