AGUINALDO TO BE CAPTURED

Ex-Rebels Will Join Americans in Pursuit.

MACABOLOS WILL LEAD PARTY

He Will Have One Hundred Picked Natives and Will Be Supported by United States Soldiers.

Manila, Nov. 23.—General Macabulos, the ex-Filipino chief, is prepared to start in pursuit of Aguinaldo with 100 picked natives, supported by American troops. Other ex-rebel Filipinos will be used in campaigning in the country. Their offers have not been formally made yet, but they are ready if the authorities will accept their services. Aguinaldo, it is supposed, is in Northern Luzon, according to statements made by ex-rebel leaders now in Manila, confirmed from other sources.

Aglipay, a renegade native priest, not long ago an insurgent leader in Northern Luzon, has written to friends in Manila asking for election news and requesting to be informed whether a decision has been reached concerning the relations between church and state, and the disposition of church properties. Transport Indiana Aground.
Washington, Nov. 23.—Quartermaster-General Ludington received a cable dispatch today from Colonel Miller, chief quartermaster at Manila, confirming the press report of the grounding of the transport Indiana on the east side of Isla de Polilo, one of the smaller islands of the Philippines group, east of Luzon. Colonel Miller's dispatch follows:

"Indiana aground November 7. She is reported as not damaged. Palmer (quartermaster), with transport Pennsylvania and a lighter draught vessel, left Manila Sunday in order to relieve her. Nothing more necessary."

When the Indiana ran aground she was loaded with supplies and a company of the Twenty-second infantry, detailed to act as a garrison at Baloi.

TORNADO IN THE SOUTH.

Much Loss of Life in Tennessee and Mississippi.

Memphis, Tenn., Nov. 23.—A tornado bounding through a narrow stretch of territory stretching from a point three miles north of Lulu, Miss., to Lagrange, Tenn., caused a heavy loss of life and property this afternoon. The storm so completely interrupted telegraphic and telephonic communication that neither the origin nor the ending of it can be determined tonight, nor can the extent of the disaster be learned. From meager details obtainable, covering only three points, it appears that 19 lives were lost, and the destruction of property was also heavy. It is believed that between the towns heard from numerous farm-houses and interior communities of more or less considerable population were struck. Accompanying the tornado was a rain storm of terrific proportions.

The tornado struck the town of Lagrange, 49 miles east of Memphis, on the Southern railway, in Fayette county, this afternoon. Only one church is left standing in the town. The streets are littered with the debris of destroyed buildings, merchandise, telegraph and telephone wires and poles. Several persons are dead.

Six persons were injured more or less seriously, and 10 business places were totally destroyed. The Methodist, Baptist and Presbyterian churches were demolished. The residence portion of the town also suffered heavy loss, several buildings being completely demolished and a large number damaged.

A perfect deluge of rain was falling when the cyclone came, but its advance was forestalled by a roaring, rushing sound, followed by quick heavy reports which gave the inhabitants warning, and they rushed out from the falling buildings.

STORM IN CHICAGO.

Rain Fell in Deluging Quantities and Thunder and Lightning Plentiful.

Chicago, Nov. 23.—Gleaming flashes of lightning and loud peals of thunder, sights and sounds generally peculiar to midsummer in Chicago, accompanied the storm which burst upon the city shortly before midnight last night. Rain fell in deluging quantities, and the elements displayed all the characteristics of a summer thunderstorm. Telephone and telegraph wires were affected by the electricity in the atmosphere. The streets of the city ran like rivers. There was enough wind on the lake to endanger the safety of light craft.

The storm is probably the forerunner of a cold wave that has forced the mercury down to 12 degrees below zero in Montana, and which is scheduled to arrive in Chicago today.

John Wanamaker has been re-elected president of the Pennsylvania State Sabbath School Association.

SWEPT BY A STORM.

Devastation Wrought by a Tornado in the South.

