

Sheriff's Office to provide info at Hood River County Fair

The Hood River County Sheriff's Office has been preparing for the Hood River County Fair for months. This is one of the largest public outreach opportunities for the Sheriff's Office every year. The fair begins on Wednesday, July 22 and runs through Saturday, July 25. The Sheriff's Office, along with local Fire/EMS agencies, provide the public safety component for the fair annually.

The office provides hands on access to personnel, educational material, and giveaways for all ages. This year, the public will get a chance to talk with representatives from the Enforcement, 911, Parole and Probation, and Emergency Management Divisions.

The HRCISO will have patrol vehicles on display daily. People are welcome to look

through the vehicles, take photos and learn about the importance of the equipment deputies use daily to provide public safety services to Hood River County. Additionally, the office will provide fairgoers with an opportunity to meet Luke, the Sheriff's Office Narcotics Detection K-9.

Sheriff's Office personnel will once again be promoting citizen opt-in for the free, countywide, Emergency Alert System. Stop by the Sheriff's Office booth to learn how to sign up for this invaluable free service.

The Sheriff's Office wishes everyone a safe and fun week at the Hood River County Fair and looks forward to the opportunity to show the public the programs their Sheriff's Office provides.

PET OF THE WEEK

Puppy Caramello ready for forever family

This week volunteers at Adopt A Dog have selected Caramello as the program's adoptable pet of the week:

Wow-zah! This little girl here is what we call "The Total Package!" Caramello is a puppy — about 5 months old — and probably a Chiweenie and maybe Rat terrier mixed in there. Eight pounds of A-DOR-ABLE!

She was found in North Washington a few months ago, hiding under someone's car during that dreadful heat wave, scared to pieces, and totally stressed. She was so upset she had some health issues related to her circumstances ... mainly of the in-

Caramello

testinal kind. But she was transferred down to us, and we've treated her tummy and shown her just how great being a puppy can be, and she's all better now!
