THE PIERCE COUNTY CAMPAIGN.

Editor The New Age:—As many of your readers in this city and throughout Pierce county are much interested in the campaign now being waged between the political parties here, I felt that your valuable paper, which is highly esteemed by your Washington readers, should have something to say about the situation.

I think there is no doubt that the Republican ticket will be elected in this county by a very satisfactory majority; but, since this is a presidential year of election also, one can never clearly foresee what the result may be.

For the superior court we have nominated three of the best men and ablest lawyers in Tacoma—W. D. Chapman, W. H. Snell and Thad. Huston.

Attorney Chapman is a young man of sterling qualities. He was born and raised in Stark county, Ohio; is a graduate of the classical course of Mt. Union College, Ohio; read law in Cleveland from 1877 to 1881; was admitted to practice by the supreme court of Ohio; went to Port Townsend in 1881; resided there four years and came to Tacoma in 1885, where he has since resided and pursued his profession with marked success. He is particularly popular with the people, being a man of much strength of character, able, clean, loyal and progressive.

W. H. Snell, another candidate for superior judge, is one of the best known lawyers and ablest jurists in his part of the state; while the third on the ticket for this district, Col. Thad. Huston, is not only an able lawyer, but is one of the most popular citizens of Western Washington.

These three men ought to be sure of election. They are capable, honest, earnest, loyal citizens of ability and integrity, against whom not an evil word is spoken.

For sheriff, Hon. W. P. Sergeant, of McKay, is a very popular and capable man. The public has knowledge of a character of his official work.

For county treasurer, John B. Reid, Tacoma, is a most excellent man. Any voters of the opposite party will support him.

Fremont Campbell, for prosecuting attorney, is a sure winner. He is not untried official in that capacity.

Robert P. Rigney, for county clerk, J. H. Davis, for county auditor, good men. None better could be elected for the places for which they have been nominated.

Frank D. Hill, for county assessor, is one of the most popular men on the Republican ticket. Competent in the highest degree, serviceable and active, making an excellent impression candidate. The assessor's office is valued here as being one of the most important in the county. In it is a candidate has been seen in Mr. Hill whom nobody can

beat. For county surveyor and county school superintendent J. E. Noel and H. B. Dewey are making easy progress. Dr. E. M. Brown is too well known and too much respected to suffer defeat in Pierce county for the coronership. Geo. B. Kandle and Harry Winchester, for county commissioners, are thoroughly known as men of public spirit and probity of character. They will be elected on their fitness for the offices for which they have been named. C. E. Griffin and H. F. Garretson will be elected as justices of the peace. Mr. Griffin has little opposition, for he is popular with the masses and thoroughly capable. Mr. Garretson is confronted with a harder contest because of the character of his opponent, but his many friends are doing yeoman service in the fight.

The candidates for the legislature, both in the upper and lower branches of that body, are all good men. It goes without saying that they should be elected, but there is an element of state politics in their contest about which I will write you later.

Will Turner, the colored representative of our people in this county, is especially active in behalf of the entire Republican ticket. He has held a deputyship in the county assessor's office for eight or nine years, in which capacity he has discharged his duties with faithfulness and a marked degree of accuracy. He is a young man of excellent qualities and has done much for our race. His friends here, of all classes and parties, have confidence in him. He is a leader among us.

For the next issue I will give you further details of the progress of our campaign as it appears to your correspondent from a field-view of the situation. A. T. R.

OREGON AND THE NEGRO.

Since Candidate Bryan, driven to grasp at a straw, like the drowning man, to keep his head above the tide of public sentiment, has referred to the political status of the Negro in Oregon, The New Age, resenting the suggestion that our people are not in full enjoyment of all their rights as citizens of this state, including the right of suffrage, reprints this statement of fact, as shown by official record, received on Thursday by the Morning Oregonian from its Salem correspondent:

In line with the discussion which has been precipitated by the Democrats and by Mr. Bryan relative to the obsolete section of Oregon's constitution in regard to Negroes, it will be interesting to the public to read the last public utterance of the Democratic party of Oregon upon this question. It was in 1870, when the amendment to the national constitution was submitted to the several states, and the adoption of it as a part of the nation's organic law made null and void the obnoxious section of Oregon's constitution, which is now being discussed in Kansas and elsewhere. The legislature of Oregon was then Democratic in both branches by a large majority, and the following joint resolution will show how the national amendment was received:

Whereas, The state of Oregon was, on the 14th day of February, A. D. 1859, admitted into the federal union, vested with the right to declare what persons should be entitled to vote within her boundaries; and until she, by her voluntary act, surrenders that right, the congress of the United States has no authority to interfere with the conditions of suffrage within the boundaries of the state of Oregon; and,

Whereas, The congress of the United States, by means of an arbitrary majority of votes, acquired by the power of the bayonet, has sought to force upon the several states the so-called fifteenth amendment to the federal constitution, in direct violation of the terms under which the state of Oregon was admitted into the sisterhood of states; therefore, be it

Resolved, by the senate, the house concurring, That the so-called fifteenth amendment is an infringement upon popular right, and a direct falsification of the pledges made to the state of Oregon by the federal government.

Resolved, That the said fifteenth amendment be and the same is hereby rejected.

Resolved, That the governor be requested to transmit copies of this resolution to the secretary of state of the United States, and to the senators and representatives from the state of Oregon in the congress of the United States.

The foregoing resolution was passed in the senate by a vote of 16 to 5, and was concurred in by the house in a vote of 24 to 14.

The fact that this record, made by the Copperheads of Oregon in their effort to legislate against our people, is Democratic will probably cause Mr. Bryan to forego the pleasure of further reference to the obsolete provision in the constitution of Oregon against the colored race.

Assessor Greenleaf still holds the fort—and the index.

R. C. O. Benjamin, who for many years has been editor and publisher of the Lexington (Ky.) Standard, a leading race journal, was assassinated while exercising his right as a suffragist at the registration of voters in his precinct, last week. He was shot in the back by a challenger for the Democratic committee. The murder was most cowardly in every particular. Mr. Benjamin was a good man and an able exponent of the purposes and ambitions of the people of our race. He was a loyal citizen and a courageous and uncompromising defender of our rights. The editor of The New Age has known Mr. Benjamin personally for years and, in harmony with all who knew him, respected his ability and admired his courage, deeply laments the loss of such a representative man at this critical period in the history of our struggle.

Our Tacoma correspondent is confident that the Pierce county campaign will result favorably to the Republicans. His judgment is good and his suggestion in this issue of The New Age is encouraging.

The administration's policy in the settlement of the contention in China is exciting the admiration of the world. Even Germany commends it.

Campaign oratory this year is rather dreary—except in Oregon.

TWENTY PER CENT

ON YOUR INVESTMENT

If same is made in shares of The Helena Mining Company, at present market prices, i. e.: around 32 cents. This mine is one of the richest in the great Bohemia District. It has an ORE RESERVE OF \$30,000,000 blocked out ready for extraction. No stopping has been done in any of workings of the property, yet from development alone the mine has paid its own way from the start, and is at present making a greater net production than any other mine in the rich Bohemia District. HELENA MINING COMPANY NO. 2 is an extension of the Helena, and has 2,000 feet of the "Helena" ledge, the vein matter of which is identical to that being encountered in the various workings of the Helena. Contracts have been let for an additional 400 feet of work. We believe this stock will be a dividend-payer within twelve months, basing our judgment upon the actual showing of the property, which is equal to that on the Helena with a corresponding amount of development.

HELENA NO. 2 is selling around 6 cents. Write or call on us for detailed information.
