

ELKS WILL GIVE A CHARITY BALL

In sympathy with the Christmas spirit which will soon prevail, local members of various Elks' lodges will give a charity ball on Thursday, December 12, at Heilbronner Hall. Practical philanthropy is one of the articles in the Elks' creed. Last year local members contributed to a Christmas purse which totaled over \$200. This was expended for articles of clothing and Christmas baskets, which were judiciously distributed and

which brought with them to many local homes Christmas cheer of a substantial kind. This year the proceeds of the ball will be devoted to the same purpose.

LOOK TO SEE THE MARKET STRENGTHEN

In a circular sent out by the Grand Junction association the growers are advised that the car shortage is the most serious in the history of the United States, and there is no possibility of relief in sight for the present. Apple shipments are now cut down to about 10 cars per day, which is the limit of the rolling stock obtainable. For the past week growers have been advised to hold their apples and the stock has been refused at the various platforms which are still loaded up.

After stating that the apple situation is not serious, and that the association expects to realize satisfactory prices on all varieties of good apples, the circular letter states:

"We wish to urge all growers to furnish storage protection for all apples still on hand until the car shortage can be relieved, and such storage must be frost-proof. It is very evident that sufficient cars cannot be secured during the next two weeks to move the balance of the crop and unless the growers take immediate steps to provide necessary storage, considerable loss may result.

"The apple market in all consuming territory is in an unsatisfactory condition, which, however, we believe to be only temporary and as soon as the large quantities of cheap bulk and barrel stock from Kansas, Missouri, Arkansas and other producing districts which are fairly flooding the markets, is consumed, the demand for boxed stock will improve."

422,000 POUNDS OF BERRIES CANNED

The Seattle P. I. says: Senator W. H. Paulhamus, president of the Puyallup and Sumner Fruit Growers' Association, gave a lecture last night at the Y. M. C. A. on the question of marketing fruit at a profit. The association has handled about 200,000 crates of berries this year. Its cannery, valued at \$50,000, this year canned about 3,422,000 pounds of berries, which were all disposed of throughout the country. The association is used as a bank for the farmers. They bring their berries into Puyallup and are given a receipt for them. They are then canned and shipped to the best market. The only expense to the farmer is the cost of shipping.

One scheme of the association to stimulate the market is to regulate the price charged to the people. This is accomplished by making a contract with the retail grocers in which the price to be charged is stipulated.
