### Two Good Laws.

In Denmark the farmers are compelled by law to destroy all weeds on their premises, and in France a farmer may prosecute his neighbor for damages if the neighbor allows weeds to go seed. It would save millions of dollars in this country if laws prevailed which prevented farmers from growing weeds to seed on their own as but I think I can guess.

DEAFNESS CANNOT BE CURED

By local applications, as they cannot reach the discoud portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine eases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

# *CANCER*

Sufferers from this herrible malady searly always inherit it—not necessarily from the parents, but may be from some remote ancestor, for Cancer often runs through several generations. This deadly poison may lay dormant in the blood for years, or until you reach middle life, then the first little sore or ulcer makes its appearance—or a swollen giand in the breast, or some other part of the body, gives the first warning.

To cure Cancer thoroughly and permanently all the poisonous virus must be aliminated from the blood—every vestage of it driven out. This S. S. does, and is the only medicine that can reach deepseated, obstinate blood troubles like this. When all the poison has been forced out of the system the Cancer heals, and the disease never returns.

wife-The Story of One Woman's Trials and How she Overcame Them.

From the Post, Columbia City, Ind.

"It kept growing worse, however, and in the course of two or three months I was unable to do any work. By this time my daughter had recovered sufficiently to get along very well with the housework.

"One night my husband was gone from home over night on business, and, my daughter being overburdened with work, I concluded to milk the cows, which I did much against her wishes. My limbs were so badly affected that I could hardly get to the barnyard, and my hands and fingers were in such a condition that it was with great difficulty that I used them.

"I was worse than ever after this, and I was confined to my bed for more than ten weeks.

"It seemed that every muscle in my body pained me, and my condition was a critical one. The physican failed to benefit me, and I became discouraged. "I was prevailed upon to try Dr. Williams' Pink Pills for Pale People,

which I did with wonderful results. They began helping me at once, and when I had taken five boxes I was

cured. "My appetite is again good, lost flesh has been restored. I spent the sum-mer in the best of health, and can now do as much work as ever. I have recommended Dr. Williams' Pink Pills for Pale People to a number of my neighbors, who are also using them with satisfactory results."
