A Plain Statement of IHC Wagon Value
SOME farmer saves money every time an IHC wagon is sold. Not because it costs less money to begin with, but because of the length of service it gives, an IHC wagon is the cheapest wagon you can buy. The longer a wagon lasts the cheaper it is. That is why it is economy to buy the best wagon—one that will outlast any ordinary wagon. When you buy an IHC wagon

Weber New Bettendorf Steel King
you invest in a wagon built of the highest grade material which experience and care can select or money can buy; built in the most thorough, painstaking manner, by skilled workmen, in factories which have modern appliances for doing work of the highest standard at the lowest possible cost. The conditions under which IHC wagons are built are nearly ideal. All lumber used is air-dried in sheds with concrete floors. This insures toughness and resiliency. All metal parts are made of especially prepared steel, guaranteeing the longest service. Each wagon undergoes four inspections before being shipped so that it reaches the purchaser in first class condition, ready to be put to work at once and able to carry any reasonable load over any road where a wagon should go.

Weber wagons have wood gears, New Bettendorf and Steel King have steel gears. The IHC local dealer knows which wagon is best suited to your work, will tell you why, and will sell you that one. When you see him have him show you all the good points of IHC wagons. You can get literature from him, or, write
