

DOINGS OF THE RACE

General Information Concerning the Afro-American.

TAKEN FROM OUR VARIOUS EXCHANGES

Showing the Progress of the Various Lines of Human Endeavor Being Accomplished by the Race.

The colored people of Cincinnati are building a bank. Chicago will have one the first of the year.

The Negroes who have instituted a boycott against the street cars in Jacksonville, Fla., on account of the recent ordinance separating the races on the cars held a mass meeting and agreed to organize a stock company of 20,000 shares at \$1 a share to operate a stage coach service throughout the city exclusively for Negroes.

William H. Lewis, of Cambridge, Mass., the Negro who was elected to the legislature of Massachusetts last week, is a graduate of Amherst College and of the law school of Harvard University. He was born at Berkeley, Va., in 1868, and was fitted for college at Petersburg. At Amherst Lewis was prominent as a scholar and an athlete. In Harvard he was regarded as the best footballer the university had ever played on the gridiron. In 1895 he was admitted to the bar and he soon built up a paying practice. He served two terms in the Cambridge common council, and twice refused the nomination for the legislature. He was at last induced to run, and won by a big majority.

No color line will be tolerated at Harvard. Because a barber refused to shave the son of the late ex-Senator Bruce, he was fined \$20. The judge gave the prejudiced barber a good lecture besides.

Booker T. Washington does not need the commissioner generalship of Negro exhibits at the coming great exposition of the Louisiana Purchase, to add anything to his greatness, but the Negro exhibit needs Booker T. Washington's generalship to make it a success.

The more intelligent colored men in Alabama are not as much disturbed over the franchise clause of the new constitution as the mossbacks think they ought to be. It appears that there are now about 30,000 colored voters in Alabama with qualifications to meet the educational clause of the constitution, and it is believed that in three years the great majority of colored men will be able to meet the limitations as to education and property.

Paul Lawrence Dunbar, the Negro poet, whose work is receiving distinguished recognition, is threatened with pulmonary trouble, and has in contemplation a Southern trip for the benefit of his health. This is Mr. Dunbar's second breakdown. He spent several months in Florida last winter with the same object in view.

Dr. D. W. Culp, the noted author and physician and surgeon of the state of Florida, has removed to Atlanta, Ga. He has opened up very fine quarters at 204 Auburn avenue. The doctor has written quite a number of periodicals of note. He has a wife in the press a very valuable work.

There is something in the character of Parker, who came to the rescue of President McKinley at Buffalo, which commends itself and him to all good thinking Americans. Recently, when the proceeds of a benefit from Syracuse was tendered him, as remuneration, he refused to accept it, saying that he had done his duty. The manager insisted upon his receiving it in some way, whereupon the amount, \$200, was sent to his aged mother.

DO YOU LIKE DIAMONDS?

The Tontine Savings Association, with home offices in New York Life Building, at Minneapolis, Minnesota, has established offices in the Oregonian building, room 211, with J. F. Olsen as state agent. This association presents a special co-operative plan in the form of contracts for the sale of diamonds. These precious stones are sold on instalments. The plan is simple; the terms are reasonable; the results are always satisfactory. The Tontine Savings Association has been in the mutual investment business since 1894. Its success has been phenomenal. Its patrons are always pleased. They suffer no chance for loss. See Agent Olsen and investigate the plan.

THE BEST RESIDENCE PART OF PORTLAND.

This is most desirable "inside" residence property, in the best neighborhood. It is not suburban property in any sense. Hawthorne Park is bounded by Belmont, East Sixteenth, East Twelfth streets and Hawthorne avenue. It is within 15 minutes' walk of Third and Morrison streets, the business center, and within five minutes' walk of the East Side bus business district.

CONVENIENCES—Water, gas, sewers, electric lights, best street car service, accessibility to park, leading churches and finely graded city schools. Within residence district, covering 20 blocks, where Hawthorne estate offers these lots for sale, streets will be fully improved, stone sidewalks laid, and houses will be all new and modern. No house in this district can cost less than \$1,500.

A MOST GENEROUS OFFER—Purchasers may have their homes built on the installment plan, of small monthly payments. Buyers of this property make their own building contracts, pay the cost of construction themselves from moneys advanced by the Hawthorne estate at low interest. Property owners are charged only actual cost of construction, and they build their homes just as they want them to be.

