IRISH CRIMES ACT.

Redmond Appeals for a Change of Policy in the Emerald Isle.

London, April 19.—In the house of commons John Redmond, the Irish Nationalist leader, speaking of the crimes act proclamation issued by the lord lieutenant of Ireland, Earl Cadogan, declared that an infamous conspiracy was on foot in England to foment crime in Ireland where none existed. The stories of outrage and violence in Ireland were infamous calumnies. The Nationalists in Ireland were only governed by a contemptible minority. A hundred men, continued Mr. Redmond, stood ready to replace every man sent to prison in this struggle. The Irish entreated Mr. Wyndham, the chief secretary for Ireland, to change his

DEFEAT EXCLUSION

SENATORS KILLED THE MITCHELL-KAHN MEASURE.

The Platt Substitute is Adopted in its Place by a Majority of Fifteen—It Continues the Present Law and Applies the Exclusion Regulations to All Insular Territory of the United States.

Washington, April 17.—The drastic Chinese exclusion bill, originally framed by the senators and representatives from the Pacific coast states, met defeat in the senate yesterday, and its place was substituted a measure offered by Platt of Connecticut, extending the provisions of the present exclusion law, and also applying that exclusion to all insular territory under the jurisdiction of the United States. The vote by which the substitute took the place of the original was ayes 48 to noes 33.

Once the substitution had been made all the senators joined in its support, with the single exception of Hoar, the substitute being passed, 76 to 1.

Some minor conditions were made admitting Chinese persons connected with national exhibitions and providing for certificates of identification of Chinese in our insular possessions. Otherwise, however, the substitute was adopted substantially in the form that Platt presented it.

The senate failed to substitute the enacting clause of the house bill for the senate measure, so that the bill will now go to the house as an original measure, and, from a parliamentary standpoint, will have to be acted on and treated the same as though the house had not passed a Chinese bill already.

The special Platt amendment is a substitute for the entire bill. The amendment reads:
"Section 1. That all laws now in force prohibiting and regulating the coming of Chinese persons and persons of Chinese descent into the United States, and the residence of such persons therein be and the same are hereby extended and continued, including the act entitled 'An act to prevent the coming of Chinese laborers to the United States,' approved September 13, 1888, so far as the same is not inconsistent with treaty obligations now existing in full force and effect until the 7th day of December, 1904, and so long as the treaty between China and the United States, concluded on March 17, 1894, and proclaimed by the president on the 8th of December, 1894, shall continue in force, and said laws shall apply to all territory under the juris-

WORK SOON TO BEGIN.

Railroad to Be Built From Valdes to Eagle City, Alaska.

Seattle, April 17.—According to the plans of the Land, Credit & Mortgage Company, of London, work on a railroad from Valdes to Eagle City will begin shortly and will be rushed to completion without delay. The company is an English and American concern, and is capitalized at 3,000,000 pounds. The distance to be covered by the railway is 400 miles. It will provide an all-American route to the Klondike. It is the intention of the company to begin operations at several points along the route in order to facilitate and hasten construction.

The promoters of the enterprise believe that it promises to be one of the most profitable that can be undertaken in the world today by capital such as they control. The route leads through the Copper river country, the Tanana district and many other promising mining localities. The harbor at Valdes is one of the few really good ones in Alaska. The northern terminus, Eagle City, is almost in the heart of the great Klondike country. The company will also enter into mining on a scale seldom attempted—particularly copper mining.

MALVAR GIVES UP.

Surrenders Unconditionally to General Bell in Batangas Province.

Manila, April 18.—General Malvar has unconditionally surrendered to Brigadier General Bell at Lipa, Batangas province, with the entire insurgent force of the Provinces of Laguna and Batangas. General Bell says his (Bell's) influence is sufficient to quell the insurrectionary movements in Tayabas and Cavite provinces and capture all those in the field who have not yet surrendered, but Malvar has ordered the complete surrender of every insurgent to the nearest American force. General Malvar personally requested an interview with General Bell in order to make his complete submission.

About 3,300 rifles have been received by the American officers in Batangas and Laguna provinces during the past four months.

The lack of news from the Island of Samar is due to a defective cable. It is believed, however, that the American commander there has received the surrender of all the insurgents in Samar, unless the planned proceedings were altered.

BEST MOVE FOR EXCLUSION.

House Accepts the New Senate Proposition to Make Sure of Legislation.

Washington, April 19.—In deciding to accept the senate Chinese exclusion bill, the Pacific coast men in the house have yielded to the inevitable. To put the bill in conference, and attempt a new measure would revive discussion in the senate, and that would be fatal to passing any bill before the expiration of the Geary law. While it is possible some better bill could be framed, the Pacific coast men generally, and even those who favor the committee bill in the senate, have agreed that it is best to accept the senate bill, in order to have an exclusion law and avoid any complications which might ensue.

HITCH IN NEGOTIATIONS.

Boers' Request for An Armistice Refused by British Government.

London, April 17.—The Daily Mail says it understands a serious hitch has occurred in the peace negotiations in South Africa. The cabinet has decided to refuse a strongly worded request from the Boer leaders at Pretoria for an armistice pending the negotiations. This alone is not likely to cause the Boers to withdraw from the conference, says the Daily Mail, but what threatens to stop the negotiations is the fact that the government declines to place the Cape rebels on the same footing as the burghers with respect to amnesty and is not inclined to withdraw the banishment proclamation. These features are regarded by the Boers as two cardinal principles.

The Spion Kop Disaster.

London, April 19.—All the official dispatches referring to the defeat sustained by the British troops under General Buller at Spion Kop, Natal, January 24, 1900, were made public today. Those hitherto unpublished merely emphasize how hopelessly muddled were the preparations for that engagement. The controversy between General Buller and General Sir Charles Warren is proved to have been even more bitter than previously hinted at, while a news extract from one of Lord Roberts' dispatches brings additional censure on General Buller.
