# Women, Remember This Fact

That in addressing Mrs. Pinkham you are communicating with a woman -a woman whose experience in treating woman's ills is greater that that

of any living person—male or female.

A woman can talk freely to a woman when it is revolting to relate her private troubles to a man.

Many women suffer in silence and drift along from bad to worse, knowing full well that they should have immediate assistance, but a natural modesty impels them to shrink from exposing themselves to exposing themselves to the questions and probable examination of even their family physician. It is unneces-sary. Without money or price you can consult a woman, whose knowledge from actual experience is unequaled.

Women suffering from any form of female weakness are invited to freely communicate with Mrs. Pinkham at Lynn, Mass.

All letters are received, opened, read and answered by women only.

This is a positive fact—not a mere statement. It is certified to by the mayor and postmaster of Lynn and others whose letters, all in a little book, Mrs. Pinkham has just published. Write for a copy, it is free. Thus has been established the eternal confidence between Mrs. Pinkham and the women of America which has never seen broken and has induced more than 100,000 sufferers to write her for advice during the last few months.

Out of the vast volume of experience which she has to draw from, it is more than possible that she has gained the very knowledge that will help your case. She asks nothing in return except your good-will, and her advice has relieved thousands. Here are some of the cases we refer to:

#### Mrs. Pinkham Helps Two Women Through **Ohange of Life and Cures** Another of Sterility. Read Their Letters.

"DEAR MRS. PINKHAM-I feel that it is owing to Lydia E. Pinkham's Vege-table Compound that I am alive today. It has taken me out of a sick bed where I had lain for six weeks with a good doctor to tend me twice a day. My trouble was change of life, day. My trouble was change of life, had frequent hemorrhages. Your medicine checked the flow right away. I am now able to do all my work, and backache is unknown. I am forty-three years of age and enjoying good health."—Mns. Annie Foetze, Cascade

"DEAR MRS. PINEHAN-When I first wrote to you, I was in a very bad con-dition. I was passing through the change of life, and the doctors said I had bladder and liver trouble. I had suffered for nine years. Doctors failed to do me any good. Since I have taken Lydia E. Pinkham's Vegetable Compound my health has improved very much. I will gladly recommend your medicine to others and am sure that it will prove as great a blessing to them as it has to me."—Mrs. Gro. H. Junz, 601 De Kalb Ave., Brooklyn, N. Y.

"DEAR MRS. PINKHAM-It was my ardent desire to have a child. I had been married three years and could not become a mother, so wrote to you to find out the reason. After following your kind advice and taking Lydia E. Pinkham's Vegetable Compound, I became the mother of a beautiful baby boy, the joy of our home. He is a fat, healthy baby, thanks to your medi-cine."—Mrs. MINDA FINKLE, Ros-

### Two More Women Who Acknowledge the Help they Have Received from Mrs. Pinkham.

"DEAR MRS. PINKHAM-The doctor says I have congestion of the womb, and cannot help me. There is aching in the right side of abdomen, hip, leg, and back. If you can do me any good, please write."—Mrs. NINA CHASE, Fulton, N. Y., December 20, 1897.

"DEAR MRS. PINKHAM-I followed your instructions, and now I want every woman suffering from female trouble to know how good your advice and medicine is. The doctor advised an operation. I could not bear to think of that, so followed your advice. I got better right off. I took six bottles of Lydia E. Pinkham's Vegetable Compound and used three packages of pound and used three packages of Sanative Wash; also took your Liver Pills, and am cured."—Mrs. NINA ORASE, Fulton, N. Y., December 12,

"DRAR MRS. PINKHAM-Have been suffering for over a year and had three doctors. At time of menstruation I suffer terrible pains in back and ovaries. I have headache nearly every day, and feel tired all the time. The doctor said my womb was out of place. Would be so glad if you could help me." MRS. CARL VOSS, SEC City, lows, August 1, 1898.

"Please accept my sincere thanks for the good your advice and Lydia E. Pinkham's Vegetable Compound has done me. I did everything you told me to do, and used only three bottles, and feel better in every respect."— Mrs. Carl Voss, Sac City, Iowa, March

AMONG MOST DEADLY POISONS. Terrible Fate of Those Who Partake of

Mushroom Phatlin. "One of the most terrible poisons of which I have any knowledge," said a chemist, "is phallin, of which but few persons have more than the most rudimentary knowledge, though the vegetable from which the deadly stuff comes is to be found in almost every field and swamp in the country. For phallin is the poisonous element in the deadly mushroom, the 'death cup,' as it has been appropriately called. Not only that. When phallin was first discovered it was found that it was almost identical with the poison of the rattlesnake, so that death from mushroom poisoning is very similar to death from a serpent's bite. But still more wonderful, it is now known that various bacteria produce nearly the same poison—the bacteria, for instance, of diphtheria and typhoid fever. It seems odd enough that death from the poisonous mushroom, from a rattlesnake bite and from diphtheria should result from

practically the same cause. "It is said that twenty-five people are killed every year in the United States by eating the death cup, mistaking it for the edible mushroom. It requires only a bit of the death cup to kill-a piece the size of a pea will do it. One case is cited in which a boy ate only a third of a small uncooked cup of the deadly mushroom, but it was enough to cause his death. Indeed, so baneful is the phallin poison that even the handling of the death cup and the breathing of the spores may produce serious illness.

"The death cup looks very pretty as it grows in the fields, and when eaten it has not the slightest ill taste, either when raw or when cooked. Nor is there any uneasiness felt from nine to fourteen hours afterward. Then come terrible pains in the abdomen, nausea and vomiting, followed by almost certain death, with many of the symptoms of Asiatic cholera. The effect of phal-In is to dissolve the red corpuscles in the blood, permitting them to escape through the alimentary canal. The greatest care is necessary, therefore, in gathering mushrooms not to pick any of the death cups. They are easily recognized from the others, and there never is any need of making mistakes."

Female Suffrage. "Of course, I'm in favor of suffrage for women, Henrietta," said Mr. Meekton. "But I don't think they ought to

go to the polls themselves." "What do you mean?" "They ought to be able to send their

husbands to vote for both. If they go to the polls themselves it will confuse matters. A perfect gentleman who saw a lady at the polls looking a little worried would feel compelled to lift his hat politely and say, 'Madam, take my vote." -- Washington Star.
