

GRADING AND KITING

While construction workers labor on Friday at the Port of Hood River Nichols Basin trail project, kiteboarders take to the Columbia River for some warm-and-windy day recreation. The lawn at the Event was filled with kiteboarders, who have the option of launching from the Event Site or from the adjacent Sandbar, which is currently enlarged due to low water. The trail project is proceeding on schedule, with creation of a new beach area and construction of retaining walls and stone seating walls.

Military vehicles take center stage at WAAAM

Keeping with tradition, the May 9 Second Saturday events at the Western Antique Aeroplane and Automobile Museum will feature the vehicles of the American armed forces.

WAAAM's military fleet of airplanes and automobiles from World War I to the Vietnam War will be flying and driving as part of the action.

For some extra flair, the museum will be performing a small flag retirement ceremony at 2 p.m. as a test run for a much larger flag retirement ceremony in the fall with the aid of local Boy

Scout troops.

By popular demand, the restoration shop tour will occur two times during the event — once at 11 a.m. and again at 1 p.m. — so that everyone can see what it takes to keep living history truly alive and running.

As a thank you to past and current military personnel, the active duty American military admission price is complimentary for the day (with service card) and veterans of any era will receive half priced admission for our May 9 Second Saturday event.

PUBLIC RECORDS

CIRCUIT COURT