Memphis, Nov. 24.—Advices received tonight from the storm-swept sections of Mississippi, Arkansas and Tennessee indicate that the loss of life and damage to property is far greater than at first reported. The places affected are remote and isolated, and at the best they are not well equipped with means of communication, and the storm which last evening carried devastation across the country at the same time swept away the wires, so that telephone and telegraph wires alike were put out of service. Dependence has necessarily been placed in railroad men and travelers coming from affected parts. It is estimated that the number of dead will exceed 75.

THE STORM IN TENNESSEE.

More Than 50 people Were Killed and 100 Injured.

Nashville, Tenn., Nov. 24.—Tennessee was swept last night by the most destructive storm ever known in the state. More than 50 people were killed, and 100 more injured, while the damage to houses, timber and other property will reach large figures.

The storm entered the state from Northern Mississippi and swept across in a northeasterly direction. Great damage is reported from the counties bordering on Mississippi and further on. Columbia, in Maury county, is the heaviest sufferer. Lagrange, Nolansville and Gallatin also felt the wind's fury, the storm finally losing its force against the Cumberland mountain range. Columbia's casualties number 25 dead and 80 injured.

The path of the storm was about 850 yards wide, and was through the northwestern suburbs of the town. In its path everything is completely wrecked. Not even the iron and stone fence on the arsenal grounds is standing.

The number of houses destroyed in the Nolansville neighborhood is 16.

At Lagrange, 16 miles south of here, on the Nashville, Chattanooga & St. Louis road, the velocity of the wind was marvelous, and from heat reports lasted only about 30 seconds. In this short time about 30 dwellings were turned into kindling wood. The wind made a swath about 200 yards wide through the middle of the town. The Lagrange high school and the station, the two largest buildings, were laid flat. The railroad lost four section-houses also.

The rise in the Cumberland river at Nashville is the most rapid known in 25 years, the water having climbed 20 feet on the gauge since yesterday morning.

In Memphis there is a heavy loss as a result of the storm. Cultivators were washed out and small bridges were swept away. Lumber firms on Wolf river suffered severely from the destruction of logs, and it is estimated tonight that their losses will foot up between \$300,000 and \$500,000.

IN MISSISSIPPI.

A Wide Extent of Territory Swept by the Tornado.

Memphis, Nov. 24.—In Mississippi the greatest loss of life and damage to property occurred near Tunica, Lulu and Hernando. A report by carrier from a point 12 miles from Tunica says that the tornado's devastation was so great that it will take weeks to calculate and repair it. Five negroes lost their lives on the Hamlin place. In Tunica the church and a number of buildings were totally demolished. More than 50 negroes are missing, and it is feared that several of them perished. Corn is reported badly damaged. At Hernando a white man was killed and a negro fatally injured by flying debris. Numerous sawmills, several residences and hundreds of negro cabins were blown away. At Love Station, J. S. Doney, a white man, was crushed by flying timber, and is expected to die.

At Tracey the residence of J. B. Higgins was totally demolished and several other buildings were wrecked. Ten cabins were destroyed on a plantation and three negroes killed.

At La Grange two persons were killed outright and a score or more seriously injured. About 100 houses, mainly those of poor people, were destroyed.

The damage to unpicked cotton cannot be estimated, but it is undoubtedly considerable. Traffic on the Memphis branch of the Louisville & Nashville railroad has been delayed since last night, owing to high water at places between Milan and the Tennessee river. All trains have been delayed.

TEN LIVES LOST THERE.

Fearful Havoc Was Wrought in a Mississippi Town.

Memphis, Nov. 24.—A special to the Commercial-Appeal from Arkabutla, Tate county, Miss., says:

Yesterday afternoon a tornado descended upon this little town, and as a result of its fearful intensity 10 persons were killed outright and 20 were injured.

The storm overwhelmed the town about 5 o'clock in the afternoon, and in a few minutes every building was demolished. Many of the victims were pinned under the wreckage and were extricated with much difficulty. The tornado passed to the northeast and caused much damage through the country districts.
