STATEMENT BY REV. MacDONALD
Because of so much misunderstanding during the past few weeks, I have come to see that people generally do not understand what Unitarianism is. Most of the adverse criticisms miss the point because they are made not against our belief at all, but against what we do not teach. At the evening service next Sunday at 6:30 I shall make a simple statement of our constructive beliefs with clear illustrations. I should like to speak to a large audience on our central themes: God, Jesus, Brotherhood, Character, Immortality. H. A. MacDONALD.
