Things We Should Not Do

By Mrs. HETTY GREEN, Richest Woman In the World

DON'T envy your neighbors. Don't overdress—that is, don't dress flashily—whether you have the means or not, for that will cause envy and jealousy to be aroused in others.

Don't fail to dress warmly. In cold weather low cut gowns and the vanity of some women cause many deaths.

Don't fail to go to church. The church needs you, and you need the church.

Don't eat anything but good, wholesome food. Home cooking is the best.

Don't cheat in your business dealings, for sooner or later your conscience will begin to trouble you, and later you will worry yourself into your grave.

Don't fail to be fair in all things, business and otherwise, and never kick a man when he is down.

Don't forget to be charitable and don't falsify.

Don't forget to take a lot of exercise, of which walking is the best.

Work Is Most Interesting Thing In the World

By WILLIAM LOWE BRYAN, President of Indiana University

WORK IS THE MOST INTERESTING THING IN THE WORLD. The first mistake in this life is the tramp, who carries into manhood the boy habit of QUITTING WHEN HE FEELS LIKE IT, and the second mistake is the jack of all trades. The failures in life are nearly all men who can DO MANY THINGS TOLERABLY WELL.

No real progress can be made in any great undertaking without the tuition of the past. One of the rewards which come of work is the experience and growth of DISCRIMINATING JUDGMENT.

ONE-HALF MILLION DOLLARS

Represents in round numbers the amount of land which we have succeeded in disposing of during the past two years for our clients in Hood River Valley. Not at all bad we are thinking considering the rather unsettled condition of the general real estate market of the country during that time. We are rather proud of the record which accounts for our "blowing our horn" in this manner.

In view of the fact that so much property has been sold from our lists we find that we are short on some few classes of places, and we would be very glad to have listings on any good properties that are for sale in the valley, which we do not now have.

We are now making up our lists for the coming season's work which we anticipate will be a good one, and would be glad to have those who have their property listed and those who wish to give us new listings, call on us as soon as convenient.