TERMS OF PURCHASE—The money paid by the average householder in rentals will buy an elegant home in Hawthorne park. The monthly installments of payments on this home will not exceed actual money paid out for rentals. All property in Portland will advance in price within the next year. Prices on inside property, such as that in Hawthorne park, will take a jump in the near future that will surprise old Portland residents. The present offer is limited to the construction of a small number of houses in addition to those already built and occupied by representative families of this city.

NEIGHBORHOOD—Neighborhood means values in residence property. In this part of Portland are the homes of some of the best known and most highly respected people of the state. The property is all high, slightly, and entirely free from contamination of any nature. It is one of the most healthy locations in Oregon.

PROCRASTINATE! NEVER! The time to make inquiry about this most desirable property is now. If you do not intend to buy, at least make inquiry, and you will learn something about legitimate and honest efforts to push Portland's interests. Intending purchasers should call on or write to R. L. Cate, 701 Chamber of Commerce, Portland, Or., Phone, Main, 180; Columbia phone, 180.

INVEST IN OIL STOCK.

Now is the time to buy shares of the Archuleta Oil Company, because very shortly it will be fully demonstrated whether their stock is worth nothing per share, or worth \$5.00 and more per share.

The drill is purchased and will soon penetrate the oil deposits, and then the stock will either be withdrawn from the market or else go away up in value. The stock is 10 cents per share now.

Address either personally or by letter, J. H. Hawley, stock broker, No. 2 Chamber of Commerce building, Portland, Oregon.

The Lucy Thurman W. C. T. U. mass meeting held at the A. M. E. Zion church last Sunday evening was a success. The solo by Mrs. D. M. Newman and the one sung by Mr. J. W. Payne, also the solo by Miss Hattie Wright, were deserving of especial mention, and the entire audience was delighted. After the sermon by Rev. Wright, Mrs. M. E. Fullilove, state superintendent among the colored subordinate organizations and state evangelist of the A. M. E. church, made a strong appeal for membership.

For some time past there has been an air of mystery hanging over the Hotel Portland and the employees of the same have been under a cloud of suspicion caused by the robbery of one of the guests of a large lot of diamond jewelry. The detectives have cleared the mystery up and have arrested several persons accused of complicity in the same. The principal in the episode, according to latest accounts, is one Kelly Wiley, who came here

about six months ago. There is also mixed up in the case a boot black named Brooks Grant, also a woman named Mrs. Lulu Johnson and a man named W. H. Woods. The two last named were arrested in Omaha with \$3,000 worth of jewelry in their possession. The colored people of this city were in the most part surprised when it turned out that the deed had been done by a colored man, as, whilst the suspicions of the detectives were from the first that one of the employes of the hotel was the culprit, the belief of the colored people of this city was too strong in the innocence of the men engaged in the hotel and if the accounts are true the parties implicated, although colored, were not employes of the establishment. There are some in our midst who are inclined to think that a disgraceful act on the part of one colored man should reflect to the discredit of the whole race, not stopping to think that the percentage of criminals amongst the whites, even with their superior advantages, is far greater than amongst their Afro-American brothers.

AT CORDRAY'S.

"Jedediah Prouty, the genial proprietor of Prouty Tavern, Bucksport, Me., is in the city on a visit to friends. Mr. Prouty says that Bucksport is in the midst of a genuine boom. Eli Wilkins has painted his barn and Tom Wilson built a new shed last month. Come again, Uncle Jed."

Richard Golden, accompanied by the best supporting company he has ever brought to the coast, will open a week's engagement at Cordray's theater Sunday night. Mr. Golden is still playing "Old Jed Prouty," and although due announcement has been made that he will produce a new play next season, it is scarcely likely that the New England piece will be retired permanently, for the people like "Old Jed Prouty," and Mr. Golden's name has come to be associated with its leading role, just as the name of Denman Thompson always suggests Uncle Josh Whitecomb in "The Old Homestead."

There is no use to make any attempt at review of the old play. The fact that the people of Portland will appreciate a performance of the high character this one enjoys, is well evidenced by the crowded houses every evening throughout his entire tour of the country.
