

## Join The Commercial Club!

If you like your own town best,  
Tell 'em so!  
If you'd have her lead the rest,  
Help her grow!  
When there's anything to do  
Let the fellows count on you;  
You'll feel bully when it's through,  
Don't you know.

If you want to make a hit,  
Boost our name!  
If the other fellow's it  
Who's to blame?  
Spend your money in the town  
Where you pull your shekels down;  
Live and let live all the time---  
That's the game!

If you're used to giving knocks,  
Change your style!  
Throw kind words instead of rocks  
For awhile!  
Let the other fellow roast;  
Shun him as you would a ghost,  
Meet his hammer with a toast  
And a smile.

When a stranger from afar  
Comes along;  
Tell him who and what we are---  
Make it strong!  
Needn't flatter, never bluff;  
Tell the truth, for that's enough;  
Join the boosters---they're the stuff!  
We belong.

**Frank A. Cram, Always Up-to-Date**

### LOCALS AND PERSONALS

Rae Early has been visiting friends in Eugene.

For Sale—5000 d'Anjou pear trees. Inquire of F. E. Jackson. 2-3

**Home of GOOD SHOES**

**Where the Best Values Come From**

#### A Coming Treat

Too much praise cannot be given the Elks for engaging the Schubert Symphony Club and Lady Quartette of Chicago to appear here on February 11 at the Hellbronner Hall. This company is in its 24th year of success, and is acknowledged everywhere to be the most "up-to-date" musical company traveling. Everybody likes music and everybody enjoys a hearty laugh. A delightful blending of pure fun and fine music is one reason why the above company has won its way to the top notch of public esteem.

#### Old man Boreas is getting busy.

**HELD FOR FRIEND'S DEATH**  
Rancher Who Shot Companion "By Mistake" Is Held

W. R. Smith, a rancher residing near Wahkiacus, Klickitat county, will have to appear in court on a charge of manslaughter or forfeit a \$500 bond furnished by his neighbors.

Smith shot and killed Lewis W. Carnahan, mistaking him for a deer, while out hunting on the Big Klickitat River last November with a party of

settlers residing in the vicinity of Wahkiacus.

The two men were friends and lived together on Smith's farm, both being young unmarried men. The action against Smith will be based on criminal carelessness in killing his companion.

Smith was bound over to appear in the superior court by a local justice of the peace the day of the inquest.

He left the next day with the body of his friend for Nebraska and has not yet returned to Klickitat. The serious charge has just been preferred against him.

**W**ELL, things begin to look different. Looked a little blue for a while for the coming spring. But what a difference just a few hours make—a freeze-up in California—the land of sunshine—and up goes the price of apples.

Why, there isn't a day goes by now, but what some orchardist comes into our store and says he wants to look at our Sprayers—and most of these inquiries are due to the fact that prospects are looking better every day. A month ago we couldn't get a customer to look at a sprayer. Now they are asking all sorts of questions. "How much is this outfit complete?" "What equipment goes with this sprayer?" "What kind of an engine is that, and how much horse power?"

These inquiries are what develop into real business. And remember, too, this is only January—with spring and spraying time two months away. With all these inquiries now, isn't it reasonable for us to suppose that we are going to have all the "Sprayer Business" we can attend to properly? And isn't it reasonable for us to urge you to give your early attention to your wants in this line? We think so—and that's just why we are asking you to 'tell it to us'—and tell it now!

It's a good time too, for you to examine our Discs; our Plows; our Harrows; our Vehicles and Wagons—get a line on your needs. We are always glad to show you around our store—always glad to tell you all we know about the different Implements. Glad to explain our Sprayers—to tell you why we think we have the best Sprayer made.

We haven't said much this winter about Automobiles. We will handle the Chalmers line—same as we have for seasons past. We don't see how we can get a better car for the money—or one in which we have more confidence. Chalmers cars have made good. And they've made good here in Hood River, too. We've a goodly supply of literature on the "Chalmers Cars"—a booklet called "The Story of the Chalmers Cars." It is an interesting story of the entire factory where the cars are made. It takes you from one end of the big plant to the other—explaining in detail every operation in the manufacture. It is yours for the asking—a postal will bring it, without any obligation on your part.

Word has just been slipped to our "ad writer" that our roof is leaking to beat the band. "Ad writer" or not, he's got to shovel snow. We could tell you a lot of interesting facts about some of the goods we have to offer you—but that snow must come off the roof first. So we'll continue this in our next.

At any rate, we'll be pleased to welcome you at our store. Come in and look around.

Yours in haste,

**GILBERT IMPLEMENT CO.**
