OWNERS IN RESERVE WILLING TO SELL

Since announcement was made that the Portland Water Board was considering acquiring by purchase the Bull Run forest reserve, many propositions have been made by owners of land in this territory to sell their holdings to the city.

One company, owning about 1100 acres of timber within the reserve, has offered its holding for \$93,000. Smaller tracts were also presented to the board.

HEIGHTS WINS THE FIRST OF SERIES

The Heights defeated the lower city boys in an exciting but loosely played game at Columbia Park Sunday. Hart's work in the box was the feature of the game and while several hits were gotten off his delivery loose fielding was the principal cause.

Election on the \$175,000 Bond Issue Next Tuesday

An event of importance to the East Side will occur next Tuesday when the bond election will be held for the purpose of voting an issue of \$175,000 worth of bonds. All property owners within the East Fork Irrigation District will be entitled to vote and the polling places will be as follows: Precinct No. 1 at Warden's mill, No. 2 at the Odell Union Apple House, No. 3 at the Connaway Mercantile Company warehouse, No. 4 at Fike's apple house and No. 5 at A. I. Mason's apple house.

There has been no opposition to the bond election, so far as is generally known, and it is expected that the bonds will be voted by a large majority. The officers and board of directors of the company are anxious that this should be the case in order that the bonds may find a ready sale.

The board of directors of the district feel that it is highly important that the bond issue should be carried by as nearly a unanimous vote as possible, otherwise the future of the irrigation system which now waters the East Side would be very uncertain, they declare.

It is conceded, however, that failure on the part of the Americans to respond to the Japanese appeal for a discontinuance of the alleged discrimination would be likely to lead to some estrangement of the peoples.

due woke up to find that there was no sinking fund with which to meet the amount due. The new district was organized with the purpose of taking over the system from the old company and it is this purpose which would be consummated next Tuesday.

It is said that some are apprehensive as to the cost of operating the ditch under the new system, but the board of directors do not believe that it will be excessive and probably not as great as if operated by a private company. This year the board has decided to collect a maintenance and operating charge by water toll.

The district took hold of the system in March, cleaned out and repaired the canals and water is now being served to all who want it.

FINDS INTEREST IN FAIRS IS STRONG

Greater interest is being taken in young people's industrial work in Hood River than in any other city in the state outside of Portland, according to L. P. Harrington, field worker for the Agricultural and Industrial School Fairs of the state, who spent a couple of days here last week.

He was greatly pleased and was especially anxious that the children of Hood River should enter an exhibit at the state fair this Fall, following the county industrial fair for children here. He said:

"I am visiting the various counties of the state to inform teachers, parents and school children regarding this state-wide agricultural-industrial contest for boys and girls.

"This is an educational movement for the benefit of Oregon schools and school children, a movement that is practical and emphasizes the practical side of education. What is of more importance than common, everyday home and household duties for young people—cooking, sewing and the care of a house for our girls, the ownership and care of poultry or stock and the use of tools for boys and for all the ownership and care of a garden?"

"This is getting 'back to the soil' in a practical way and beginning with the boys and girls of today, who will be the men and women of tomorrow.

"Parents can help in this great contest to determine who of our Oregon boys and girls can do the things that count and do them best. Teachers are giving this work their hearty support and superintendents everywhere believe it is a move in the right direction, therefore give us their assistance.

"The cost of sending and returning the products to the state fair is nothing as all railroads carry them free. In company with Supt. McLaughlin, I visited all the schools of Hood River and talked to the children and teachers. I found them all intensely interested and ready to help. They will not forget but will do their part and 'stick to it'."

"Bulletins from the O. A. C. giving instructions and lists of prizes offered by the state will be distributed by the superintendent, one to each family.

"I believe Hood River and the county could not do a better thing for this part of the state than to encourage the children to show what they can raise and make, first at your county fair, for which Superintendent Thompson has secured some good prizes, and second at the state fair for which \$2500 worth of valuable articles and cash will be given.

"Such an exhibit at Salem would attract the attention of the whole state. These boys and girls will be strengthened by the effort and will receive a benefit whether they win a prize or not.

"There are five (5) prizes offered for county exhibits, the first being \$100. Boys' and girls' products can be entered for individual prizes and also with the county exhibit. The boys and girls in Hood River will do their part if they have support from parents and teachers, outside districts will help.

"I visited Pine Grove, a four-room school; also Odell, a four-room school, and found pupils and teachers wide awake and ready to do things. All working together can make the Hood River fair a great success and insure a fine exhibit for the boys and girls State Contest at Salem at the time of the State Fair, October 1."

GRAND COUNCIL OF MASONS HERE TODAY

Prominent Masons of the state are expected here today to attend the Grand Council of Royal and Select Masters. One or two special cars will bring delegates from Portland this morning and delegates will arrive from the East during the day.

One of the features of the day's entertainment will be a trip for all the delegates through the valley. The ladies will accompany their husbands and will be taken for the trip around the loop, while the men are engaged in the business session this afternoon. This evening a banquet will be given for visiting delegates and their wives. It is not known how many will be here for the council but it is expected that more than 100 will come.

MARRIED Vernon-Howe

A pretty and quiet wedding was celebrated at noon yesterday when Frank B. Vernon of Vancouver, Wash., and Miss Blanche Howe were united in marriage at the home of the bride's parents, Mr. and Mrs. Fred Howe, on Cascade Avenue. Rev. J. H. Swift, pastor of the Christian church, performed the ceremony in the presence of the immediate relatives of the contracting parties. Miss Fay Howe, sister of the bride, acted as ring bearer and flower girl. The home was prettily decorated for the occasion, the two living rooms with evergreen and the dining room with pink roses. After the ceremony all enjoyed a wedding dinner. Following this the bride and groom departed amidst a shower of best wishes for Vancouver, where they will make their home.

GOVERNMENT TO TEST SPRAYS

Ernest C. Wiggins, an expert from the United States Department of Agriculture, was here this week inspecting the orchards and securing samples of the different spray materials used here. The samples will be sent to Washington, where the department will make tests for purity of ingredients and for effectiveness. Mr. Wiggins says the trees in Hood River are as healthy as any orchards he had seen in his travels.

BAND CONCERT SATURDAY

It is announced that there will be a band concert given Saturday night out of doors if the weather permits, and probably on the courthouse lawn. Ice cream and cake will be served. Everybody invited.

SOCIAL DANCE

There will be a social dance given at McIsaac's Hall, Parkdale, on Friday evening, May 23. Music by Vogel Orchestra. All are invited.

PLANS FOR LIBRARY ARE BEING PUSHED

Plans for the erection of the new Carnegie Library are being prosecuted by the recently-appointed building committee and it is hoped to have work started without any unnecessary delay in order that the building may be roofed before the Fall rains.

Last week Miss Della Northey, county librarian, accompanied by Miss Metz, librarian for Waaco county, made a trip to Portland and Salem in order to confer with librarians in those two cities regarding library matters in these two counties.

In Portland they visited and inspected the library buildings and also conferred with Miss Isom of the Portland Library Association and Miss Fox, county assistant. In Salem they consulted with Miss Marvin, state librarian, particularly with reference to the building here. Miss Northey securing much valuable information.

An architect is to be selected for the local Carnegie Library as soon as possible. The building committee is now making plans for starting work. This committee includes the following: Truman Butler, chairman, Mayor E. O. Blanchard, County Judge Castner and Commissioners McCurdy and Putnam, Miss McLaren and Miss Della Northey, secretary.
