

DRUGS

After the Doctor--
THE DRUGGIST

The doctor's work is only half what has to be done for the patient. And if the druggist be lacking in ability and care the prescription might as well have never been written. But we make a special study of each case and our own medical knowledge is thorough enough to be of great use to us in those sometimes occurring cases when the doctor, in his haste, makes a slight error.

**18,000 CONVERTED
BY "BILLY" SUNDAY**

"Billy" Sunday, the famous evangelist who has a summer home here, has broken the world's records for evangelistic work according to a clipping from the Centerbury, Ohio, Gazette, which follows:

The seven weeks evangelistic campaign by Billy Sunday was brought to a remarkably successful conclusion at Columbus Sunday evening, after a day, which has not been equaled by any single evangelistic day in the history of the world since Pentecost: The evangelist preached that day alone to 40,000 persons and over 2000 made a confession of faith. The collections taken up as a personal offering to Mr. Sunday amounted to \$21,001.58, which was the largest amount he has ever received for single series of meetings. The total number of conversions during the seven weeks was over 18,000.

"Bob Ingersoll was only a mouthful of sweetened air and a painted wind," declared Evangelist Billy Sunday, at the Columbus tabernacle. "His chief work was that of a wrecker, to smash our hope in the hereafter. Upon a three-stringed fiddle he tried to lead a symphony of immortal souls and with a golden manacle he linked us to the dirty, rotting, stinking corpse of infidelity."

"His unbelief in our Christ cost him the governorship of Illinois, the United States senatorship and, I believe, the presidency of the United States. Millions of wicked men and women today are the fruit of his preaching with his fatal eloquence."

"I would rather be an old hag, going down to hell in the byways and slums of the world than Bob Ingersoll with his golden flow of eloquence when it comes to answering before the throne of God."

HOQUIAM LAYS BITULITHIC
Extensive Paving to Be Done During Coming Summer

With fair weather coming on, Hoquiam is actively engage in street improvements.

Business conditions generally in Hoquiam are such as to warrant extensive work as indications point to a long period of increased prosperity and activity.

The intention of the council is to build carefully with permanency as well as first-class streets at the present time as the chief object.

After making a careful study of paving materials bitulithic is being used extensively. Bitulithic has been found to be lasting and economical and especially easy on horses and automobiles.

Its past record in many Northwest cities shows it to be well suited to the climatic conditions of this section, which is a matter of importance in choosing paving.

SMALL CROP EXPECTED
Rogue River Inspector Does Not Expect Heavy Yield

Many of the orchardists of Rogue River Valley are now preparing for the first spraying of the fruit trees, and barrels of spray are taken out every day. The fruit trees have not made much start yet, the frosty nights having held the sap down. The orchards are in excellent condition this spring though Inspector Burke states that owing to the trees having borne so the crop will be light this spring, heavily last year. Both apples and pears will be short crops, though the indication is for a full crop of peaches and grapes. Those orchards where the fruit was thinned most will give the best yield.

WED AT WHITE SALMON

Lloyd H. Nichols, a prominent young business man of White Salmon and Miss Florence Wilcox were married at the home of the groom's mother last week. The groom was a member of the Columbia Club, a bachelor organization, and is the sixth member to fall victim to Cupid in the past two years.

He invited the club members and a few others to his home to spend the evening. At 9 o'clock Rev. Mr. Tate walked in and was half through the ceremony before the guests realized what was happening and that one of their number was being kidnaped for keeps.

Ohio, Not Hood River

An Ohio railway contractor advertised for three hundred wooden sleepers. By return mail he received a letter from a Thornville clergyman offering his entire congregation on reasonable terms.

Most time to plant gardens.

SAYS DAIRYING PAYS
Farmer Finds Two Jerseys Make Him \$400 a Year

"Just to show what any farmer may do with a few good cows I want to tell my experience. In 1912 I milked two Jersey cows, one a two-year-old, with her first calf, and the other a four-year-old. I did my own work on the farm and gave the cows as good care as I could under the circumstances. Until July 15, they were on a wild timber pasture and after that on alfalfa, clover and grain stubble fields. I fed a little bran all the year, but no other form of grain ration or stock food. For four months I fed no hay, while the pasture was at its best, and in fall and winter fed carrots and pumpkins.

"During the year they made 679 pounds of butter and furnished the household with milk and cream. I sold the butter to a local store for \$185.70, used milk, cream and butter to the value of \$86, raised two very fine heifer calves and the skim milk was a great factor in raising ten hogs, on which I made a profit of \$110. Each cow was dry for five weeks during the year.

"No account was kept of the value of the fed, but all of it was raised on my farm, except the bran. Allowing a fair price for the calves and skim milk, I feel that the two cows made me about \$400 during the year. This is not a large income, but suggests what might be done with six good cows, and I can handle that many alone, do all my farm work and raise food for them for the entire year."

—Exchange.

**DISTRICT ATTORNEY
BILL IS PASSED**

Before adjourning the last of the week the Senate passed the measure of Representative Hill that creates a district attorney district out of each county in the state. Moser explained that in the aggregate the salary list of district attorneys will be only \$2900 or \$3000 more than at present, as it does away with all assistant deputy district attorneys except those in Multnomah county. The salary for Hood River's district attorney would be \$1200.

Present district attorneys are continued in office by the bill, each in the county of his residence. In each county in which no district attorney now resides the governor is to appoint until the next election in 1916. The salaries provided are as follows: Baker and Umatilla counties, \$2400 each; Clackamas, Douglas, Jackson, Lane, Malheur, Marion, Linn, and Washington counties, \$2100 each; Clatsop, Coos, Lake, Klamath, Union, and Wasco counties, \$1800 each; Crook, Harney and Grant counties, \$1500 each; Benton, Columbia, Hood River, Josephine, Morrow, Tillamook and Yamhill counties, \$1200 each; Gilliam, Sherman, Wallowa, and Wheeler counties, \$1000 each; Polk county, \$900; Curry and Lincoln counties, \$600 each; Multnomah county, \$4000, with one deputy at \$2400, three deputies at \$1800 and three deputies at \$1200.

IN CLUB CIRCLES

Canby Post, G. A. R.—Meets at the K. of P. hall the second and fourth Saturdays of the month at 2 p. m. L. H. Nichols, commander; S. F. Blythe, adjutant.
