TORPEDOES MUST GO.

They Will Not Hereafter Be Carried by United States Cruisers.

Washington, June 21.—The navy department has concluded that torpedoes do not properly belong on cruisers, and should not be carried by those vessels. This decision was reached with regard to a number of Taxes collected in Baker county for the year 1900 have been turned over to the treasurer. They amount to nearly \$50,000, and the entire amount was collected in about 60 days.

PORTLAND WILL CELEBRATE.

President Did Not Coms But "The Fourth"

Cruisers which were recently designed, as well as others which are unde course of construction, and change in the original plans will be made accordingly. It is held that the experience of several cruisers during the spanish war clearly demonstrated the inadvisability of carrying these instruments of warfare on such large as well as others which are under course of construction, and change in the original plans will be made accordingly. It is held that the experience of several cruisers during the original plans will be made accordingly. It is held that the experience of several cruisers during the original plans will be made accordingly. It is held that the experience of several cruisers during the original plans will be made accordingly. It is held that the experience of several cruisers during the original plans will be made accordingly. It is held that the experience of several cruisers during the original plans will be made accordingly. It is held that the experience of several cruisers during the original plans will be made accordingly. It is held that the experience of several cruisers during the original plans will be made accordingly. cruisers which were recently designed,

the celebration of the Fourth of tubes will be omitted, except on those of the Maine class. The determinais engaged in arranging for the cele- tion to do away with torpedoes on the cruisers will, of course, leave more room aboard ship, which can be put to some other use. It will also leave free a certain number of officers and men assigned to torpedo duty, who can be used to better advantage in

some other way.

Perhaps one of the most material advantages gained, however, is this extra space. Time and again con-tractors who have undertaken to build cruisers have complained of the lack of space for the engnies which must be erected in the ships. It is believed that if the space vacated by the tor-pedoes can be turned over to the engine rooms, this source of annoy-ance will be obviated. That, at least, is the opinion of several large contractors who are now building cruisers for the navy.

OKLAHOMA LAND OPENING.

One Hundred Thousand Prospective Settlers

Are Waiting to Get In. Washington, June 21.—Ex-Gover-nor Richards, assistant commissioner of the general land office, today con-ferred with Secretary Hitchcock, Assistant Secretary Ryan and Assistant Attorney General Vandevanter, regarding conditions at Kiowa, Comanche and Apache and the Wichita reservations, in Oklahoma. Mr. Richards has just returned from that country, where he superintended the marking of a county seat and town-ship lines. Mr. Richards reports that there is no evidence of minerals in that county. The water supply, he says, is good. He says everything will be ready for the opening August 6. Governor Jennings, of Oklahoma, who also is here, estimated today that 100,000 people will seek the lands, although there can be only 13,500. entries.

Treaties With Southern Republics.

Washington, June 20 .- The time allowed by the protocols for the ex-change of ratifications of the reciprocity treaty with Nicaragua expires on the 20th by limitation. Indica-tions are that this treaty will not be extended by a supplementary article. The reciprocity treaty with Ecuador is now before the congress of that country.

Order for Smokeless Powder.

Washington, June 21 .- The ordinance bureau of the war department is to contract soon for 373,000 pounds of smokeless powder for the seacoast guns. Especial attention will be given to the selection of this powder, owing to trouble that has occurred recently at San Francisco with smokeless powder of the navky.
