PHILIPPINE CONSTABULARY.

Captain Allen, Chief, Asks that the Forces at His Command Be Doubled.
Washington, Feb. 20.—The war department has made public a report of Captain Henry T. Allen, sixth cavalry, dated Manila, December 15, concerning the Philippine constabulary, of which he is chief. Captain Allen says the constabulary consisted of 2,500 men, and was able to control, without the aid of troops, the provinces of Abra, Bontoc, Union, Lepanto, Banguet, Nueva Vizcaya, Bataan, Principe and Infanta.
Up to the date of the report there had been only two men lost from the force by desertion—a showing attributed to the care in the selection of the men. Captain Allen says that experience has shown that the cost of a single constable for one year does not exceed \$250 gold, while the cost of maintaining an American soldier ordinarily is reckoned at about \$1,000. Captain Allen states that in chasing down the robber bands the constabulary is unquestionably more efficient than the American troops, and while one large garrison in many of the provinces may be always necessary, it is his opinion, after a thorough study of conditions, that in one year's time 15,000 American soldiers, with the native contingent of troops and constabulary, will suffice to garrison the Philippine archipelago.
Captain Allen says that the general conditions of the islands as regards pacification have never been so favorable as now, when the "crumbling from the top" is duly manifested. In his opinion the campaign in progress in Batangas and Laguna will be the coup de grace of the insurrection. The better class of people, he says, are extremely tired of the struggle, and ardently desire peace. The recently enacted sedition law, he says, has had a potent value in bringing evil doers to a realization of their allegiance to law and order. In a recapitulation of the work of the constabulary for a little over four months, it is shown that in 15 engagements 20 outlaws have been killed, 20 wounded and 374 captured.

BIG SANITARIUM BURNED.

One Life Lost and Several Persons Injured—Property Loss \$500,000.
Battle Creek, Mich., Feb. 20.—Early today the large Adventist sanitarium and hospital buildings, located here, were destroyed by fire, causing a loss of about \$500,000, with only \$60,000 insurance, besides great personal loss to 300 patients who were in the main building, and who had only time to escape in their night clothes. One life is supposed to have been lost.
There were at least 300 persons in the main building when the fire broke out in the basement. This building was five stories high, and as soon as the fire was discovered the night attendants on each floor gave the alarm in the corridors, and the patients made their escape down the fire escapes aided by the nurses. They did not have time to save their personal effects. Two of the inmates were slightly injured.
The firemen were handicapped by insufficient water pressure, and in two hours the buildings were in ruins. Two firemen were seriously injured and one slightly.

Brazil, Ind., Feb. 20.—Miners have been forced to leave the Tennant Coal Company's mine at Turner, two miles west of here, on account of the intense heat caused by the burning coal more than 100 feet underneath the ground. It is believed that the mine will have to be flooded and abandoned.

CLASHES ARE NUMEROUS.

Barcelona is in Control of Troops—Strikers Determined and Aggressive.
Barcelona, Feb. 20.—The city of Barcelona is in control of the troops, but isolated bands of strikers are still doing considerable damage. Rioters today attacked a prison van and attempted to release a number of strikers who had been made prisoners. A striker fired on the guard, who, in turn, shot and killed the man who fired on him. A large lumber yard has been burned by incendiaries, and several stores have been pillaged. The captain general of Barcelona has summoned a meeting of the proprietors of the metal works, at which he will recommend granting the strikers' demand for nine hours' work per day.
Rioting was renewed here this evening and crowds of strikers paraded the streets, doing extensive damage. The troops charged them repeatedly but only succeeded in dispersing them on opening fire. The strikers then assembled in large numbers in the outskirts of the city. It is feared they meditate an attack upon the factories. Troops have proceeded to the factories to be in readiness for an emergency.
A serious collision between the troops and the strikers occurred today at San Martin, a village in the suburbs. Here the troops fired on the mob, killing three and wounding six. At Badelena, the mob attacked the gendarmes and the cavalry who were protecting the street car service and a serious melee ensued, in which one person was killed and three wounded. At Sabadell, also in the suburbs, the strikers burned the electric offices and a convent. Troops have been sent to Sabadell and to other places to suppress the disorders.
The new prefect presided today at a conference of delegates from the strikers and their employers, at which it was agreed that work should be resumed pending the adjustment of the claims of the strikers by a mixed commission.

WILL GET PENSIONS.

Senate Unanimously Passes the Bill for Relief of Indian War Veterans.
Washington, Feb. 19.—Several days ago Senator Mitchell undertook to secure the passage of his bill for pensioning the Indian war veterans, but Aldrich, of Rhode Island, objected. Today there was a lull in the senate business, and Mitchell saw his chance, but as Aldrich had gone away, senatorial courtesy would not allow the bill to come up. Mitchell, however, caught the Rhode Island senator on the telephone, got his permission to have the objection withdrawn, and the bill was passed without opposition. Heretofore Speaker Henderson has stood in the way of the passage of this bill in the house, but Senator Mitchell has confidence that the house will give it consideration this session. The speaker and the members of the committee on rules are close personal friends of Mitchell, and he hopes that time will be given for the consideration of the bill. The Oregon members are working industriously to secure a majority in the house for the consideration of the measure.

GREAT MINE ON FIRE

One Hundred Men Temporarily Imprisoned—Saved by Most Desperate Efforts.
Seattle, Feb. 20.—The great Treadwell mines, on Douglas island, were assailed by fire on Tuesday, February 11, and a terrible holocaust was prevented by the almost superhuman attempts of everybody who could reach the scene to stay the progress of the flames. The steamer Dirigo, reaching port this morning, brought particulars of the fire. The Alaska-Mexican compressor building was entirely destroyed. Thirty-eight thousand dollars on the stamps, mill plates and a 120 stamp mill, with the engine room were saved. It took the concentrated efforts of eight two inch streams of water to master the flames and for hours the agonized people worked under fearful suspense; for more than 100 miners were in the lower workings and in imminent danger of meeting a horrible death. They were all rescued safely, coming out through the old workings. The origin of the fire was not known at last reports.

Victoria, B. C., Feb. 19.—The British ship Bankburn will sail today. She is the last of the 11 salmon ships which have taken 679,247 cases of salmon, valued at \$2,716,888 to Liverpool and London. With the shipments made by the steamers, more than \$3,000,000 worth of salmon has been shipped from British Columbia this year.
