

## LIBRARY TO REMAIN OPEN EVERY DAY

The experiment of opening the library every day through the months of January and February was such a success that the Board has decided to continue it indefinitely. Miss Lotie Kinnaird, after finishing her six months' apprentice work, has been hired as a regular assistant.

Transients may be allowed the privileges of the library by the deposit of one dollar which sum shall be returned upon request when all books and periodicals have been returned to the library, or upon furnishing a satisfactory guarantor. Non-residents may have the use of the library upon the payment of an annual membership fee of \$1.50. This rule was made to accommodate residents of Underwood who have applied for the privilege of the library.

Hood River, Oregon, Mar. 12, 1913

Dear Sir:

At last Spring is here. Already the newspapers are publishing the latest productions of the Spring poets. We've got some feelings like that too, but haven't time to publish them. We're busy with our customers.

Everything is in demand. Buggies, Wagons, Harrows, Discs, Plows—all lines are on the boom. Customers are demanding John Deere goods. They are looking for the trade mark. Buyers are getting educated. They know a good thing when they see it.

Automobiles are beginning to emerge from their hiding places. New models are in demand. Old ones are for sale. We've got both. Some of our customers who want new cars have listed their old ones with us for sale. And some of them are bargains. We know the cars, and the people who have run them. Know how they have been used, and about what they are worth. If you ask us we'll tell you. We'll show you where you can get a bargain.

And our new models are beauties. More luxurious, more roomy, more powerful. Prices ranging from \$975 for a complete touring car, fully equipped, to \$5000. Bigger values than ever for your money. We have sold more cars in Hood River than any other dealer. We have given more service. We have sold better cars. We have more satisfied customers. RIGHT NOW is the time to investigate. Get your order in—if you don't, you may not get your car as soon as you want it. Then we'll both be disappointed. Order now and we'll both be happy.

And RIGHT NOW is a good time, too, to get your new buggy. Start early, and get the full year's satisfaction out of it. No need to wait till Summer. Get it now. Or maybe it's a Spring Wagon you want. We have a dandy line. All sizes—colors—styles. All new.

With Spring comes spraying time. Can you afford to work the old hand pump another year? See our power sprayers. Nothing better anywhere. No better service goes with any outfit than we offer you. Prices for complete outfit, including hose, rods, nozzles, cutoffs—everything—range from \$250 to \$375. Outfits fully equipped displayed on our floor. Come in and see them. Ask about them.

If you do use the old hand pump, your hose is probably worn out. Or you need new rods—new nozzles. We have the finest hose we can buy on the market. Made especially for spraying. The most complete assortment of nozzles, brass lined spray rods, leakless cutoffs, drip guards—everything you need for your work.

A full and complete line of hand pumps and repairs. Barrel pumps—bucket pumps—prices from \$2.50 to \$45.00. We doubt if you could find a more complete line of spray pumps and fittings—in the City of Portland. Our line is worth investigating. Call.

Sincerely,  
GILBERT IMPLEMENT COMPANY.

### As to the Dog.

"My dog understands every word I say."  
"Um."  
"Do you doubt it?"  
"No; I do not doubt the brute's intelligence. The scant attention he bestows upon your conversation would indicate that he understands it perfectly."—Kansas City Journal.

### Had Poor Taste.

"That's a valuable dog of yours."  
"Yes, but he doesn't know he's a valuable dog. Look at him, will you, scratching yonder in that cheap dirt when he might as well be up the boulevard scratching in ground worth \$500 a front foot?"—Washington Herald.

### Difficult Tongue to Master.

A cynic who says he speaks from experience declares that a linguist may be able to master all the modern tongues except his wife's.—London Standard.

### Wasted Effort.

"Now, waiter," said the new customer in a certain restaurant of the less fashionable type, "I want an oyster stew, and I want you to give the cook particular directions. The milk must be carefully heated first—just sort of boiling. Then the oysters must be added without the juice. That must not be put in until the seasoning is added. As for the oysters, I want Mill Ponds. Use the best milk and gilt-edged creamery butter. Now, do you think you understand?" "Yes, sir," said the waiter. And he went to the kitchen wicket and yelled, "Put on one!"—Newark Star.

### Golf.

Brown—I wish I belonged to a golf club.  
Jones—You don't need to.  
"How so?"  
"Just walk five miles or so, and every twenty or thirty yards hit the pavement a hard whack with your stick and swear."—Exchange.

PAY A LITTLE each week or month

and own a Sweeper-Vac—the little vacuum cleaner that makes house-cleaning unnecessary—as least as far as taking up rugs and carpets. "It does the business" thoroughly, easily and the cost is trifling. Take one on trial. Put it to work on a rug you have just cleaned by any other method and if you are not the most surprised woman in town, we will send for it immediately. E. A. Franz Co.

Extra Special. On Friday and Saturday, March 14 and 15, we will have our second showing of spring hats, which have come in since our opening and which we have trimmed especially for this showing. Everyone cordially invited to attend. Gibson Sisters.
