HEAD THE RIOT ACT.

Militia Patrols Streets of Pawtucket, R. I.—Due to Street Railway Strike.

Pawtucket, R. I. June 14.—Bayonet in the hands of soldiers ordered out by the governor of the state to suppress riotous disturbances glistened in the streets of Pawtucket today. The astonishing increase in the number of lawless acts directed against the United Traction Company, whose union men have been on strike since June 2, and the inability of the limited police force and deputy sheriffs to suppress rioting, induced Governor Kimball to call out the militia. Numerous scenes of disorder occurred during the day, and more than a score of people were injured, one fatally. In the presence of about 14,000 persons and the militia, this evening, Adjutant General Sackett read the riot act. The city was taken possession of by the militia. A provisional regiment was formed. The regiment responded to an emergency call promulgated by Governor Kimball, and Brigadier General Herbert S. Tanner assumed command. In the afternoon orders were issued calling out the third division of the naval reserve and the machine gun battery.

The most serious disturbance today was on the city line. A car was started from the Pawtucket avenue car house, on which were a score of deputy sheriffs. At Pawtucket and East avenues, a big crowd was in waiting, and it was prepared to give the deputies a warm reception. Major Maynard had the first battalion of cavalry as a guard to the car, the troops being divided by platoons in the front and rear. The deputy sheriffs were ordered to keep their revolvers in their pockets by Major Maynard, who said if there was to be any shooting the militia would do it.

Chief of Police Rice was present and advised the people to disperse, and a number of the striking conductors and motormen practically endangered their own lives by endeavoring to prevail on the people to leave. Before the people turned their attention to the car they cheered the troops. Immediately after, however, a heavy rain of stones, bricks and every conceivable form of missile fell upon the electric car. The troopers were hemmed in by the mob, and with great difficulty succeeded in working their way out, the motorman of the car facing the mob and getting his car through.

When the turmoil was at its height fully a dozen shots were fired from the car through drawn curtains. One bullet struck a boy in the neck, fatally injuring him. This sobered the crowd, which became more temperate. There were no further serious disturbances during the afternoon and everything is quiet tonight.

GIVE POSSE THE SLIP.

Convicts Break Through Strong Cordons and Escape into Clackamas County.

Needy, Clackamas county, June 13.—Tracy and Merrill broke through the cordon that had them surrounded near Gervais Wednesday night and with something like 250 militiamen, deputy sheriffs, constables, city marshals and private detectives in their wake, the outlaws yesterday proceeded on their way over-hill and dale in the direction of Portland. They were last seen near this village, where they took dinner and five pounds of bacon at the residence of a farmer. Sheriff Durbin, who alone of all the motley throng has been pursuing the fleeing convicts, has kept within reasonable shooting distance of them, threw out a line of deputies and soldiers last evening around what was supposed to be their position. Then he and his trusty bloodhounds went to Aurora to rest, for three days of marching vigil have proved wearing on both men and dogs. Sheriff Cooke, of Clackamas county, has now assumed command, having hurried to Molalla Corners at the behest of his brother officer from Marion. He is backed by the Oregon City militia company, which left at 8:30 last night, and as he has the advantage of being ahead of the fugitives, instead of behind them, he ought to be able to bring them to bay; that is, if he ever sees them.

Companies F, of Salem, and D, of Woodburn, have been recalled to their homes and disbanded.

Wheeling, W. Va., June 14.—The plants of the Exley-Watson Catsup & Preserve Company, the Wheeling Mattress Company and the Acme Box Company were destroyed by fire today. Loss, \$150,000. About 600 persons are thrown out of employment.

ROB PURSUERS.

Escaped Convicts Hold Up Two Men of Posse and Take Horse and Buggy.

Gervais, June 11.—Harry Tracy and David Merrill, who escaped from the Oregon penitentiary Monday, came into Gervais at 9:30 last evening and secured a meal at the home of Alonzo Briggs, who was made to do their pleasure at the point of a gun. They next appeared in an alley back of the drug store and postoffice on the main street. They climbed a fence and passed through a back yard and then by two hotels. Near this place they met and held up a buggy containing two members of the posse searching for them. Both men were made to give up their guns and one his coat. They were then ordered from the buggy, which the fugitives took and started out of town. Ten minutes later the horse returned with the empty buggy. Several citizens saw the convicts in town, but none attempted to capture them. Sheriff Durbin soon came up with two bloodhounds from the Walla Walla penitentiary, in charge of guard Carson, and again set out in pursuit.

Convicts Return to Salem.

Salem, June 11.—Tracy and Merrill, the fugitive convict murderers, came into Salem Monday night, held up a man, divested him of his clothing, stole a team of horses and made their escape. All this happened about 10 o'clock, but the officers were not informed until 4 o'clock in the morning, the victim of the highwaymen having fears of his life if he talked sooner. The convicts then passed through the residence district of the city into Cartwright's addition, where they stole a team of horses from a barn within a block of East Salem school and then left the city, going north. They were seen to pass through Brooks at 12:30 yesterday morning.

FIRE IN A HOSPITAL.

Ten Persons Killed and Thirty Injured in a Chicago Blaze.

Chicago, June 11.—Nine men and one woman were killed and about 30 persons injured in a fire which yesterday afternoon destroyed the sanitarium connected with St. Luke's Society, at Wabash avenue and Twenty-first street. The greater portion of the patients received in the institution were those seeking cure from the drink habit and those who were addicted to the use of drugs.

When the fire broke out there was on the fifth floor a number of patients suffering from delirium tremens and some who were deranged by drugs. Some of these were strapped to their beds and it was impossible to save them, so rapidly did the fire spread through the building.

The fire originated in the basement of the building and spread rapidly to the upper stories through the elevator shaft. Before the occupants of the building could be warned, the flames had been carried to the roof, had eaten through it and were leaping high in the air. As the fire ran through the building patients sprang from their beds and before they could be prevented several had jumped from the windows to the pavement. The fire department was on the scene in a few minutes and as the windows were filled with people shrieking for help, the firemen devoted their first efforts to save lives and allowed the fire to burn. While this was the means of saving a large number of people, who were carried down ladders by the firemen, it gave the fire such headway that there was almost no chance for those on the upper floors of the building to make their escape, and those who were not suffocated were killed or badly injured by leaping from the windows.

MINES FILL WITH WATER.

Companies Cannot Keep Men to Operate the Pumps.

Hazleton, Pa., June 12.—Superintendent Kudlick, of Coxie Brothers, was attacked by women on the streets of Freeland today, but was not injured.

About 800 strikers gathered today at Ebervale, and about 1000 at Jeddio, to intercept traction cars carrying non-union men to North Side collieries. Sheriff Jacobs was notified last night of the strikers' intention, and accompanied by eight special officers, went to Freeland to prevent any demonstration. District Secretary Gallagher preceded Sheriff Jacobs and persuaded the men to return to their homes.

Unable to secure firemen and pump runners, J. S. Wentz & Co. will permit the Hazlebrook colliery to be flooded. Coxie's Stockton colliery is reported by the mine workers as filling with water, owing to the depleted force of firemen and pumpmen.

Paying Honolulu Fire Claims.

Washington, June 12.—The Senate committee on Pacific Islands and Porto Rico has authorized a favorable report on the bill allowing pay for the destruction of property in Hawaii on the order of President McKinley on account of the prevalence of the plague in 1899 and 1900. The committee decided to recommend that an amendment shall be made to the general deficiency appropriation bill providing for the payment by this government of \$1,000,000 and authorizing the Territory of Hawaii to issue bonds for the payment of the remainder of the claims.
