WEEK'S INSTRUCTION FOR POULTRYMEN

A special short course in poultry farming has been arranged for farmers' week, Dec. 9-14, at the Oregon Agricultural College and Prof. James Dryden has planned an interesting schedule of daily lectures accompanied by practical demonstrations.

Types of poultry farming and different systems of management in the various sections of the country will be discussed and original views on different poultry farms throughout the United States will be shown. There will also be views of plans of serviceable and practical poultry houses for the farm.

Breeding for egg laying qualities will form a prominent part of the instructional work and representatives of the different breeds will be shown. Special emphasis will be placed on egg laying qualities and how good layers may be produced. In this connection the results of the breeding work at the experiment station will be summarized.

Hatching eggs under the hen will be compared with various artificial methods as to efficiency on the farm and brooding and caring for the chicks will be studied in detail. Poultry foods and egg rations will be discussed and Prof. Dryden will report the results of feeding experiments at the station.

The preparation of fowls for market will be given some attention, both as to fattening methods and fattening rations and as to ways of killing and dressing the fowls. Marketing poultry products will also engage the attention of the visiting farmers. Mr. Dryden has made a careful study of the good and poor methods of handling eggs, candling and grading, packing and shipping to market and the practical demonstrations will cover all these points.

The judging of fowls will be demonstrated with several breeds, in a special pavilion which will be open all day throughout the week. It will be fitted with all the equipment and appliances for practical poultry keeping and different breeds of fowls, including both good and bad layers will be shown. Charts and stereopticon slides will point salient facts, and the conversion of Farmer John to the proper viewpoint as to poultry keeping will be given dramatically by moving pictures.

WHITE SALMON

(From the Enterprise)
 Mrs. Estes, mother of Charles and A. B. Estes, has gradually become worse and is expected to live but a short time.

Walter Freeland, who was shot through the breast, has about recovered from the wound. Two weeks ago he was able to walk around, and the past few days has been able to come down town.

Announcements have been received of the wedding of William Rafter and Miss Holmes at Salt Lake City on the 20th. They are now making a trip through California and are expected back to White Salmon about the 20th of December when they will make their home in the furnished house of Herbert Day.

At the caucus of Monday night, A. H. Jewett was nominated for mayor, George Pursler, C. L. Colburn, J. W. Millsap, M. Manley and T. Kelley for councilmen, and M. J. Van Vorst for treasurer. Voters, of course, have the privilege of writing in and voting for anyone not named at the caucus. The members of the council whose terms expire are Messrs. Hayes and Pursler, and J. C. MacInnes, who is not a candidate for re-election.

It begins to look much like a dam at the site of the Northwestern Electric Company up the river. The main fill has been made nearly to the top of the narrow gorge, and on the extremity of the west wing the concrete has been laid and marks the height of the dam when finished. It is over 100 feet from the bed of the river and narrows to 15 feet at the top. The concrete is being poured down from the mixing plant on the side of the hill to the fill on the west side, while an immense bucket carries over the concrete and drops it down on the east side.

Unitarian Bazaar and Bake Sale
 The Unitarian Bazaar and Bake Sale will be held Friday and Saturday of next week, December 6 and 7, in the building east of the Franz Hardware Store. Suitable gifts for Christmas. A specialty of home-made candies, fruit cakes, plum puddings, mincemeat pies and cakes.
 Don't fail to see the Xmas Novelties. No cutting of prices the last day.

Just as we expected, Wilson was elected, the town went dry and Woman's suffrage carried and now indignation meetings are being held all over the valley by the bed bugs because Mr. Bartness will persist in selling Iron Beds, Vermin Proof Springs and Seeley mattresses that are not tufted. There is absolutely no chance for an industrious bug to make an honest living.
