REVIEW OF THE YEAR STITUTE TO SEAT QUEST, OF PERE WHITE COLLAR LINE

BRIEF SUMMARY OF EVENTS OC-CURRING IN 1900.

Concluding Year of the Century Made Memorable by Many Important Happeninger Wars, Internal Disturbe ances, Great Casualties, Etc.

Many and important are the events that make up the chronological record of the closing year of the nineteenth ceptury. The manifestation of anti-foreign feeling in China, which led to the siege of the legations in Pekin and the relief expedition of the world-powers, was unin the governmental affairs of that an cient kingdom that will shake the dy nasty to its foundations and seriously threaten the integrity of the country. The wars in the Philippines and in the Transvaal, legacies from the preceding year, have been continued through 1900 and are passed on to 1901, without having been brought to decisive official conclusions. Organized anarchy was responsi-ble for the assassination of King Humbert of Italy. To the heat of political warfare must be attributed the killing of Gov. William E. Goebel of Kentucky, and the race feeling between whites and blacks was the cause of serious riots in New Orleans and New York. Two occasions upon which many human lives were destroyed by the elements were the great fire at Hoboken, N. J., in June and the destruction of Galveston, Texas, by that memorable September storm. The opening of the Chicago drainage canal, the discovery of the south magnetic pole, and the Paris exposition were three important events in the realms of science and industry. The roll of prominent per-sons who have made their exit from earthly surroundings since January first last embraces the names of those famed in statecraft, industry, literature and mu-
