HON. J. M. CHURCH, President of the Republican League of Oregon, and Mayor of the City of La Grande.

### PRESIDENT CHURCH'S FIRST ADDRESS.

President Gatch received the new Grand Ronde valley was settled, a president at the foot of the platform, and, escorting him to the chair, said: "Gentlemen of the state league, I have the honor of introducing to you your new president, J. M. Church. And this league is honored in having a man of his strength of character and forcefulness and fearlessness in politics at the head of it. Gentlemen, I present to you Mr. Church."

An enthusiastic ovation greeted President Church, in response to which he said:

"Gentlemen of the Republican League of Oregon: I tender you my sincere thanks for the honor you have conferred upon me, and for recognition you have given Eastern Oregon, and Union county especially. It will be my endeavor to do everything in my power to advance the interests of the Republican party in our section of the country. Union county has not been a Republican county for any great length of time. We have had difficulties to overcome that other parts of this state have not had to meet. One of them is that at the time of our beautiful

large section of Price's army got in on the ground floor, and it was pretty hard work to make Republicans of them. Some of them have gone into the sheep business, however, and various other industries, and for other reasons added, are now getting around to the Republican ranks. We have also had our Republican family jars, and we had some very astute Democratic statesmen up there, who take advantage of our troubles and manage in some way each year, up to the present, to get in with us, and secure the offices, while a large number of our bright Republican men, who desire such positions, have to stay out. We propose this year to fill these positions with Republicans. "We have not been in the habit of sending to the Oregon legislature a full Republican delegation. We have been mixed considerably; but things have changed, and this year I find the sentiment all through the county is to stand together and work for the interests of the Republican party, and thus send a solid Republican delegation to the next legislature."

### Resolutions of the Republican Clubs.

The resolutions adopted by the Republican League of Oregon at its last night session are as follows: They were drafted by the committee on resolutions:

So long as either of the great political parties advocates the free coinage of silver, the financial question is the paramount question before the American people. The Republican clubs of the state of Oregon, in convention assembled, reaffirm their loyalty to the gold standard and their opposition to the free coinage of silver. We believe the best and most stable dollar in the world should be issued by legislation to the laborer as the fruit of his toil, and to the farmer as the price of his crop. We are in sympathy with the efforts of the Republican senators and representatives in congress to enact legislation for this purpose.

We heartily endorse the Philippine policy of the present administration. These islands have been won by American blood and purchased by American treasure; they should remain a permanent part of our national domain. We cannot neglect our duty to give them a stable government nor can we afford to throw away the great opportunity they give us for the development of our Oriental trade.

The Republican party was formed for the purpose of fighting the battles of free labor. Throughout its whole history, it has been the champion of the

people, and of the American laborer in particular. We are opposed to the monopolization of commerce and industry by trusts, and are in favor of all judicious legislation looking to the curtailment of their power.

It is the sense of this convention of Republican clubs of Oregon that the constitution of the United States should be amended in relation to the manner of choosing members of the United States senate, and that they should be elected by direct vote of the people. Further resolved, that our senators and representatives in congress be requested to work and vote for any measure that will bring about this proposed reform.

We extend our sympathy to the families of the Oregon volunteers who lost their lives in the Philippines, and we request the secretary of war to make provision for the removal of the remains of these dead heroes to the end that they may repose in Oregon soil.

Whereas, the war department has failed to comply with the request of our governor for the return to the state of Oregon for burial, our soldier boys who gave their lives for their country.

Therefore, be it resolved that we commend the course taken by our governor, and demand that our dead heroes be returned to their families and friends in our state, and that the governor be requested to convey this resolution to President McKinley, with the request that he comply with the same.
