The Viewers' Report on the road petitioned for by A. Butts and others recommended the opening of this road and the report passed the first and second reading, and the clerk instructed to forward the files to the district attorney for his approval.

The Injunction restraining the county from opening the Columbia River road having been dissolved by the Circuit Judge, the Board of Road Viewers was ordered to view and survey said road on the 8th of December, or within 10 days thereafter.

A Matter of Luck.

This conversation between a waiter and a diner in a restaurant notorious

A

MAN came into our store a few days ago, and was just "looking around." He noticed a Feed Cutter which we had on display, and gave us some actual facts which were a revelation to us. He keeps enough horses--and by the way, he is a Hood River man, too--but as we started to say: he keeps so many horses that it required seven bales of hay per day to feed them. Note that word *required*. Several months ago he bought a Feed Cutter--cuts all the hay--every bit of it. But now he *requires* only four bales per day to feed the same number of horses. Now figure that out. A *saving* of three bales per day on a basis of seven bales used formerly, amounts to a fraction less than 43 per cent. Think of it--almost cut the feed bill right square in two.

You can do the same thing. By investing \$35 in one of our Feed Cutters, you can save almost one-half. Just take a few moments to find out what your total bill for this one item alone has been for the past year--then cut off 43 per cent of it and compare the saving with the price of the cutter.

It Pays Big Returns

Gilbert Implement Co.

for the smallness of the portions it served is reported in "Bystander:" "Well, sir," asked the waiter, "how did you find your beef?" "Oh, I just happened to shift a potato, and--well, there it was."

NOTICE TO CREDITORS

In the County Court of the State of Oregon, for Hood River County.
